

衍易面相班:5月31日,6月7日上課

(本報訊)衍易工作坊主辦、一年一度的實用面相班、將於5月31日,6月7日兩個星期天下午2點到6點在中華文化中心上課。今年特別開放網路報名,可以到FengshuiProfessor.com登記,也可以電話報名:832-417-8168。

俗話說:一樣米養百樣人。我們如何才能在現代複雜的人際關係中,與各式各樣的人順利交流,並且無往不利呢?學會看面相,應該是一個很好的方法。

在職場上,想要跟上一個有前途的老闆,想要找到能夠一同打拚的合作夥伴,想要用到合適的員工;在談判桌上,想要一眼看穿對手;在感情上,想要選擇不後悔的人生另一半;該怎麼辦?第一步,我們就看看他的面相!中國的相面學,是古人兩千多年經驗的累積,經過統計分析而成的知人之術。祖先留傳下來這樣的智慧,我們棄置不用,多麼可惜!

衍易工作坊的實用面相班,由衍易老師親自授課,運用現代思維,演繹古人智慧。每種面相特徵都有圖片說明,簡單易懂,人人都能馬上印證,活學活用,是一門非常適合現代人的實用面相學。

朋友,您常常有知人知面不知心的困擾嗎?衍易老師的實用面相班,可以幫助您學會如何從面貌上了解對方的個性與特質,

在人生的戰場上百戰百勝,無往不利。

上課時間是5月31日,6月7日兩個星期天,下午2點到6點。想要報名,請上FengshuiProfessor.com網站登記,或者打832-417-8168電話報名。這門課,一年只開一班,想要上課的朋友,請把握機會,趕緊報名。

份如何,不管他們自己在美國的身份如何,都有在公立學校接受教育的權利。

所以,美國公立學校不能拒絕孩子上學。學校只能要求家長或學生提供在學區附近的居住證明。這種居住證明,包括水電費帳單,租約影本,或其他文件,而不是護照簽證資料。學校可能要求孩子的出生證明,但這只是要確保孩子的年齡在學校的最低或最高的年齡層內,學校不能因孩子在外國出生,而拒絕孩子在學校受教育。有些學校要求社安號碼時,必須表明這是有可無的資料,如果學生拒絕提供社安號碼,學校也不能因此拒絕孩子入學。

所以,拿B1或B2簽證的孩子,雖然可在美國公立學校上學,但卻是違反移民法的規定。本例中,周先生的女兒曾被海關扣押,就是因為她違反了移民法的規定。一旦違反移民法規定,周先生的女兒除非符合豁免的條件,以後她不僅不能再申請B2延期,且不能轉換成學生簽證(F1或M簽證),後果嚴重。所以,凡是送孩子來美國長期讀書的家長,務必小心策劃,考慮清楚。任何可能造成孩子失去在美國正當受教育的行為,都不要去做。(歐陽婉貞律師)

歐陽婉貞律師專欄

持B簽證的小孩,可否在公立學校上學?

周先生和周太太愛女兒心切,送她到美國的阿姨家玩,看看能不能適應美國學校。女兒拿了B2簽證,來到美國,阿姨就為她在當地公立高中註冊讀書。女兒聰明用功,適應很快,讀書表現很好。暑假回中國看望周先生及周太太後,又以B2簽證進關,想要繼續高中的學業。結果,在機場轉機時,被海關拘押。周先生,周太太及阿姨著急的不知所措。B2簽證是來美國觀光旅遊,根據移民法,是不可以讀書的。只有下列例外情況,才可以讀書:

轉換成學生簽證(F1或M簽證)不僅已經向移民局遞出轉換的申請案件,且也已拿到移民局許可,才可以開始上學

“讓愛成就夢想”休斯頓慈善音樂會

下面是東北同鄉會主辦的“讓愛成就夢想”休斯頓慈善音樂會我們同鄉會為表示對此次慈善活動的支持,特購票供老鄉們參加。票價20元,同鄉會補貼10元,請有意參加的老鄉到位於敦煌廣場的友家山東館取票。姜明明是一名盲童,從小就喜愛音樂,對聲音極其敏感,小時候在商場每當聽到鋼琴曲,她都會停腳步,用心的把整曲聽完,當地8歲的時候她和

爸媽提出了想彈鋼琴的請求,當時這對農夫夫婦還不知道什麼是鋼琴。在大街上看到了劉寧鋼琴學校的牌子,他們便走了進去。經過校長測試,劉寧鋼琴學校免費資助她學習鋼琴,這一學就是十年。明明非常珍惜這難得的學習機會,平時勤學苦練,經過不懈努力,取得了優異的成績,2012年榮獲意大利國際鋼琴大賽中國賽區第二名。

王宇航,16歲,4歲開始學習鋼琴,勤奮好學的他已經成為同齡中的佼佼者,多次獲得鋼琴比賽大獎。他曾獲2006年星海杯中國少兒鋼琴比賽總決賽第三名,2009年舊舊杯中國兒童鋼琴比賽第二名,2011年中國英才美育杯鋼琴比賽第一名,2012年意大利伊莫拉國際鋼琴比賽次陽賽區第二名,2014年“小金鐘”中國總決賽第一名。

姜明明和王宇航在本次鋼琴大賽中國賽區表現出色,均獲得金獎,他們非常渴望能有機會赴美參加總決賽,和其它選手們一起相互交流,提高琴技,但因家庭條件所限,無力負擔赴美參賽差旅等費用。休斯頓東北同鄉會聽聞此消息感到非常惋惜,李秀嵐會長發出倡議

東北同鄉會聯合休斯頓十多個華人團體和企業,舉辦一場慈善音樂會資助他們來美參賽。定於2015年5月31日15:30,在休斯頓著名的Emerson Unitarian Universalist Church教堂舉辦“讓愛成就夢想”休斯頓慈善義演鋼琴音樂會。

此次義演得到美國國際音樂學院創建者Matthew Loudermilk博士鼎力支持,他將聯袂俄羅斯著名鋼琴演奏家Ekaterina Ryndina Loudermilk女士和四位在中美和國際鋼琴大賽有著出色表現的鋼琴才子共同演出。本場音樂會演奏曲目都是經典的鋼琴曲目,其中包括肖邦、李斯特的作品和觀眾喜愛的四手連彈世界名曲。肖邦和李斯特的鋼琴曲浪漫而華麗,四手連彈兩演奏者配合默契,兩位大師級鋼琴演奏家和四位鋼琴才子將呈現給大家一場精彩紛呈的視聽盛宴。

贈人玫瑰,手有余香,本次慈善義演的門票收入將用於資助中國鋼琴選手赴美參賽,熱誠期待您光臨演出現場,讓我們用愛心成就夢想!

地址:1900 Bering Dr. Houston, TX 77057
時間:2015年5月31日,星期日下午15:30

這不僅僅是一場慈善演出,明明的這種刻苦的精神對我們在美的華裔子女也是很好的啓迪,盡管身處逆境仍能為實現自己的音樂夢想而拼搏,希望他的事跡能夠激勵所有海外華僑和他們的孩子。希望休斯敦的各大社團和各界的朋友能夠積極購票大力支持這次慈善演出活動。

中華民國十位抗日英雄的故事(二)——高志航

(程美華搜集整理)今年是抗戰勝利70週年,休士頓僑社兩岸僑胞有各種不同形式的紀念活動,這場八年的抗戰是中華民族抵禦外侮的一個史實,在兩岸關係日趨密切的今天,不論誰積極抗日,誰消極抗日都有無數的生命在這場保家衛國戰爭中犧牲了;根據歷史學界的種種考證,由於蔣中正先生堅持領導抗戰,國民黨軍隊自始至終地堅持抗戰,在其長期抗日戰爭中,發動投入十萬兵力以上的大型會戰就有22次,大型戰役如平型關、台爾莊者就有1117次,小型戰鬥28931次。面對面地戰死在抗日疆場的國民黨將軍就有206人。陸軍犧牲4321人,毀機2468架;海軍艦艇全部打光。在1929至1933年自中央軍政政學校畢業的兩萬五千人青年軍官中

,就有一萬名青年軍官壯烈犧牲在全國抗戰爆發的前四個月。從山海關到上海會戰,從武漢會戰到歷次大會戰和大戰役,國民黨軍隊連連、成營、成團甚至成師壯烈犧牲者,不可勝數,我們紀念抗戰勝利更應緬懷英雄,盼藉美南新文日報一角陸續刊登《中華民國十位抗日英雄的故事》,讓我們向英雄致敬。

高志航
首創八一四空戰大捷的空军戰神

高志航大隊長首戰擊落日軍轟炸機六架,創下中日空戰全勝紀錄,打破了「皇軍無敵」的神話。嚴溝橋事變後,日本立即以海陸空三軍,展開對上海大規模攻擊作戰,日軍在開戰之初,就企圖以優勢的航空兵力,殲滅剛剛培訓成立的中國空軍。事實上,日本空軍當時根本不認為「年幼的」中國空軍有任何的戰鬥力。

因為就兩國兵力比較,日本擁有自行生產的先進戰機三千二百架,而中國只有購買拼裝二手各國雞牌戰機三百架,訓練與後勤均落後於日本許多。

一九三七年八月十四日清晨,中國空軍主動對黃浦江上的日本海軍艦艇發動攻擊,日軍盛怒下立刻調動從台灣飛來的木更津聯隊與鹿屋聯隊戰鬥機,企圖一舉消滅南京、上海地區之所有中國空軍基地。不料當天入侵的日本機動群,遭到中國空軍第四大隊長高志航率領的戰機反擊,結果,中國空軍以六比零擊落日機,首開中日空戰全勝紀錄,打破了「皇軍無敵」的神話。

全國百姓從廣播裏知道這一消息後,欣喜若狂,一泄屈辱之

氣。國民政府宣佈八月十四日為「中國空軍節」,高志航大隊長被譽為「空中戰神」。

高志航,一九〇八年出生於東北一個農戶家庭,十七歲獲東北陸軍軍官學校選派赴法國航校學習飛行,雖然是美國學員中年齡最小的一位,但他精力充沛,好學不倦,基本飛行技術掌握很快,繼而專修驅逐機專科。學成歸國後,任張學良部東北航空處飛鷹隊少校隊員,再擔任東北航空教育班少校教官。

九一八事變後,高志航不顧在東北當順民,登上了滿載流亡難民的列車,入關南下投效中央,定下了抗日復仇的決心。一九三三年,高志航進入杭州笕橋中央航空學校高級班學習,畢業後以上尉階任中央航空學校教官;一九三六年底,高志航調任第四大隊隊長,他一貫嚴於律已律人,號

召平時如戰時,吃飯限時五分鐘,加油自己動手,不假手於他人,生活上亦與部屬同甘共苦。在他的訓導下,第四大隊訓練精進,成績特優,成了一支赫赫有名的隊伍,他本人也於次年五月晉級中校。

一九三七年上海保衛戰爆發當日,第四大隊由河南周家口奉命立即遷到南京,擔任戰場制空任務。八月十四日,高志航在杭州笕橋機場接到警報,駐在臺灣的日本海軍木更津航空隊十八架轟炸機越海來襲,他立即命令第二十一中隊「飛機不要停飛,一半起飛警戒,一半加油待機出擊」,並以信號指示正好趕來的二十二、二十三中隊留在空中,他自己架機霍克三式戰機升空,率隊迎戰來犯敵機。當他在空中發現敵機時,便作了一個動作,提醒跟在身後的機群,自己架機直撲過去,瞄準一架敵機,一陣炮火,首創紀錄,僚屬見狀士氣大振,紛紛加入戰鬥,四處開花。短促的空戰,高志航擊落日機兩架,全大隊擊落日機六架,我方毫無損失。當晚,日本廣播稱「十八架飛機中,有十三架失去聯絡」。

八一四笕橋空戰,開創了中國歷史上首次重創強敵於空空的紀錄,是中國空軍史上最光榮的一頁。日本則為討回軍威,在第二天即對中國空軍作全面報復性攻擊

,結果,在連續三天的中日密集空戰中,日機再被擊落四十六架之多,木更津與鹿屋聯隊可以說出乎意料地被中國空軍打得潰不成軍。

高志航不久便升任空軍驅逐司令,同年十一月,他奉命至蘭州接收蘇聯E-15驅逐機,率機十三架飛抵河北張家口機場,二十一日清晨,遭長城方向飛來日本飛機九架襲擊機場,他一面命令飛行員迅速起飛參戰,自己不顧日機機槍炸射,飛奔強行登上座機,命機械師開動引擎失敗,此刻,一顆炸彈落在他的機艙前頭,高志航與座機一同被炸得粉碎,機場同胞見狀紛紛落淚,烈士時年二十九歲。高志航殉國後,、中華民國政府明令褒揚,並追贈他為空軍少將。

‘World’s Factory’ Aims For Upgrade With ‘Made In China’ 2025 China Announces Plan To Upgrade Factories Over Next Decade

Compiled And Edited By John T. Robbins, News&Review Editor

(Beijing) – China's State Council has unveiled a 10-year plan for upgrading China's manufacturing capacity so it can catch up with production powerhouses like Germany and fend off competition from other developing countries. The Ministry of Industry and Telecommunication Technology (MITT), which led the planning of the "Made in China 2025" plan, said the strategy is intended to give China an edge in innovation, green development and quality goods. The MITT put the focus on 10 sectors, including high-end computerized machinery and robotics, aerospace equipment, renewable energy cars and biological medicine. Sha Nansheng, vice director of the MITT's Department of Science and Technology, said the country's manufacturing industries are facing pressure on two fronts: competition from other developing countries where labor costs are lower and a renewed push by developed nations of the West seeking an advantage in industrial manufacturing. "If we cannot make products with good quality and brands, China cannot become a manufacturing powerhouse as we hope," he said. "China might have also to cede its title as a large manufacturer due to competition from other (developing) countries."

A worker assembles a car at a factory for Chinese automaker BAIC Motor in Beijing.

China, which no longer can rely on low-end manufacturing and exports to fuel its massive economy. The campaign focuses on a host of problems, including a lack of high-quality goods or strong international brands, inefficient use of energy and other resources, and a high environmental toll. For instance, pollution has contributed to poor air quality in Beijing and other cities. It aims to move China higher up the manufacturing chain by focusing more on innovation and cutting-edge technology, including "green" manufacturing. The plan outlines 10 key sectors in which the country seeks advances, including: information technology; robotics; medicine and medical devices; and high-tech ships and ocean engineering equipment.

Pressured to change Rising labor costs and sluggish foreign demand for goods are pressuring China, more than other emerging economies, to create value-added labor and reduce its reliance on exports, said Klaus Meyer, director of the China Europe International Business School's Research Center for Emerging Market Studies in Shanghai. "There are fewer young laborers available; therefore, labor costs, especially in the urban centers such as Shanghai, are increasing," Meyer said. "... The model that China has pursued over the last 30 years, which had a major element of export-oriented production based on low labor costs, will not be sustainable." Raymond Yeung, a senior economist with ANZ in Hong Kong, said the plan provides good direction to promote China as a brand. But whether the government can carry that out remains to be seen. "Obviously, we need the government to open up the market for foreign access and to allow the private sector to take a larger role in the economy and different sectors," he said. "Deregulation remains a key and the document does not touch on it in detail."

An Assembly Line At A HighTech Firm In Shenzhen, China

Yeung said such measures could come later, announced by other government departments such as the National Development Reform Commission.

Policy shifts expected China's state-run Xinhua news agency said that, to help support the market-oriented, government-guided plan, a "slew of policies to deepen institutional reforms and strengthen financial support" will follow. While some industries may need government funding and other support for research and development, market involvement is the key to innovation, Yeung said. He expressed concern about the government's decision to cherry-pick 10 key sectors, saying that could be risky. "What the government actually needs to do is cultivate an environment and allow the market to promote different industries when it sees fit," Yeung said.

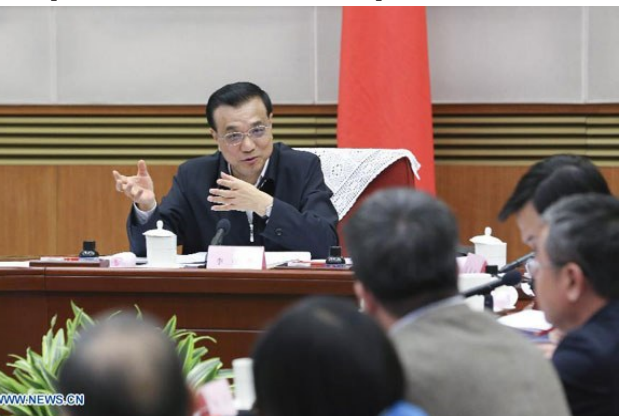

More than 60 per cent of Dongguan's industrial enterprises have reportedly begun replacing humans with robots.

Skimps on private enterprise? Hu Xingdou, an economist at the Beijing Institute of Technology, also said he worried the plan pays little attention to private enterprise, fearing it

Ministry Of Industry And Information Technology Wants Homes In Urban Areas To Have Net Speeds Of 100 Megabits Per Second By The End Of 2017

China Wants Lower Internet Fees And Improved Speed
Compiled And Edited By John T. Robbins, News&Review Editor

Chinese Premier Li Keqiang presides over a symposium on China's current economic situation in Beijing, April 14, 2015. [Photo/Xinhua]

China's Premier Li Keqiang has called for reduction in the fee of cellphone data plan this past Tuesday. Li was speaking at a symposium organized to discuss the current economic situation. The blue-collar workers with professional skills need to take advantage of mobile Internet to pass their expertise to more people, said Ding Lei, founder and CEO of Netease Inc., at the event. "But currently our cellular fee is not cheap which could be a barrier for people to fully utilize the advantages of the Internet," he added. The reduction in fee has a high relevance to the development of information infrastructure.

China wants to reinforce the construction of the communication infrastructure and increase the network bandwidth amid the rapid rise in Internet traffic flow. Premier Li said China's network bandwidth falls far behind 80 countries in the world, according to the assessment of International Telecommunication Union, which has a high potential to be improved. The average Internet speed in the China last year was 3.8 Mbps, Akamai Technologies Inc., a cloud services provider in the United States, said in a report. The average in the United States was 11.5 Mbps, and the speed in Hong Kong was 16.3 Mbps. Li made a similar statement a month ago when he said that he had noticed during his trips abroad that the broadband in major cities of some developing countries was even faster than Beijing's. China's telecom operators have long been blamed for providing slow speed and charging higher fees. So far, there are three operators in China—China Mobile, China Unicom and China Telecom.

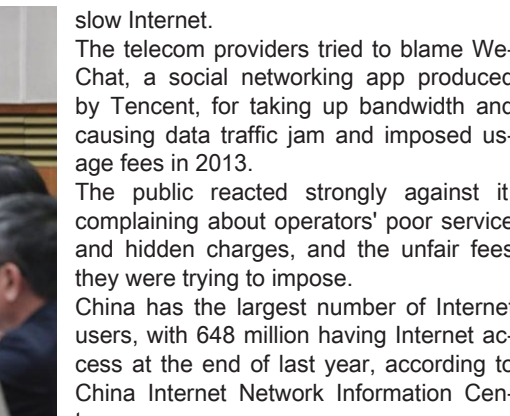

In 2012, the National Development and Reform Commission (NDRC) had found after an investigation that China Telecom and China Unicom had failed to fully integrate their networks, causing a lack of competition, increased access costs and

may put too much focus on China's large and less nimble state-owned operations. "Promoting entrepreneurship and developing an entrepreneurial spirit is key and entrepreneurs breed innovation," Hu said. "And to breed innovation, you need private enterprises. Those who are in charge of state-owned enterprises are not entrepreneurs, they are administrative officials." Made in China 2025 is just the first phase of a three-stage plan. China aims to be a manufacturing power on par with other major powers by 2049, the 100th anniversary of the founding of the People's Republic of China. (Courtesy www.voanews.com)

Germany has been pioneering smart manufacturing, which utilizes information technologies. This so-called fourth industrial revolution – after steam, electricity and information – connects machines to a network where production processes and speeds are automatically adjusted to minimize problems and costs. Upgrading of manufacturing industries has become urgent in China as its status as the world's factory is undermined by developing countries and it seeks a new engine of growth amid a slowing economy. The "Made in China 2025" plan will embrace the fourth industrial revolution concept – what some call Industry 4.0 – while opening itself to advanced ideas from countries such as the United States and Britain, the MITT said. Li Beiguang, vice director of the MITT's Department of Planning, recently told journalists that the government will lead the plan, but leave implementation primarily to the market by protecting equal access and competition. Ministry Of Industry And Information Technology Wants Homes In Urban Areas To Have Net Speeds Of 100 Megabits Per Second By The End Of 2017

China Wants Lower Internet Fees And Improved Speed
Compiled And Edited By John T. Robbins, News&Review Editor

Room Of Computer Users In China

The number of mobile Internet users reached 527 million and, for the first time, mobiles surpassed PC as the primacy access point to the Internet. However, China's average broadband speed only ranks 71st in the world. The average cost is three to four times the average level of developed countries, said a 2011 report released by the Advisory Committee for State Information, an advisory body to the government.

Room Of Computer Users In China

On May 15, the three state-run telecoms operators announced plans to improve services. China Unicom said it would improve its broadband speed to 20 Mbps for homes in urban areas in 10 provinces, regions and municipalities in the north by the end of the year. It said it will also cut the fees it charges. China Unicom said that Net users in the capital who had 10 Mbps subscriptions would see speeds increase by the end of June. Prices would fall by 300 yuan to 1,480 yuan per year. China Telecom said it will also raise the speed of its fixed-line broadband service to 20 Mbps by the

end of this year, and also cut prices. China Mobile, the country's biggest wireless carrier by number of subscribers, said it will improve its mobile connectivity and speed and lower prices. (Courtesy english.caixin.com)

陳可辛拍中國網球一姐 湯唯梁洛施爭演李娜

中國傳奇網球運動員、兩奪大滿貫的李娜，去年宣佈退役，最近有電影公司投資超過一億元籌拍傳記式電影《李娜》，中外媒體均高度關注。據悉女主角人選7月便有定案，中港一線女星爭崩頭領演，身材高挑的湯唯和梁洛施被睇高一線，“雙冰”李冰冰和范冰冰則有美國市場做後盾，而民意就趨向出爐香港金像獎影后趙薇，認為兩人氣質相近，令負責選角的導演陳可辛非常頭痛。

現年33歲的中國網壇一姐李娜，曾先後奪得2011年法網和2014澳網大滿貫女單網球冠軍，成為網球史上最棒的亞洲人。去年9月退役的李娜，今年初宣佈懷有身孕，令粉絲喜出望外，昨日美國權威雜誌《The Hollywood Reporter》以封面故事披露將推出李娜同名傳記式電影，美國報章及電影刊物《華爾街日報》、《Variety》、《Bloomberg》、《Screen International》等亦有報道。

李娜昨日即急不及待在微博公佈說：“本來還想自己報個料呢。我的自傳《獨自上場》即將被製作成電影。由中國最好的導演之一陳可辛執導。我會作為創意顧問和陳導一起工作。”

而中外媒體均非常關注這部電影《李娜》，能當上女主角定能成為國際焦點，更有望打開海外市場。據悉投資方阿里巴巴影業預算投放約一億五千萬港元的巨額製作費，並找來近年拍有關中國題材電影《中國合夥人》及《親愛的》均有好成績的陳可辛負責執導，難怪一眾中港一線女星對李娜一角虎視眈眈。

據知電影計劃明年開拍，陳可辛亦正為選角一事頭痛不已；有消息指范冰冰曾找人“搭路”表明對角色有興趣，而她與李冰冰在海外有一定知名度，或許對電影實境有幫助。但據悉陳可辛心目中的人選要有李娜一樣的高身材，當中湯唯和梁洛施似乎

最合要求，兩人與李娜的身高同樣是172cm，充當運動員亦有一定說服力。角色人選更成為網民熱烈討論話題，很多網民在陳可辛的微博上留言，推舉趙薇是最合適人選，認為她的氣質和外形與李娜最相近，但亦有人贊湯唯骨子裡有李娜的軀殼。

陳可辛昨日透過短信回復，直言沒想過網民有這麼大迴響，他說：“從來未試過，證明大家對李娜故事好有興趣。”問到選女主角條件？他說：“首要條件系別人感覺有運動員氣質，手腳要靈活，定角之後都需要特訓半年(打網球)，所有事先有說服力。”他透露女主角以外，還要物色分別扮演8歲和15歲時候的李娜，老婆吳君如即推薦女兒陳是知出演，陳可辛續說：“惡屎(即惡死，我女兒跟李娜真有得拼。”

候選5女星

趙薇
年齡:39歲
身高:166cm

優勢:外貌跟李娜相似,網友力捧飾演此角。

湯唯
年齡:35歲

優勢:身高跟李娜相若,網友更贊湯唯骨子裡有李娜的軀殼。

李娜生於武漢，為中國前職業女子網球手，曾于2011年法網及2014年澳洲網球公開賽奪得大滿貫單打冠軍，是首名奪大滿貫女單冠軍的亞洲及中國球手。15年職業生涯中李娜共贏得逾1,600萬美元(約1.2億港元)獎金，除兩奪大滿貫，她共獲得9個WTA和19個ITF單打冠軍，去年9月宣佈退役時，李娜在世界排名第六。

性格剛烈的李娜，06年跟教練男友姜山結婚，外界眼中姜山是李娜的出氣袋，比賽時稍有不順心，李娜都會遷怒姜山，如場面太寂靜時，李娜會向老公怒吼“加下油，莫在那里坐著！”但若場邊太嘈吵，李娜就會嫌姜山而趕他出場。雖然經常受氣，但姜山對李娜依然保持笑容，而據知當年是李娜倒追姜山的。

無線藝人朱慧敏(Queenie)的未婚夫彭迪安(Eddie)被拍到與長腿女郎手挽手偷會，還被指到女方香閨度一晚。Eddie昨日下午在微博發文向未婚妻道歉，兩度說“對不起”，承認自己忽略了要保護她，承諾以後會檢點，避免再讓朱慧敏受到不必要煩擾。朱慧敏昨晚重溫《愛·回家》劇組，拍攝與黎諾懿重逢的甜蜜戲分，談到未婚夫偷食事件，她眼濕濕直言：“類似事件已不是第一次發生。”

Internet use in China more than doubled in five years, reaching 46.9 percent of the population. The number of mobile Internet users reached 527 million and, for the first time, mobiles surpassed PC as the primacy access point to the Internet. However, China's average broadband speed only ranks 71st in the world. The average cost is three to four times the average level of developed countries, said a 2011 report released by the Advisory Committee for State Information, an advisory body to the government.

問及心情是否平伏了一點？朱慧敏表示要冷靜，又不斷向傳媒重申：“其實她是一個好人，他真是一個好人。”那是否好人到關懷其他女仔？朱慧敏聞言，神情平靜，未有回應。朱慧敏又謂，雖然有相片，但不一定代表事實之全部，故需要再瞭解究竟真相為何。

對於她指男方不是第一次發生這種事，她說：“又不可以這麼講，有好多事我未清楚知道……我是……他是一個好人，無可否認他是一個好好的人，心地好善良。但去到婚姻的時候，可能我們的相處同價值觀……我們兩個都需要磨合同進步，去成長。”

朱慧敏在訪問中，多次為未婚夫Eddie說好話，稱對方是一個好人，心地善良的人：“他有時……他會

身高:172cm

優勢:身高跟李娜相若,網友更贊湯唯骨子裡有李娜的軀殼。

娜的軀殼。

梁洛施
年齡:26歲
身高:172cm

優勢:年輕,身高跟李娜相若。

李冰冰
年齡:42歲
身高:166cm

優勢:早已打入荷李活,有國際市場。

李娜生於武漢，為中國前職業女子網球手，曾于2011年法網及2014年澳洲網球公開賽奪得大滿貫單打冠軍，是首名奪大滿貫女單冠軍的亞洲及中國球手。15年職業生涯中李娜共贏得逾1,600萬美元(約1.2億港元)獎金，除兩奪大滿貫，她共獲得9個WTA和19個ITF單打冠軍，去年9月宣佈退役時，李娜在世界排名第六。

性格剛烈的李娜，06年跟教練男友姜山結婚，外界眼中姜山是李娜的出氣袋，比賽時稍有不順心，李娜都會遷怒姜山，如場面太寂靜時，李娜會向老公怒吼“加下油，莫在那里坐著！”但若場邊太嘈吵，李娜就會嫌姜山而趕他出場。雖然經常受氣，但姜山對李娜依然保持笑容，而據知當年是李娜倒追姜山的。

未婚夫屢偷食 冷戰一個月 朱慧敏延婚期

無線藝人朱慧敏(Queenie)的未婚夫彭迪安(Eddie)被拍到與長腿女郎手挽手偷會，還被指到女方香閨度一晚。Eddie昨日下午在微博發文向未婚妻道歉，兩度說“對不起”，承認自己忽略了要保護她，承諾以後會檢點，避免再讓朱慧敏受到不必要煩擾。朱慧敏昨晚重溫《愛·回家》劇組，拍攝與黎諾懿重逢的甜蜜戲分，談到未婚夫偷食事件，她眼濕濕直言：“類似事件已不是第一次發生。”

Internet use in China more than doubled in five years, reaching 46.9 percent of the population. The number of mobile Internet users reached 527 million and, for the first time, mobiles surpassed PC as the primacy access point to the Internet. However, China's average broadband speed only ranks 71st in the world. The average cost is three to four times the average level of developed countries, said a 2011 report released by the Advisory Committee for State Information, an advisory body to the government.

問及心情是否平伏了一點？朱慧敏表示要冷靜，又不斷向傳媒重申：“其實她是一個好人，他真是一個好人。”那是否好人到關懷其他女仔？朱慧敏聞言，神情平靜，未有回應。朱慧敏又謂，雖然有相片，但不一定代表事實之全部，故需要再瞭解究竟真相為何。

對於她指男方不是第一次發生這種事，她說：“又不可以這麼講，有好多事我未清楚知道……我是……他是一個好人，無可否認他是一個好好的人，心地好善良。但去到婚姻的時候，可能我們的相處同價值觀……我們兩個都需要磨合同進步，去成長。”

朱慧敏在訪問中，多次為未婚夫Eddie說好話，稱對方是一個好人，心地善良的人：“他有時……他會

沒想那么多，他會想，‘我想送個女仔返屋企，’或者‘我想照顧她’，那他就會做啦，我到現在都不覺得我會對我不忠，對我同其他女仔有越軌的行為，其實我不覺得他是個這樣的人。這方面我是好信任他，只不過我是覺得，有事發生，你要站出來，等大家有個知字，還有一些可以避免的誤會可以避免…我覺得真是好傻。”

兩口子本來積極籌備婚禮，卻爆出Eddie一再偷食斷正事件，令朱慧敏難過之餘，亦面日無光。問到席安排進展如何？朱慧敏表示：“現在由他先，應該會延期。我個人…我是希望要延遲，因為畢竟真是…我們之間是有些事需要處理了先。不是同拍拖、談戀愛那樣，我們都三十幾歲人啦，婚姻同戀愛是兩樣事。我相信這件事是好好的……給

食斷正事件，令朱慧敏難過之餘，亦面日無光。問到席安排進展如何？朱慧敏表示：“現在由他先，應該會延期。我個人…我是希望要延遲，因為畢竟真是…我們之間是有些事需要處理了先。不是同拍拖、談戀愛那樣，我們都三十幾歲人啦，婚姻同戀愛是兩樣事。我相信這件事是好好的……給

我們兩個一個磨練同成長機會。有好多關口我們要過，如果過到，那就非常的好啦，都是希望前面開花結果……”

那可有一刻想過不結婚？朱慧敏想一想謂：“現在我答不到你。”Eddie有沒找你？她說男方有打過電話給她，那現在可有同Eddie

食斷正事件，令朱慧敏難過之餘，亦面日無光。問到席安排進展如何？朱慧敏表示：“現在由他先，應該會延期。我個人…我是希望要延遲，因為畢竟真是…我們之間是有些事需要處理了先。不是同拍拖、談戀愛那樣，我們都三十幾歲人啦，婚姻同戀愛是兩樣事。我相信這件事是好好的……給

同居？朱慧敏平靜說：“一直無同居。”之前吳浩康因為屢偷食斷正，終令女友鍾舒漫心死，取消婚事；如今朱慧敏亦坦言將婚事延期，但就謂與第三者無關。朱慧敏說：“其實本身已冷戰一個月，我們一個月沒聯絡，但不關今次事，不關第三者事……是平時談事情有爭執，是我們有問題出現，太多千絲萬縷的事，給點時間我。對於我來講，日子都是這樣過，最緊要身體健康，最緊要保持正能量同自強不息，不是世界末日，看下他怎樣回應先。”

問及Eddie可有聯絡過她？朱慧敏反問記者：“其實我想知道大家今日找不到她。”Eddie有聯絡過她，“我覺得作為一個成年人，有的事是，有沒做都好，做對做錯都好，都應該有一個交代。我不會呼籲他出來交代，但如果他是成熟的話，他自己會出來，對不對呀？做錯，不緊要，我自己入行11年，我錯過好多次，好多謝觀衆、公司給好多機會我，令我自己認

多謝觀衆、公司給好多機會我，令我自己認

多謝觀衆、公司給好多機會我，令我自己認

多謝觀衆、公司給好多機會我，令我自己認

下可以怎樣去成長，去改變。人一定要有擔當，一定要有責任心。如果你什么都是避，開電話，sorry這個不是我style。”

那Eddie今次是否令你失望？朱慧敏又想了想，點點頭，“唔”一聲，再說：“相信大家都會感覺到一點我的感覺……是啦……”又謂前晚(14號晚)已有朋友告之其有關報道，故朱慧敏一直無法成眠至今，如常開工：“我年紀都不細，我要成熟點處理我的情緒，即是我幾不開開心我哭都好…不是這個時候，我一定要好理智，我現在要解決問題先。”

彭懷安偷食事件爆出後，“長腿G.E.M.”迅速被網友起底！她在Instagram的Profile上的全名為

“陳惠敏”，原來她曾經參演《賭城風雲》及《賭城風雲2》。擁有40吋素腿的她經常大曬長腿，狂發性感相，被封“長腿G.E.M.”的她當然少不了“金魚姐”自拍。

朱慧敏昨晚與黎諾懿拍攝《愛·回家》結局篇，劇情講兩人複合，尹德如同馬壯有個happy ending。談到二人是否拍攝《愛》煞科戲？諾懿透露此劇有望“添食”：“今日收到消息說可能有機會添食，所以大家用心拍。讓觀衆以為ending，但可能有機會開始。”

A U.S. Navy crewman aboard a P-8A Poseidon surveillance aircraft points to a computer screen purportedly showing Chinese construction on the reclaimed island in the Spratlys chain.

China declared victory on Friday over an encounter with a US surveillance aircraft overflying the contested South China Sea, saying its military "drove away" the intruder with radio warnings.

Beijing is in the throes of a rapid land-reclamation program in the area, building artificial islands and facilities including an airstrip — raising tensions with Washington and the risk of a standoff on the high seas.

China regards almost the whole of the South China Sea as its own and the foreign ministry condemned the overflight as "highly irresponsible and dangerous", warning that such actions could cause "unwanted incidents".

The US Navy has released video footage taken from the P-8 Poseidon surveillance plane, which received several warnings from the Chinese military to retreat as it flew over the South China Sea — home to vital shipping lanes.

The footage showed a flotilla of vessels carrying out reclamation works in one lagoon, and an airstrip under construction on another island.

A CNN crew on board captured a tense radio exchange between the US aircraft and Chinese forces.

"This is the Chinese navy... This is the Chinese navy... Please go away... to avoid misunderstanding," a voice can be heard telling the Americans.

The Chinese navy issued eight such warnings during the P-8's flight near Fiery Cross Reef, one of the sites of Beijing's land reclamation effort, CNN reported.

American pilots replied in each case that they were flying through "international airspace".

Foreign ministry spokesman Hong Lei told a regular briefing in Beijing: "China Garrison troops drove it away by radio in accordance with relevant regulations."

"US actions have posed threats to the security of China's maritime features, it is highly likely to cause unwanted incidents, it's highly irresponsible and dangerous. We are strongly dissatisfied with this."

He urged the US not to take "any risky and provocative actions", saying China would "take proper and necessary measures to guard against any harm to China's maritime features and incidents in waters and airspace," he added.

China's state broadcaster, CCTV, played part of the CNN footage showing the Chinese navy ordering the US plane out of the area with Chinese subtitles.

The US does not recognize China's claims to the artificial islands.

But China has repeatedly said it has "indisputable sovereignty over the Nansha islands and adjacent waters", using its name for the archipelago known as the Spratlys.

Workers monitor data on Beijing's pollution at an environmental protection center.(Wang Zhao/AFP/Getty Images)

would not meet global standards.

Fang Li, deputy director of Beijing's environmental protection bureau, said the improvement was partly a delayed result of measures taken last year. But he also admitted that favorable weather had helped to disperse smog.

The data is largely consistent with observations by environmental groups here: Greenpeace recorded a 13 percent decline in PM2.5 levels in the first quarter.

An air intake device collects air samples for monitoring pollution at the Beijing Municipal Environmental Protection Monitoring Center in Beijing. (Mark

"This means that the government's strict pollution controls are working, at least enough to record a modest improvement on last year," said Fang Yuan, a spokesman for the Climate and Energy Program of Greenpeace East Asia.

But he cautioned that "this is the only silver lining in a situation where 90 percent of cities still record levels of pollution that far exceed China's own air quality standards" — which are already more lax than U.S. standards.

In China, the air quality is considered good when the 24-hour average PM2.5 level falls below 70 micrograms per cubic meter of air. In the United States, that level would be classified as "unhealthy."

China's leaders have declared a "war on pollution" and unveiled a national plan to improve air quality in late 2013.

On Thursday, the city's administration invited reporters for a day of presentations about its efforts to clean up the air, to support Beijing's bid to host the 2022 Winter

as eastern coastal areas cut back on coal consumption but some heavy industry moves west.

"We need to apply equally strict standards to the mid-western areas and equally strict law enforcement," said Ma, whose Institute for Public and Environmental Affairs is also pushing for more disclosure of pollution data from factories and other sources in central and western areas.

Greenpeace is also arguing for regional caps on coal consumption within China and for reducing PM2.5 level targets across the country.

The decision over which city will host the 2022 Winter Olympics, a toss-up between Almaty, Kazakhstan, and Beijing, will be announced July 31. (Courtesy www.washingtonpost.com)
