Manafort money laundering charge in Russia probe may face challenges

Paul Manafort, former Trump 2016 campaign chair, departs after a status conference at the U.S. District Court in Washington.

(Reuters) - When the lawyer for the former campaign manager of President Donald Trump attacked the money laundering charge brought against his client as flimsy, some legal experts say he may have pinpointed a potential weakness in the indictment by U.S. special counsel Robert Mueller.

Paul Manafort and his associate Rick Gates both pleaded not guilty on

Monday to charges that they failed to disclose they were lobbying for pro-Russia former Ukrainian President Viktor Yanukovich between 2006 and 2015 and laundered tens of millions of dollars by funneling the money through dozens of companies, partnerships and bank accounts.

In a court filing on Thursday, Manafort defense lawyer Kevin

Downing said the money laundering count, the most serious facing his client with a 20-year maximum sentence, was based on a "tenuous legal theory" tying it to his failure to register as a foreign agent of the former Ukrainian leader.

Downing did not respond to a request for comment. Mueller spokesman Peter Carr declined to comment.

Hundreds of thousands flock to downtown Houston to celebrate Astros' first-ever World Series

Everyone loves a parade -- especially Houston fans after the Astros won their first World Series in franchise history. Fans started showing up before dawn Friday to find a spot along the parade route to celebrate the Astros' win over the Los Angeles Dodgers in seven games. The day turned into a local holiday with the Houston ISD even canceling classes so that students and their families could attend. Officials said they believed 750,000 to 1 million people turned out. Fans watched the parade along streets and from high-rise buildings and parking garages. The roar was deafening as the Astros passed by on fire engines. Astros legends joined in the celebration. The party ended with a public rally outside City Hall, where fans got one more chance to cheer on their triumphant team. It was a day to remember.

Locate in China town area, our ready-to-work Executive Office Suites give you the privacy to focus, get work done, and meet with your clients in a professional space. Study predicts how well Astros and other MLB teams will perform next year

Astros fans may still be celebrating their World Series win, but statisticians are already looking ahead. Data and polling site FiveThirtyEight recently put together a ranking predicting which MLB teams will have the brightest future over the next five seasons. The good news? The new golden age of the Astros looks like it will carry on. Houston is predicted to win 88 games per season, according to metrics that have been shown to be significant predictors, like Elo rating, batting and pitching wins above replacement and the average ages of batters and

pitchers. LA ACTOR: Rob Lowe after Astros' win: 'This isn't what baseball should be' The bad news? The Los Angeles Dodgers -- at least when it comes to the data -- have a numerical edge over the Astros. Of course, numbers aren't everything. Days before the Dodgers and Astros faced off, FiveThirtyEight predicted that the Los Angeles Dodgers would take home the trophy by roughly a 3-1 margin over Houston.

Significant diplomatic efforts by the United States, South Korea and China, intended to curb and calm fears over North Korea's threats of war and nuclear weapons strikes, have both quietly and publicly built up ahead of President Donald Trump's 12-day trip to Asia beginning Friday.

The U.S. recently opened talks with Pyongyang through its United Nations mission despite Trump repeatedly stating that diplomatic talks were pointless, Reuters reported Wednesday, citing a State Department official. Trump has also routinely called for China to increase its involvement in the tense matter and to reel in North Korean leader Kim Jong Un. The Reuters report was the first indication that the U.S. was still pursuing a diplomatic solution to the North's frequent and increasing nuclear and missile defense tests on top of threats to the U.S. mainland and territories like Guam. A top U.S. ambassador and negotiator, Joseph Yun, was reportedly in "contact" with the mission. "It has not been limited at all, both (in) frequency and substance," a senior State Department official told Reuters.

North Korea's War Threats Bring China, South Korea And The U.S. Together To Avoid Nuclear Warfare

develop nuclear (weapons) or own them," Moon said before the South's parliament. He added: "Our government was launched in the most serious of times in terms of security. The government is making efforts to stably manage the situation it faces as well as to bring about peace on the Korean peninsula."

THAAD Missile Defense System

Trump was scheduled to visit South Korea, China, Vietnam, Japan and the Philippines during his trip, but it was announced earlier this week he would not go to the demilitarized zone that divides the North and South.

Secretary of State Rex Tillerson last month stated talks with North Korea were ongoing, though Trump was perceived to undercut his top diplomat by suggesting ominously that Pyongyang only "under-

stood one thing."

U.S. MILITARY HAS 'NOT BEEN DISCUSSING' NUKING NORTH KOREA, MATTIS SAYS

Despite the sizzling rhetoric between President Donald Trump and North Korean dictator Kim Jong Un, the U.S. has not had serious conversations about preemptively striking North Korea with nuclear weapons.

Defense Secretary James Mattis, testifying on Monday evening before the Senate Foreign Relations Committee, was asked repeatedly about a preemptive strike against North Korea, and specifically about the use of nuclear weapons.

"I will just tell you that we have not been discussing this sort of thing in any kind of an actionable way," Mattis said.

A separate senior Pentagon official confirmed to Newsweek that there has been "no meaningful conversation on the matter," adding that efforts and plans thus far remain "diplomatic."

Trump has threatened on various occasions that North Korea would face "fire and fury like the world has never seen" if the country's leaders threaten the U.S., or that he might be forced to "totally destroy North Korea."

He has also refused to rule out a preemptive

strike, saying in August, "We'll see what happens."

Military experts have expressed serious doubts about the advisability of a nuclear strike, given that the South Korean city of Seoul and its 25 million regional residents live roughly 30 miles from the North Ko-

A U.S. nuclear-capable B-2 Spirit prepares for a long-range flight across the Pacific as part of a show of force by the U.S. against North Korean threats, on October 28. U.S. military planners have not had real discussion about a preemptive nuclear strike against North Korea.

rean border.

"You want the military to plan for all the worst case scenarios, but that is one scenario that no one is thinking about, because honestly, it would do damage to the United States standing worldwide to use nuclear weapons against North Korea,"

said Susan Squassoni, the director of Proliferation Prevention Program at the Center for Strategic and International Studies.

"What we get from the White House, not from Mattis, but from the White House is just outlandish rhetoric that ratchets up tension," she said. "You'd have to ask the question, What would such a strike accomplish? What would the targets be? And why would we choose to use nuclear weapons when we have such overwhelming conventional assets?"

Simulations, like one run by The Atlantic in 2005, show at least 100,000 civilian casualties in Seoul in the first couple of days after a preemptive strike.

CSIS | CENTER FOR STRATEGIC & INTERNATIONAL STUDIES

Mattis's words come as Congress debates whether to impose restrictions on Trump to ensure that preemptive war could only happen if Congress were consulted first. Democratic senators Cory Booker, Chris Murphy and Brian Schatz are working on drafting the legislation.

A number of countries, including China and India, have policies against using nuclear weapons preemptively, known as a No First Use. The U.S. has long insisted that it has the right to use nuclear weapons first.

During the hearing, Mattis and Secretary of State Rex Tillerson were discussing the broad power to wage war that was given to President George W. Bush shortly after the attacks of September 11, 2001. Those war powers are still used to legally justify U.S. fighting in Iraq and Syria, 16 years after they were first granted.

Several senators asked whether Trump currently has the authority to wage war with North Korea without further congressional action. Both Tillerson and Mattis agreed that Trump would only be authorized to attack North Korea if an "imminent" threat were apparent, although what "imminent" means is much debated by legal scholars.

The admission that the U.S. isn't advancing plans for a preemptive nuclear strike is unusual, as Mattis has been very careful to avoid any description of U.S. military planning in general.

"Don't tell the enemy in advance what you're not going to do," Mattis said Monday, a variant of a line he uses at almost all hearings. (Courtesy <http://www.newsweek.com>)

Meanwhile, China, the North's main ally and economic partner, and South Korea agreed to work together to wipe nuclear weapons off the Korean Peninsula. "The two sides attach great importance to the Korea-China relationship," a statement from the South's Foreign ministry read.

For China, such a measure was key as it pushed aside its criticism of Seoul for allowing the U.S. to install the Terminal High Altitude Area Defense, or THAAD missile defense system there in July. South Korea President Moon Jae-in also emphasized Wednesday that the entire peninsula should be denuclearized.

"According to the joint denuclearization declaration made by North and South Korea, we cannot tolerate or recognize North Korea as a nuclear state. We, too, will not

Scientists have identified coastal communities where poverty, poor infrastructure and exposure to the elements combine to create a unique level of vulnerability to natural disasters.

These varying levels of risk are showcased on a new map of the Caribbean and South America published this week in the journal PLOS ONE.

"We found that more than 500,000 people in Latin America and the Caribbean are living in areas where coastal hazards and poverty converge," lead researcher Juliana Calil said in a news release.

"These are communities where scarce critical resources are consistently placed in hazards-prone areas, further exacerbating the impacts of coastal hazards."

The 2017 hurricane season decimated many vulnerable communities in the Caribbean. To better protect populations from future natural disasters, policy makers must know where resources are needed most.

To identify the most vulnerable communities, researchers at the University of California, Santa Cruz and the University of Cantabria, in Spain, analyzed a variety of factors driving risk, including the number of people, the value of assets in a community and the amount of valuable resources and infrastructure lying in harm's way.

The most vulnerable communities are those with large populations, limited assets and a large number of exposed resources. The research showed the Sinaloa state in Mexico to be especially at risk.

Researchers don't want policy makers to see their maps as simply a guide for where to build bigger storm walls. Instead, they hope national, state and local leaders will see their findings as a call to make comprehensive and sustainable improvements.

"Risks reduction and coastal adaptation efforts should not focus exclusively on developing coastal defenses," Calil said.

Hurricane Harvey Followed World Trend Of Urban Flooding Scientists Map Coastal Communities Most Vulnerable To Natural Disasters

Map shows coastal communities in Latin America that are especially vulnerable to coastal hazards. (Photo by UCSC)

"They must also consider better policies related to urban development, zoning, agriculture and land conservation practices, as well as on improving socioeconomic conditions."

Urban Flooding On The Rise, As Countryside Dries Up

"People are increasingly migrating to cities, where flooding is getting worse," said researcher Conrad Wasko.

An aerial view of the devastation caused by high winds and heavy flooding in the greater New Orleans area following Hurricane Katrina in New Orleans, Louisiana, August 30, 2005. New research suggests climate change is encouraging increasing rates of urban flooding. (Photo UPI)

Aug. 14 (UPI) -- New analysis of flow rates and precipitation totals suggest flooding in urban areas is intensifying while rural areas dry up.

In an effort to identify links between rising global temperatures and river flow patterns, scientists at the University of New South Wales surveyed flow rate and rainfall data from 5,300 river monitoring sites and 43,000 rain gauges in 160 different countries.

Their findings -- published this week in the journal Scientific Reports -- suggest a warmer atmosphere is holding more water, yielding more intense rainstorms. However, their analysis also revealed an anomaly. The findings showed accelerating rates of intense precipitation are outpacing flooding rates.

Warmer temperatures are causing soil to evaporate more quickly. This makes rural environments, where soils are plentiful and drying, less prone to flooding. In and around cities, soil is scarcer. Urban settings are less able to absorb large amounts of precipitation, which explains the rise in urban flooding.

"It's a double whammy," lead study author Conrad Wasko, a postdoctoral fellow at UNSW's Water Research Center, said

in a news release. "People are increasingly migrating to cities, where flooding is getting worse. At the same time, we need adequate flows in rural areas to sustain the agriculture to supply these burgeoning urban populations."

The findings highlight major challenges presented by global warming. How communities and governments guard against the risks facing urban infrastructure and resources like food and water?

"Climate change keeps delivering us unpleasant surprises," said Mark Hoffman, dean of engineering at UNSW. "Nevertheless, as engineers, our role is to identify the problem and develop solutions. Knowing the problem is often half the battle, and this study has definitely identified a major one."

Unlike many climate science studies, the latest findings are based on real-world data and analysis, not the predictions of climate models. (Courtesy https://www.upi.com/Science_New)

Conclusion - Abstract - Overview

Comparative Coastal Risk Index (CCRI): A Multidisciplinary Risk Index For Latin America And The Caribbean

As the world's population grows to a projected 11.2 billion by 2100, the number of people living in low-lying areas exposed to coastal hazards is projected to increase. Critical infrastructure and valuable assets continue to be placed in vulnerable areas, and in recent years, millions of people have been displaced by natural hazards.

presence of critical resources in harm's way.

Risks related to natural hazards are determined by a complex interaction between physical hazards, the vulnerability of a society or social-ecological system and its exposure to such hazards. Moreover, these risks are amplified by challenging socioeconomic dynamics, including poorly planned urban development, income inequality, and poverty.

This study employs a combination of machine learning clustering techniques (Self Organizing Maps and K-Means) and a spatial index, to assess coastal risks in Latin America and the Caribbean (LAC) on a comparative scale. The proposed method meets multiple objectives, including the identification of hotspots and key drivers of coastal risk, and the ability to process large-volume multidimensional and multivariate datasets, effectively reducing sixteen variables related to coastal hazards, geographic exposure, and socioeconomic vulnerability, into a single index.

Our results demonstrate that in LAC, more than 500,000 people live in areas where coastal hazards, exposure (of people, assets and ecosystems) and poverty converge, creating the ideal conditions for a perfect storm. Hotspot locations of coastal risk, identified by the proposed Comparative Coastal Risk Index (CCRI), contain more than 300,000 people and include: El Oro, Ecuador; Sinaloa, Mexico; Usulután, El Salvador; and Chiapas, Mexico. Our results provide important insights into potential adaptation alternatives that could reduce the impacts of future hazards.

Effective adaptation options must not only focus on developing coastal defenses, but also on improving practices and policies related to urban development, agricultural land use, and conservation, as well as ameliorating socioeconomic conditions. (Courtesy http://journals.plos.org/)

China disputes Trump's claims of fentanyl 'flood' into United States

Philip Wen

BEIJING (Reuters) - China's drug control agency disputed on Friday U.S. President Donald Trump's claim that most of the synthetic drug fentanyl at the heart of the U.S. opioid crisis was produced in China. Declaring the crisis a public health emergency, U.S. President Donald Trump said last week he would discuss as a "top priority" stopping the "flood of cheap and deadly" fentanyl "manufactured in China" when he meets President Xi Jinping during his state visit to Beijing next week. Wei Xiaojun, the deputy secretary-general of China's National Narcotics Commission, said China did not "deny or reject" that some fentanyl produced in China had made its way to the United States.

But the "intelligence and information exchanged between China and the United

A box of the Fentanyl-based drug Subsystol, made by Insys Therapeutics Inc, is seen in an undated photograph provided by the U.S. Attorney's Office for the Southern District of Alabama

well as precursor chemicals, originate from China.

While Chinese officials dispute these claims, Beijing has taken steps to crack down on the production and export of synthetic drugs, and has placed fentanyl and 22 other related compounds on its list of controlled substances.

It had done so even though fentanyl was not widely abused in China, Wei said, primarily in the spirit of cooperating with the United States and the broader international community.

China and the United States have increased cooperation on drug control in recent years and are holding a bilateral meeting on the issue this week. The DEA opened its second country office in southern Guangzhou in January.

Lance Ho, who heads the DEA's Country Office in Beijing, said the cooperation between the two countries had generated good "momentum" and was focused on improving the real-time sharing of information.

"Once China controls a substance it has a dramatic effect on the United States in terms of lives saved," Ho said.

The U.S. Department of Justice indicted two major Chinese drug traffickers last month on charges of making illegal versions of fentanyl and selling the highly addictive drug to Americans over the internet and through international mail.

Wei said it was "regrettable" that the United States decided to announce the case "unilaterally" because it would affect China's ongoing investigations.

Deputy Attorney General Rod Rosenstein announces new legislation to stop deadly fentanyl and other opiate substances from entering the United States, during a news conference at the Justice Department in Washington, U.S., October 17, 2017. REUTERS/Yuri Gripas

States is not

enough to say that most of the fentanyl or other opioid substances originate from China", Wei said at a joint news briefing with the U.S. Drug Enforcement Administration (DEA) in Beijing.

Opioids include prescription painkillers, heroin and fentanyl, a highly addictive synthetic drug 50 to 100 times more potent than morphine.

The Centers for Disease Control estimated that 20,000 Americans were killed by fentanyl last year, surpassing common painkillers and heroin for the first time.

American law enforcement agencies and drug control experts say most of the fentanyl distributed in the United States, as

周潤發狄龍張國榮 英雄歸來再現經典 吳宇森《英雄本色》曝燃情預告 11.17 上映

由吳宇森執導，周潤發、狄龍、張國榮領銜主演的《英雄本色》修復版近日定檔11月17日內地首映。今日，影片首次曝光“燃情”版預告片及海報。作為壹部被廣大觀眾所熟知的作品，吳宇森導演賦予《英雄本色》獨壹無二的浪漫主義色彩，影片在1986年香港上映時，不僅獲獲當年香港年度票房冠軍，更重塑了“英雄片”模式，堪稱香港影史的經典之作。

預告片以香港夜景開場，伴隨著緊張的槍聲展開。狄龍白衣而來，周潤發經典獨白響起，“妳信不信有神？”，緊接著張國榮身著警服出現。三人畫面錯落，交疊出現，快速切換的鏡頭營造出緊張的氣氛，將周潤發、狄龍、張國榮各自的成長與糾葛極為戲劇性的表達出來。三人命運交錯，互相羈絆，不能分離。

在同時曝光的“燃情”版海報中，三人熟悉的身影直接給了觀眾壹劑記憶猛藥。周潤發點煙時的痞氣、狄龍江湖大哥的豪氣、張國榮敬禮時的孩子氣，都在此完美呈現。

吳導對演員也有著自己的偏執和堅持。據了解，三位主演在當時都處於各自的瓶頸。但吳宇森力排眾議，攜手眾人忘卻昨日失意，將全部熱忱投入，終成經典。“我等了三三年，就是想等壹個機會，我要爭壹口氣。”這是片中馬哥的小馬哥的臺詞，同時也是導演未說出口的心裏話。

當年，吳導的藝術風格不被認可，周潤發、狄龍的票房號召力不被看好，張國榮被扣以“奶油小生”的帽子難以擺脫，他們都需要壹個契機來突破局限。而《英雄本色》就是這個契機，他們憑借此作翻身，從此在各自的領域都取得了不俗的成績。

時隔三十壹年，《英雄本色》與觀眾再憶當年，共話新鮮，11月17日這部電影將登陸內地銀幕。

揭開高原戰火中的人物命運與糾葛 西藏電影《金珠瑪米》曝人物劇照

錦江酒家 天天茶市 上午十點至下午四點 港式點心 上海點心

《龍蝦刑警》袁姍姍化身“辣手警花” “泡面卷發”新造型曝光 首度搭檔王千源

由李昕藝執導，王千源、袁姍姍、劉樺、周遊聯袂主演，沈騰特別出演的喜劇警匪動作電影《龍蝦刑警》將於12月8日登陸大銀幕。近日，該片曝光了壹組袁姍姍單人劇照，作為電影《龍蝦刑警》女主角，袁姍姍壹改之前的軟妹形象，造型攻氣十足，“辣手警花”的形象令人驚喜。壹直以來，袁姍姍憑借好身材被廣大網友公認為“馬甲線女王”，而在電影《龍蝦刑警》中，袁姍姍壹改往日精緻形象，飾演“大齡恨嫁女青年”花姐，不光內在敢愛敢恨相當有個性，穿著打扮上更是不拘小節，壹頭“泡面卷發”，甚至連臉上還有不少雀斑。在影片中，除了形象上的大膽突破，袁姍姍更要挑戰大動作戲，將霸氣進行到底，完美演繹“辣手警花”。

《龍蝦刑警》由真實故事改編，講述了以杜宇飛（王千源 飾）、花姐（袁姍姍 飾）為首的刑警警隊為搗毀販毒團夥，臥底到賊巢隔壁開了壹家麻辣小龍蝦店方便偵察，結果龍蝦店越開越紅火，由此引發的壹系列緊張刺激而又妙趣橫生的故事。

電影《龍蝦刑警》是袁姍姍與演技硬漢王千源首次合作，影片中，袁姍姍飾演的花姐與王千源飾演的杜宇飛之間更有不少曖昧互動。“麻煩探長”與“辣手警花”這對搭檔，為原本緊張刺激的緝毒行動增添了大量爆笑的元素，兩人之間的關係也成為了該片又壹大看點。據悉，電影《龍蝦刑警》將於12月8日正式登陸全國院線。

《讓子彈飛》制片人新作《暴走刑警》曝預告 取材真實事件 刑警小隊面臨生死抉擇

由真實案件改編，將於11月10日在爱奇艺上線的网络電影《暴走刑警》今日曝光了終極預告和海报。

《暴走刑警》講述了三位年輕刑警在執行任務過程中意外遭遇壹伙凶殘極惡的毒販，敵眾我寡，命懸壹線，但最終三位刑警依靠勇氣和智慧解決了危機。

據悉《暴走刑警》由曾出任《讓子彈飛》《失戀33天》制片人的馬珂出品。據馬珂介紹，劇中故事和人物原型均改編自真實案件。《暴走刑警》中三位刑警所面臨的情況之危急，匪徒之兇，狀況之險，已經讓人捏了壹把汗。但現實往往比電影更加殘酷，真實刑警在每壹分每壹秒遇到的險境非常人能夠想象，電影中的情景也僅僅是冰山壹角。

《狂獸》曝特輯 警匪火拼手足反目 張晉余文樂對打拳拳到肉 貢獻高難度動作場面

由鄭保瑞、黃柏高共同監制，香港新銳導演李俊傑執導，演員張晉、余文樂、文詠珊、吳越等演員主演的動作片《狂獸》將於11月10日登陸全國院線。片方於今日發布了壹支人物特輯，張晉、余文樂和吳越矯健的身手演繹出拳拳到肉的精彩打戲。

張晉憑借矯健的身手和不凡的演技在王家衛執導的動作片《壹代宗師》中被觀眾所熟知，最終獲得了第33屆香港電影金像獎最佳男配角。此次張晉在電影《狂獸》中貢獻了高難度的動作場面。

在發布的動作特輯中可以看到，張晉壹套動作打下來幹脆利落：在停車場與對手打鬥時，每壹腳都精準的踢到頭部、臉部，給罪犯帶來強有力的沖擊，隔著屏幕彷彿可以感受到腦內的震蕩；在狹窄巷弄裏看到罪犯時，棄車疾奔飛奔眼中的堅定，騰空壹躍每壹拳都精準的落在罪犯身上；水下戲既讓演員本身過足戲癮，也將給觀眾帶來不壹樣的視覺體驗。

高難度的動作場面。

張晉流利的打鬥動作以及超高的可塑性，將每個角色都刻畫的入木三分，給觀眾留下非常深刻的印象。

而吳越在《殺破狼·貪狼》中的表現足以證明他是壹個招招快、猛、狠、準的演員，用實打實的真功夫過招，共同上演十分勁猛吸睛的生死對決。

當大家還以為余文樂是張誌明的時候，他已經變成了另壹個人，變成了陰狠毒辣為了得到應得的東西不擇手段的反派江貴成（余文樂飾），余文樂自爆在影片中壹直被張晉追著打，笑稱自己練的這麼壯就是為了給張晉打的。張晉對余文樂也是贊不絕口：“他是壹個挺有特點的演員，演不同的角色會帶給人不同的感受。”

張晉、吳越二人盡管首次在大銀幕合體但兩人的默契依舊讓打鬥場面勁猛火爆，吳越私下爆料：“張晉他飾演的西狗是壹個除了我（飾演阿德）誰都不願意跟他搭檔的另類警察，故事很大的壹個轉折點就在於阿德為了錢財情同手足的兩人反目成仇，各自演繹出每個角色內心的那種狂。”

據了解，導演此次與張晉的合作非常愉快，對張晉也給予了很高的評價：“他所飾演的警察西狗，是壹個只會懂追打不明白什麼叫做欲望的人，所以他對這些罪犯是完全不會留情的，當這樣的警察遇到不管用什麼辦法都要拿到自己應得的東西的黑幫漁民江貴成（余文樂飾）兩個人自然就會發生沖突，進而會產生惡戰。”

電影《狂獸》將於11月10日登陸全國院線。

中美酒樓 CHINESE AMERICAN RESTAURANT 超值套餐 新推出超值特價菜 (全天供應) \$5.50

香港文匯報訊(記者李慶全)袁詠儀(靚靚)、郭羨妮與周汶錡(Kathy)4日齊出席慈善活動。靚靚質疑10歲兒子張慕童(魔童)可能男性荷爾蒙開始出來,最近他因有女同學離港返美國而情緒低落了幾天,她認為兒子一定是對個女生有好感,但靚靚竟已教魔童要開始習慣男女之間的離離合合。

笑10歲魔童情竇初開 袁詠儀親授“分手”對策

袁詠儀拍照時模特兒上身擺姿勢,她笑指自己經常給人說不懂擺姿勢,見Kathy在場去學一定沒有錯。

不過靚靚指兒子張慕童(魔童)比她更有型,最近拍照都用眼睛“放電”,也不知是否跟爸爸張智霖多,但這周日兒子就11歲生日,可能是男性荷爾蒙開始出來才這樣。

靚靚又指兒子生日好低調,他沒要求開派對只約幾個男性朋友去滑板公園玩,不過最近他有位女同學離開返美國而情緒低落了幾天,她笑說:“一定是對個女生有好感才會這樣,但我對他講,要開始習慣男女之間的

離離合合,可能有些女生會無緣故講分手,將來還有那麼多,不應該太認真,真命天子總會出現只是沒這麼快!”

郭羨妮羨慕周汶錡抱兩

靚靚為了令魔童懂得適應“分手”,便跟兒子說:“如果你令到媽咪不開心,我會講分手,他就問我應該怎回答,我說遇到你喜歡的女生,無論做錯什麼事都講‘Sorry’,不喜歡的就直接答‘好呀’,不要再拖拉!現在我經常與兒子講分手,他就狂笑答‘Sorry’,沒擔心他會答我‘好呀’!”

一女之母郭羨妮坦言一直想再生一個兒子,4日見Kathy生了兩個也很羨慕,奈何老公太忙,

之前太過在意,現會隨緣不去想。郭羨妮表示有時照顧女兒太空閒會感無聊,要有工作去平衡其戲癮,不過超過一個月拍攝的工作則暫時不會考慮。

郭羨妮坦言一直想生多個兒子。

靚靚指兒子魔童比她更有型。

同時籌備兩個表演 千嬅直言會混淆

香港文匯報訊(記者李慶全)楊千嬅3日晚為7日舉行的拉闊音樂會進行第三日綵排,她透露這次音樂會將以音樂劇形式包裝,用她20多年來的歌曲串連成為故事,亦邀得5位新一輩歌手同台演出,其中陳柏宇會演王子的角色。千嬅透露構思沿自細So之前做過一個用她跟陳奕迅的歌做的音樂劇,今次再由他主理劇本,音樂劇中有幾個單元故事,包括愛情故事、職場女性辛酸和男人孤單的心情等,她會有三套戲服演出。

千嬅現忙於綵排這個音樂會,又要為紅館個唱做準備,另要錄唱片之餘更要肩負家庭主婦的責任,所以的確很忙。要同時籌備兩個演唱會,會否擔心混淆或調錯歌唱?她笑說:“真的試過混淆,上次C AllStar演唱會就混淆了,合唱《最後的歌》期間我突然飄走,因為我心裡記着這個秀的版本,我看着他們以為甩嘴,聽着就覺得不對勁,但他們四個真的好厲害,可以幫手唱了我的部分。”而之前她在C All-Star演唱會上曾表示可能明年退休,歌迷都給嚇壞,千嬅說:“其實退休只是一種狀態,好多人退休後都繼續工作,這些事好平常不嚴重,人一疲累,就會有這個想法。”

香港文匯報訊 影后級人馬惠英紅今年憑《血觀音》再度入圍第五十四屆金馬獎最佳女主角提名,呼聲甚高。小紅姐日前於台北出席金馬開幕影展時,以一身鮮紅低胸套裝襯了總值超過港幣四百七十多萬元的高級珠寶系列亮相,艷壓全場。

陳凱琳想約劉嘉玲行山

香港文匯報訊(記者吳文釗)陳凱琳(Grace)4日回香港馬鞍山母校出席慈善跑活動。已第三年回母校參與活動的Grace,在台上與校長齊跳熱身舞,笑言沒跳舞天分的她,也害羞地躲在眾人後面。Grace表示平時有跑步做運動,趁跑步期間可以自己一個人思考,如工作忙就會在家做Sit up和其他室內運動。提到早前在成都巧遇劉嘉玲,Grace表示知道對方喜歡行山,想有機會跟她一起行,她笑說:“好想約嘉玲姐行山,但自己又不敢開口,她應該走得好快,我怕她嫌我慢不等我。”

剛拍完新劇未有新工作的Grace,正好有時間留在家欣賞她有一份演出的《使徒行者》節目,她說:“其實做臥底壓力都很大,玩到投入時都會猜測誰是黑警,對身邊人都會有戒心。”問她會否想成為《使徒行者》系列一分子,她坦言十分渴望,電影或電視版本都希望有機會參與。

朱晨麗餵何廣沛食蛋糕。

香港文匯報訊(記者吳文釗)朱晨麗、何廣沛、劉穎璇(Tiffany)和余德丞兩對緋聞情侶4日出席商場

朱晨麗餵何廣沛食蛋糕放閃

《比奇堡聖誕深海之旅》活動,兩對緋聞情侶分別設計及餵對方吃蛋糕,場面溫馨。

何廣沛笑稱只是與朱晨麗裝情侶檔工作,雖然早前被人拍到在香港科技大學吃飯,其實只是與同事們吃飯,因地點離電視城近,想不到仍有太多人才被認到。

笑問朱晨麗會否挑選人少的地方與何廣沛約會?她說:“不會,吃飯好正常,人人都要食,不過可以約打羽毛球。想約洪永城、蔡思貝、黃子

恒組隊《味想天開》羽毛球隊。”問到是否因公司壓力不能公開戀情,何廣沛說:“公司沒有規定,現今開放社會,拍拖都會公開。”朱晨麗就稱會順其自然,思考良久才害羞地說與何的關係是朋友。

提到朱晨麗備受重用擔正四部劇集,明年得獎呼聲高唱入雲,她說:“多謝公司給我機會,《特技人》中的角色很有挑戰性,現實生活的我只有一个,但拍劇就可以嘗試扮演不同角色。”

笑指角色草根難演繹 馬明不認拍劇享艷福

胡鴻鈞似被心姐夾手指夾到痛。

馬明被邀唱歌時,再發揮“天然呆”本色。

香港文匯報訊(記者吳文釗)馬國明、黃智雯、劉佩玥和胡鴻鈞等人4日到香港銅鑼灣鬧市宣傳新劇《降魔的》,獻唱劇集主題曲的胡鴻鈞想邀請馬明開金口時,馬明再發揮“天然呆”本色,以不懂歌詞推卻,並笑稱要他唱歌要收取酬勞。

劇集推出後反應一致叫好,更有網民推舉他做視帝,馬明開心之餘坦言角色不易掌握,笑道:“因為我平時很有型,今次角色好草根,所以都難演繹。”身旁的黃智雯就不表認同,笑指馬明只是演回自己,是平日的馬國明。

一身魔女造型打扮的黃智雯,劇透她由做醫生入魔是一個謎,穿上8吋高跟鞋回想與馬明拍一場接吻戲,馬明笑稱高度剛剛好,一親就OK。笑指馬明

福無邊的摸劉佩玥胸部,又與黃智雯拍親吻戲,他否認道:“當然不是,我投訴了很久,艷福都在黃子恒身上,所有激情動作戲都是他,我的只是淺嘗。”黃智雯也笑稱與黃子恒一幕親吻戲要親到跌下地,也沒有借位演出。

劉佩玥(Moon)日前播出一集被馬國明摸胸,她透露稍後有一場偷吻對方的戲分,但就搞笑地用白雪公主錫王子去形容。得知應該是王子錫公主時, Moon傻笑道:“哎,總之我是要給力量馬國明,前一晚去完節目巡禮,第二日早上又要開工,我都是偷時間來宣傳,只睡了一個多小時。”

Moon稱監製原本可讓她不出席,但她認為有份參與劇集,應盡本分宣傳,所以特別從外景中抽時間到來。

否認露臀拍海照 阿佘:我美一點

香港文匯報訊(記者李慶全)余詩曼4日出席步行籌款活動,她除了是慈善大使外,更透過工作室捐出十萬港元給受惠機構。她指黃子華亦很支持這活動,本來聽聞對方也會出席,雖然未見到他來到,但一樣可以各自去做。談到新片海報以《鐵金剛勇破海龍幫》的經典海報作藍本,而海報上有露出半個臀部,阿佘否認是她露臀,更戲言:“我美一點!”她指沒露臀原因是去到已經拍完,加上又沒帶裝備。而阿佘也不擔心海報被指抄襲,出到搞笑效果便可以,至於另一張海報則有她份,她自覺形態上都算性感,類似樹熊夾着子華。

美南電視轉換新頻道15.3操作指南

美南國際電視網STV Channel 已由55.5 轉換至15.3, 並正式擴大為十個頻道, 廣大收視觀眾只要透過遙控器轉台至15.3, 即可收看到美南電視節目, 如果您家中的電視遙控器轉到15.3頻道, 依然無法收看到美南電視, 請依以下中英對照操作指南方式調整。

點選遙控器內的Menu頻道設定, 重新掃描, 注意智能型電視可能有一個聰明的按鈕用於設置MENU選項。通常會有廠商的LOGO標誌。尋找頻道設置選項。確認頻道是以天線收視。從MENU中, 選擇數位頻道搜索(Channel Scan 或 Channel Search 或是Auto program), 進行頻道掃描搜索或頻道自動設定。當電視完成自動搜索後, 你會看到電視列出已有多少個頻道重新被發現。頻道重新設定過程有時可能長達一個小時。頻道設定完成後, 按確認然後退出。如果頻道重新搜尋仍無法接收或是收視情況不佳, 請購買天線調整最佳收視角度。

How to complete a channel scan on your Digital TV to add Channel 15.3

Please note: All TV manufacturers differ, so menu options, wording and other items may vary. The best way to complete the channel scan is to refer to the TV owner's manual. If that is unavailable, the following general steps should guide you through the process.

1. Using your television's remote control, press the Menu or Settings option. Note: a "Smart TV" may have a smart button that must be used to access the settings menu. It will generally have the manufacturer's logo on it.
2. Locate Channels or Tuner Set Up option.
3. Check the menu for an option of Antenna Type or Connection Type followed by either Antenna or Cable.
4. Make sure that the designated setting is Cable (based on manufacturer, alternate choices may include Digital Cable, CATV or Cable STD)
5. From the menu, choose Digital Channel Search (based on manufacturer, alternate choices may include Channel Scan, Channel Search or Auto program.)
6. Allow the TV to complete the search. You will see a bar listing how many channels have been found. The process may take up to an hour.
7. Once complete, confirm the menu prompt, then press an exit or quit option.
