Trump pushes U.N. reform

U.S. President Donald Trump participates in a session on reforming the United Nations at UN Headquarters in New York.

(Reuters)

U.S. President Donald Trump criticized the United Nations for bloated bureaucracy and mismanagement on his first visit on Monday to U.N. headquarters, calling for “truly bold reforms” so it could be a greater force for world peace. Ahead of his maiden speech to the annual U.N. General Assembly on Tuesday, Trump hosted a short event to boost support for changes to the United Nations.

“In recent years the United Nations has not reached its full potential because of bureaucracy and mismanagement, while the United Nations on a regular budget has increased by 140 percent and its staff has more than doubled since 2000,” Trump said.

“The United Nations must hold every level of management accountable, protect whistleblowers and focus on results rather than on process,” Trump said.

“I am confident that if we work together and champion truly bold reforms the United Nations will emerge as a stronger, more effective, more just and greater force for peace and harmony in

the world,” Trump said in his first remarks at the U.N. in New York since his inauguration as president in January.

In a building where long statements are commonplace, Trump spoke for just four minutes. More than 120 countries were invited to attend Monday’s reform meeting after signing on to a U.S.-drafted 10-point political declaration backing efforts by U.N. Secretary-General Antonio Guterres “to initiate effective, meaningful reform.”

Businessman Trump, who complained during his 2016 election campaign about the United States paying a disproportionate amount of money to the United Nations, made the point again on Monday.

“We must ensure that no one and no member state shoulders a disproportionate share of the burden and that’s militarily or financially,” U.N. Secretary General Antonio Guterres (L) and U.S. Ambassador to the U.N. Nikki Haley watch as U.S. President Donald Trump speaks during a session on reforming the United Na-

tions at U.N. Headquarters in New York, U.S., September 18, 2017. REUTERS/Lucas Jackson

The United States is the biggest U.N. contributor, providing 22 percent of its \$5.4 billion biennial core budget and 28.5 percent of its \$7.3 billion peacekeeping budget. The contributions are agreed on by the 193-member General Assembly. Guterres, who also took office in January, told the meeting: “To serve the people we support and the people who support us, we must be nimble and effective, flexible and efficient.”

He agreed that U.N. bureaucracy was a problem that kept him up at night. “Our shared objective is a 21st century U.N. focused more on people and less on process,” Guterres said. “Value for money while advancing shared values – that is our common goal.” Trump also said that all peacekeeping missions should “have clearly defined goals and metrics for evaluating success.”

Local News

Showers sweep across Houston Monday, expected to continue into week

Houston residents returning from their lunch breaks were hit with wet weather on the way back to the office Monday. Less than a tenth of an inch of rain was expected Monday afternoon, but the National Weather Service predicts more rain for the week.

Tuesday brings a 40 percent chance of showers and thunderstorms though temperatures will stay high near 91. A 20 percent chance of showers and thunderstorms will carry into Tuesday night.

The chance of rain comes back to 40 percent Wednesday with highs near 90, and Thursday brings a 50 percent chance of showers and thunderstorms.

Last of the evacuees moved out of GRB

HOUSTON – The last of the Harvey evacuees, boarded buses and left the shelter at the George R. Brown Convention Center Monday morning.

They’re now calling the HCC Warehouse on Fannin their temporary home, but not everyone is happy with their new accommodations.

Unlike where these evacuees have been staying, the GRB center, this shelter is being run by the American Red Cross, with the city assisting, and it’s already at full capacity with 534 residents.

Hyperloop Ride From Houston To Dallas In 20 Minutes Closer To Becoming Reality

Hyperloop Texas Was A Finalist Chosen In The Hyperloop One Global Project.

AUSTIN - Texas is another step closer to having a transportation option that would sharply slice the travel time between the largest cities in the Lone Star State. Out of hundreds of applicants across the world, the Texas Triangle, created by Hyperloop Texas, was one of 10 routes chosen to be a part of the Hyperloop One Global project. It would connect Dallas, Austin, San Antonio and Houston with a Hyperloop freight route to Laredo.

In theory, Hyperloop technology would transport someone from Austin to Dallas in less than 20 minutes by gradually accelerating pods via electric propulsion through a low-pressure tube, the technology company said.

Hyperloop Texas representatives said the technology would help to eliminate mass congestion on Austin, Dallas and Houston's roadways.

Hyperloop One said the winners of the global competition showcased the best innovation and creativity. Three other U.S. com-

panies also showed those skills, landing in the top 10. They're listed below: Midwest Connect: Chicago-Columbus-Pittsburgh; Rocky Mountain HyperLoop: Cheyenne-Denver-Pueblo; Miami/Orlando Hyperloop: Miami-Orlando. Next, all of the winners will work with Hyperloop One to improve their proposals and provide ridership forecasts. Through workshops, the teams will also work on the feasibility aspect of the routes. If all goes according to plan, Hyperloop One would have three routes in service by 2021.

Hyperloop One Announces 10 Winners for Hyperloop One Global Challenge

Winning Teams/Routes Represent United States, United Kingdom, Mexico, India and Canada

Routes Include: US: Cheyenne-Denver-Pueblo; US: Chicago-Columbus-Pittsburgh; US: Miami-Orlando; US: Dallas-Houston; UK: Edinburgh-London; UK: Glasgow-Liverpool; Mexico: Mexico City-Guadalajara; India: Bengaluru-Chennai; India: Mumbai-Chennai; Canada: Toronto-Montreal. LOS ANGELES, Sept. 14, 2017 /PRNewswire/ -- Hyperloop One, the only company in the world that has built a full-scale Hyperloop system, today announced the winners of its Hyperloop One Global Challenge to identify the strongest new Hyperloop routes in the world. Following a close assessment of the proposals by a panel of experts in infrastructure, technology and transportation, ten teams from five countries were chosen from among hundreds of applicants. Hyperloop One will commit meaningful business and engineering resources and work closely with each of the winning teams/routes to determine their commercial viability. Additionally, as a direct result of the Global Challenge, Hyperloop One and the Colorado Department of Transportation (CDOT), with support from AECOM, will enter a public private partnership to begin a feasibility study in Colorado. Hyperloop One Global Challenge winners represent the United States, the United Kingdom, Mexico, India and Canada.

"The Hyperloop One Global Challenge started as a call to action for innovators, engineers, trailblazers and dreamers around the world who shared our vision of creating a new mode of transportation," said Shervin Pishevar, co-founder and Executive Chairman of Hyperloop One. "The Global Challenge became a movement of thousands of people from more than 100 countries over six continents. Like us, they believe that Hyperloop will not only solve transportation and urban development challenges within communities, it will unlock vast economic potential and transform how our cities operate and how we live. Our successful test this summer made Hyperloop a reality, and now we're ready to bring our Hyperloop system to the world."

Hyperloop One will now work closely with each winning team to validate and analyze their proposals further, and provide initial ridership forecasts, business case and preliminary technical analysis of the route and corridor, tailored to the needs of the individual route. Hyperloop One's business and technical leaders will host in-country workshops with each team, and connect them with Hyperloop One's global partner network to sharpen the feasibility and scope of the potential routes. Another 11 finalist teams will continue to develop their proposals with the support of Hyperloop One.

The Hyperloop One Global Challenge kicked off in May 2016 as an open call to individuals, universities, companies and governments to develop comprehensive proposals for deploying Hyperloop One's innovative transportation technology in their region. The winning teams/routes were chosen based on specific criteria including well-de-

fined routes and implementation strategies, key stakeholder involvement from public and private sectors, compelling business cases, and innovative and creative applications of a Hyperloop system.

"The excitement around Hyperloop is in its potential to reimagine transportation by eliminating the barriers of distance and time," said Michael S. Burke, AECOM's chairman and chief executive officer. "That half of the winning teams are supported by AECOM demonstrates the power of our connected expertise and is further evidence that these are the kinds of problems AECOM is built to take on and solve. We're excited to be part of Hyperloop One's efforts to create impactful use cases for a technology that can transform what it means to get from point A to B anywhere in the world."

"We are excited to partner with Hyperloop One in exploring the next step of feasibility of this innovative technology, potentially transforming how Colorado moves," said Shailen Bhatt, Executive Director of the Colorado Department of Transportation. "The Hyperloop technology could directly align with our goals of improving mobility and safety in Colorado, and we have been encouraged by the continued progress the technology is taking."

The winning routes connect 53 urban centers and nearly 150 million people representing Canada, India, Mexico, the United Kingdom and the United States. Their combined distance spans 6,628 km (4,121 miles). They are:

US Chicago-Columbus-Pittsburgh Team: Midwest Connect; **US Dallas-Laredo-Houston** Team: Texas Triangle; **US Cheyenne-Denver-Pueblo** Team: Rocky Mountain Hyperloop; **US Miami-Orlando** Team: Miami/Orlando Hyperloop; **India Bengaluru-Chennai** Team: AECOM India; India Mumbai-Chennai Team: Hyperloop India; **UK Edinburgh-London** Team: HypED; **UK Glasgow-Liverpool** Team: Northern Arc; **Mexico Mexico City-Guadalajara** Team: Mexloop; **Canada Toronto-Montreal** Team: HyperCan.

With Hyperloop One, passengers and cargo are loaded into a pod, and accelerate gradually via electric propulsion through a low-pressure tube. The pod quickly lifts above the track using magnetic levitation and glides at airline speeds for long distances due to ultra-low aerodynamic drag. The

company made history this summer with the successful completion of the world's first-full scale Hyperloop test, achieving record test speeds.

Hyperloop Pod

"The winning teams of the Hyperloop One Global Challenge represent the best innovation and creativity from government agencies, engineering firms, academics, infrastructure experts and more," said Josh Giegel, co-founder and President of Engineering of Hyperloop One. "We're encouraged by these compelling projects that aim to increase passenger mobility, connect urban centers, reimagine trade and cargo and enhance quality of life. We look forward to working closely with all the winners, their partners and local authorities to examine the feasibility and scope of these routes and, ultimately, build the first Hyperloop routes around the world. We're also excited to share that we'll be hosting the world's first Global Summit around Hyperloop One technology in early 2018 that will bring together all of our government and industry partners and really kick off the growth of our hardware and software platforms."

About Hyperloop One

Hyperloop One is the only company in the world that has built a fully operational Hyperloop system. Our team has the world's leading experts in engineering, technology and transport project delivery, working in tandem with global partners and investors to make Hyperloop a reality, now. Headquartered in Los Angeles, the company was co-founded by Executive Chairman Shervin Pishevar and President of Engineering Josh Giegel, and is led by CEO Rob Lloyd. "This is the beginning, and the dawn of a new era of transportation," said Shervin Pishevar, Executive Chairman and Co-founder of Hyperloop One. "We've reached historic speeds of 310 km an hour, and we're excited to finally show the world the XP-1 going into the Hyperloop One tube. When you hear the sound of the Hyperloop One, you hear the sound of the future." For more information, visit www.hyperloop-one.com. (Courtesy <http://www.prnewswire.com/news-releases/hyperloop-one>)

Houston Residents, Officials Stew Over Harvey Storm-Trash Removal

Flood-damaged contents from people's homes line the street following the aftermath of tropical storm Harvey in Wharton, Texas, a small town close to Houston, September 6, 2017. (Photo/Reuters)

HOUSTON (Reuters) - Disposing of the mounds of debris lining Houston streets three weeks after Hurricane Harvey flooding damaged about 126,000 homes is riling residents and officials in the nation's fourth largest city.

The sheer volume of work is overwhelming initial efforts, say residents, resulting in pleas from officials for the state and private contractors to contribute vehicles. Houston also is offering to increase its fees for emergency trash removal to bring in more waste disposal trucks.

"We have been asking for more trucks for weeks," said Greg Travis, a Houston city councilor whose hard-hit west Houston district had just two trucks operating one day this week. There is no schedule of collections nor estimate when one would be available, he said.

Houston's trash haulers are working side-by-side with a disaster contractor's crews from San Antonio and Austin, Texas. The city's size, about 627 square miles (1623.92 square kilometers), is larger than Los Angeles or New York.

Across Texas, the debris left behind by the storm could reach 200 million cubic yards - enough to fill up a football stadium almost 125 times, Texas Governor Greg Abbott estimated on Thursday. Harvey's path up the Texas coast killed as many as 82 people, flooding homes and businesses with up to 51 inches of rain.

"We have no idea when it's going to be picked up," said Houston resident David Greely, 51. "It's overwhelming."

DRC Emergency Services LLC, the city's

contractor for emergency trash removal, has about 300 trucks operating in Houston and surrounding areas, according to President John Sullivan.

"We'll reach 500 trucks in the next few days," he said.

Houston is renegotiating its contract to expedite the work, Alan Bernstein, a spokesman for Mayor Sylvester Turner, said on Friday.

An 8.9 percent temporary property-tax increase proposed this week by the mayor would pay for damage to city property and for costs not covered by the United States. Turner estimated the cost of debris removal is \$200 million.

Contract renegotiations are common during disasters, according to DRC's Sullivan.

"There has been price adjustments for debris contractors across Texas for Harvey recovery, not just Houston," he said.

Some well-to-do neighborhoods have begun considering paying for private trash haulers to pick up the debris.

"I don't know if I'm on the city's list for trash cleanup," said Eric Olafson, 62, who added his neighbors are discussing paying private contractors to remove their debris. (Courtesy Reuters)

CRIME

Nearby neighborhoods in west Houston work to fend off looters

By Matt Dougherty, KHOU

Neighbors living in a west Houston suburb say their property has fallen prey to thieves.

Homeowners in Stonehenge are calling them looters, claiming they return to take property at night after they had been advised to leave earlier in the day.

Stonehenge resident Story Sloane says he has had approximately \$3,000 in property stolen from his front porch and yard. He says they were items he had intended to keep but had set them out to dry.

Sloane says the problem rests with the Stonehenge Homeowner's Association which he claims has been reluctant to provide a full time security guard to monitor the private neighborhood overnight.

A Stonehenge HOA board member told Sloane and KHOU 11, a security guard would be provided by 9 p.m. on Saturday to keep non-residents from entering the neighborhood.

KHOU 11 never observed a security guard on site at that time.

For residents who have already witnessed so many of their memories washed and faded by the floodwaters, seeing more of them disappear by the day, is enough to bring them to tears.

The Stonehenge HOA president said in a voicemail message to KHOU 11 that the association is working on finding a guard for the neighborhood as the cleanup continues.

Investigative reporting

Controversial dam releases that inundated neighborhoods

Submerged freeways from the effects of Hurricane Harvey are seen during widespread flooding in Houston

By Keri Blakinger

More about the controversial controlled releases from two Houston dams; how destruction affected small cities like South Houston and Wharton and profiles of all of Houston's known Harvey victims - all in this week's investigative and in-depth reporting.

The decision came late at night, when much of the city was already asleep. With little warning and no evacuation orders, the U.S. Army Corps of Engineers began releasing water about midnight Aug. 27 from the struggling Barker and Addicks reservoirs, pushing floodwaters from Hur-

ricane Harvey deeper into several west Houston neighborhoods.

Robert Arthur Haines and Cathy Harling Montgomery, both 71, could not escape. They drowned after their Memorial-area homes near Buffalo Bayou began to fill up with water after the dam releases began.

It's been about two weeks since Hurricane Harvey ceased its devastating torrential rains on South Houston, but Irene Tamayo said the Federal Emergency Management Agency has yet to pay her or the city of about 16,000 residents a visit. "I'm still listed as pending," she said. "I tried to schedule an appointment a week

ago, but I'm still waiting." Tamayo is the face of a problem still plaguing some parts of this small city, where residents are stuck in limbo

美南電視轉換新頻道15.3操作指南

美南國際電視網STV Channel 已由55.5 轉換至15.3，並正式擴大為十個頻道，廣大收視觀眾只要透過遙控器轉台至15.3，即可收看到美南電視節目，如果您家中的電視遙控器轉到15.3頻道，依然無法收看到美南電視，請依以下中英對照操作指南方式調整。

點選遙控器內的Menu頻道設定，重新掃描，注意智能型電視可能有一個聰明的按鈕用於設置MENU選項。通常會有廠商的LOGO標誌。尋找頻道設置選項。確認頻道是以天線收視。從MENU中，選擇數位頻道搜索（Channel Scan 或 Channel Search 或是Auto program），進行頻道掃描搜索或頻道自動設定。當電視完成自動搜索後，你會看到電視列出已有多少個頻道重新被發現。頻道重新設定過程有時可能長達一個小時。頻道設定完成後，按確認然後退出。如果頻道重新搜尋仍無法接收或是收視情況不佳，請購買天線調整最佳收視角度。如仍有相關問題，請致電美南新聞281-498-4310，聯繫Daniel。

How to complete a channel scan on your Digital TV to add Channel 15.3

Please note: All TV manufacturers differ, so menu options, wording and other items may vary. The best way to complete the channel scan is to refer to the TV owner's manual. If that is unavailable, the following general steps should guide you through the process.

- 1.Using your television's remote control, press the Menu or Settings option.Note: a "Smart TV" may have a smart button that must be used to access the settings menu. It will generally have the manufacturer's logo on it.
- 2.Locate Channels or Tuner Set Up option.
- 3.Check the menu for an option of Antenna Type or Connection Type followed by either Antenna or Cable.
- 4.Make sure that the designated setting is Cable (based on manufacturer, alternate choices may include Digital Cable, CATV or Cable STD)
- 5.From the menu, choose Digital Channel Search (based on manufacturer,alternate choices may include Channel Scan, Channel Search or Auto program.)
- 6.Allow the TV to complete the search. You will see a bar listing how many channels have been found. The process may take up to an hour.
- 7.Once complete, confirm the menu prompt, then press an exit or quit option.

潘瑋柏新歌又被指抄襲 麻吉弟弟曬音軌對比照

據臺灣媒體報道，潘瑋柏近日推出新專輯《山異類》，不過新專輯風波不斷，先是新歌《失眠》被曝抄襲龍俊亨自創曲，17日麻吉弟弟又以音軌比對影片，直指潘瑋柏《啞巴》抄襲BIGBANG太陽的《eyes nose lips》，只見麻吉弟弟在影片中表示，剛在聽這兩首歌，突然覺得很相似，“我把它串起來，給你們聽、給你們決定，你們聽完有覺得抄襲嗎？”不過麻吉弟弟 現已將該則貼文刪除。

麻吉弟弟17日po出壹段影片，將潘瑋柏及太陽的歌曲副歌部分比對，還寫上門大的字樣“潘瑋柏又抄襲歌？”影片結束後，他接著說：“你們聽完有覺得抄襲嗎？還是有別的感覺？都幫我在

下面留言，peace。”整段52秒的影片引起網友討論，潘瑋柏人在大陸宣傳，所屬華納音樂回復，“沒有抄襲，兩首歌曲並不相同，也謝謝麻吉弟弟對‘啞巴’這首歌曲的關注。音樂這條道路不容易，希望麻吉弟弟接下來要推出的新作品也能夠成功！”而麻吉弟弟所屬華研暫時沒有回應。

潘瑋柏先前才因新歌《失眠》與韓國Highlight成員龍俊亨2014年創作曲相似，而引爆抄襲爭議，後來該曲作者唐振剛出面道歉，也表示與潘瑋柏無關，正當風波已經平息，事情才過1個月，又突然殺出麻吉弟弟質疑抄襲，不過麻吉弟弟17日下午在臉書預告將推出新作品，難免被懷疑po文動機。

賈靜雯古裝扮相美翻天 壹開口卻嚇壞網友

據臺灣媒體報道 賈靜雯和修傑楷壹起參加綜藝《極速前進》第4季，每周前進不同城市，這次到合肥挑戰“黃梅戲”，時隔多年她再次古裝亮相，扮演七仙女唱起《天仙配》，壹轉身超級驚艷，不過她唱起戲曲五音不全，“公鴨嗓”讓網友嚇了壹跳，她也害羞直呼“我唱歌很恐怖的”。

賈靜雯是古裝美女，之前電視劇角色扮演趙敏、武媚娘都十分經典，這次要挑黃梅戲，老公修傑楷對她信心滿滿：“這是妳的強項啊。”她盤起頭發、穿上古裝，壹登場讓所有人動心。

不過賈靜雯壹唱起戲曲，暴露了五音不全的缺點，加上又要熟記臺步跟臺詞，她幾度跟不上音樂，神情十分崩潰緊張，她壹遍又壹遍地練動作、學唱腔，練到嗓子都有些沙啞，讓壹旁老公也為她捏了壹把汗，壹直在旁陪伴鼓勵，夫妻倆之間的感情，讓網友直呼“忽略唱不好這件事，看秀恩愛就夠了。”

周傑倫經常來探班 昆凌承認懷孕發生在拍戲片場

據臺灣媒體報道女星昆凌最近積極為電影《極智追擊：龍鳳劫》宣傳，並和英國男星奧蘭多布魯（Orlando Bloom）合體上某綜藝。

她螢幕形象甜美，嫁給周傑倫晉身天王嫂，依舊保持親切作風，深獲粉絲喜愛，沒想到在節目中被匿名人士爆料“翻臉比翻書還快”，當場怒噏“妳有種爆料就給我出來！”昆凌走到舞臺中央，原本聽到變聲爆料還很納悶，“我還真聽

不懂他在說什麼”，下壹秒突然大吼“有種給我出來”，嚇到當嘉賓的黃子佼，奧蘭多布魯則是笑得超海。原來全是在考驗她的演技，緊接著還假設和周傑倫約會時，見到狗仔隊出現，立刻走上前叫囂“妳可不可以不要再拍了”，目露兇光毫不留情，還作勢要搶對方手機，演完又變回燦笑表情。

除了在節目上“翻臉”，昆凌被奧蘭多布魯爆料“在片場都在打電話給老公”，害羞地阻止對方再說下去。她接拍電影時周傑倫也來探班，兩人在片場總是粘在壹起，抵擋不住大家好奇，松口承認“我的確是拍戲中途懷孕的”，且片中很多動作戲，還曾摔倒過，直到拍完才知道懷孕，令所有演員都嚇壹跳。

台灣媒体报道歌手张韶涵参加节目《蒙面唱将猜猜猜》，只不过在访谈时说不会尝试范玮琪穿的“大白”服装，让2人过去的恩怨又被讨论，有人翻出2010年，两人同台合唱《如果的事》的画面，虽然是合唱，但整场3分多钟的演出却完全没互动，甚至不曾站在同一个平面上，被网友封为“史上最冷同台”！范玮琪和张韶涵2010年底曾在“北京群星演唱会”上合体，演唱对唱歌曲《如果的事》，她从升降台上升露面后，就一直待在圆形主舞台，而张韶涵则在主舞台外围不停游走，两人不仅眼神没交集、没对话，毫无交流之外，甚至没一起站在同个平面，最后离开时也是各走各路，虽然合音依旧好听，肢体却是完全0互动，被网友封为“史上最冷同台”。

其实范玮琪和张韶涵在合作电视剧《爱情白皮书》后曾结为好友，不仅合唱《如果的事》，后来也曾和同公司的郭静合唱《仨人》，“姐妹淘”形象颇深，没想到她2015年在《康熙来了》却意外爆出，2010年与张韶涵为争取发片资源，一姐宝座，进而撕破脸的传言，引发双方粉丝论战。后来范范老公陈建州受访时，曾为两人缓颊，坦承她们之间确实有误会存在，但不是大不了的事，并表示“她们对于彼此的看法都是从别人口中得知，传来传去之下，误会就多了”，疑似暗指两人的误会受到旁人影响。

史上最尷尬！ 範瑋琪張韶涵同臺合唱零互動

狗仔跟拍！昆凌「爆氣」怒了 瞪眼噏：有種給我出來

藝人昆凌和周杰倫周董3年前完婚，繼迎來小周周後，今年六月又平安生下二胎男娃。最近更進軍好萊塢，在電影《極智追擊：龍鳳劫》中飾演帥氣的女打仔，沒想到螢幕形象甜美的她，被人爆料：「翻臉比翻書還快」，讓她當場怒噏：「你有種爆料就給我出來！」，甚至怒搶相機，嚇壞現場所有人！

只見昆凌一開始被爆料「翻臉比翻書還快」，讓她氣得大吼「你有種爆料就給我出來」，頓時讓現場來賓驚呆了。原來昆凌日前與好萊塢男星奧蘭多布魯為電影《極智追擊：龍鳳劫》上節目宣傳，她還與黃子佼演出狀況劇，當中黃扮演周杰倫，2人在

看電影途中突然遇到狗仔偷拍，昆凌因此斜眼怒瞪狗仔，相當殺氣逼人，「妳可不可以不要再拍了」，還想要搶對方手機，演技非常精湛。

此外，奧蘭多布魯也在節目中爆料，昆凌拍戲空檔「都在打電話給老公」，讓昆凌害羞地阻止對方別再說了。

而昆凌拍電影時周杰倫也常來探班，2人在片場總是「黏TT」，讓人好奇兒子Romeo是不是拍戲期間懷的？沒想到昆凌最後害羞承認：「的確是拍戲期間懷孕的」，不過自己拍完才知道懷孕。昆凌還表示，這次電影裡的角色，與現實中的個性大不相同，所以演起來特別「爽」。

金門爐頭廠

Golden Gate Restaurant Equipment Co.

金門是您的事業通往成功之門!

金門爐頭廠專業製造各種中式爐頭，抽油煙罩，精美布菲檯，各種不銹鋼廚具。本廠具有十多年經驗，手工精細，交貨快捷，以及提供一切餐館設備修理及安裝服務，一切工程及產品保證通過政府及衛生局檢驗。

★抽油煙機 ★冷凍房 ★布菲檯 ★抓碼檯 ★安裝服務 ★修理服務

★中式爐頭 ★油爐 ★洗碗檯 ★燒臘爐 ★零件配套 ★專門店製造不銹鋼餐具
