Boston gangster James 'Whitey' Bulger found dead in prison

(Reuters) - James "Whitey" Bulger, who lived a double life as one of Boston's most notorious mobsters and as a secret FBI informant before going on the run for 16 years, was found dead at a federal prison in West Virginia, the Federal Bureau of Prisons said.

The Federal Bureau of Investigation was looking into Bulger's death, the Bureau of Prisons said in its statement.

Bulger's death at age 89 came a day after he was transferred to the high-security prison. Federal officials did not give a cause of death but the Bureau of Prisons said no other inmates or staff were injured. CNN and the Boston Globe reported that Bulger was killed without giving further

Henry Brennan, a defense lawyer for Bulger, said in an email he could not confirm or deny the reports.

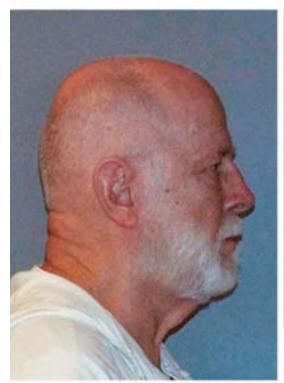

Bulger was convicted in August 2013 of 11 murders, among other charges including racketeering, and sentenced to two consecutive life terms plus five years.

Prison had been something Bulger had gone to great lengths to avoid killing potential witnesses, cultivating corrupt lawmen and living as a fugitive for 16 years. It all ended when a tip from a former Icelandic beauty queen led to his capture in June 2011 in Santa Monica, California, where he was living with a long-time girlfriend.

Bulger and his Winter Hill gang had operated for more than two decades in the insular Irish-dominated South Boston neighborhood, engaging in loan sharking, gambling, extortion, drug dealing and murder. They did so with the tacit approval of an FBI agent who looked the other way when it came to Bulger's crimes so that he would supply information on other

Bulger, portrayed by Johnny Depp in the 2015 film "Black Mass," was feared for his short temper and brutality. Prosecutors said he strangled two women with his hands and tortured a man for hours before shooting him in the head with a machine gun.

"We took what we wanted," Kevin Weeks, a former Bulger lieutenant who would eventually testify against him, wrote in "Brutal," his memoir. "We

FILE PHO-TO: Former mob boss and fugitive James "Whitey" Bulger is seen in a booking mug combination photo

made millions through extortion and loansharking and protection. And if someone ratted us out, we killed him. We were not nice guys."

Bulger was born Sept. 3, 1929, and grew up in South Boston. He was called "Whitey" because of his light blond hair but was said to detest the nickname and preferred being called Jimmy. As a teenager he joined a gang known as The Shamrocks, compiled an arrest record for assault and armed robbery and ended up in a juvenile reformatory

Bulger was a bank robber early in his criminal career, which landed him in prisons such as the infamous Alcatraz, located on an island in San Francisco Bay.

Upon his release in 1965, he eventually fell in with the Irish mob in South Boston and worked his way through the ranks as a bookie and loanshark. He survived a gang war between two Irish mobs and was a leading figure in Boston's underworld by the early 1970s.

U.S. consumer confidence at 18-year high; house price gains slow

WASHINGTON (Reuters) - U.S. consumer rose to an 18-year high in October, driven largely by a robust labor market, bolstering expectations that strong economic growth would continue through early 2019.

But a weakening housing market and tightening financial market conditions are casting a shadow on the economic expansion that is in its ninth year, the second longest on record. Home price gains slowed further in August, other data showed, another sign that higher mortgage rates were weighing on housing demand.

"We don't know how long this is going to hold up, but the consumer is bullish on the outlook and this means the economy is going to continue to advance in this long economic expansion from the last recession," said Chris Rupkey, chief economist at MUFG in New York.

The Conference Board said its consumer confidence index reading rose to 137.9 this month, the highest since September 2000, from a downwardly revised 135.3 in September. Economists polled by Reuters had forecast the consumer index slipping to 136.0 from the previously reported 138.4 in September.

Consumers' assessment of current business and labor market conditions improved despite a sharp stock market sell-off and jump in U.S. Treasury yields, which have tightened financial market conditions. The stock market's S&P 500 index has dropped more than 8 percent this month.

confidence The Conference Board survey puts more emphasis on the labor market. The survey's so-called labor market differential, derived from data about respondents saying jobs are scarce or plentiful, was the most favorable since January 2001. This measure closely correlates to the unemployment rate in the Labor Department's employment report. Economists said it raised the possibility that the unemployment rate could drop further from a near 49-year low of 3.7 percent. The government will publish its October employment report

> "At the end of the day, it is the job market, or the security of having a job with a regular paycheck, that supports confidence and spending," said Jennifer Lee, a senior economist at BMO Capital Markets in Toronto. "So far, so good." Consumer confidence at multi-year highs bodes well for spending in the upcoming holiday season. More consumers planned to buy automobiles and houses over the next six months, but the share of those intending to purchase major appliances slipped.

The dollar was near a 2 1/2-month high against a basket of currencies, while stocks on Wall Street were higher. U.S. Treasury yields rose.

The economy grew at a 3.5 percent annualized rate in the third quarter and is considered on course to achieve the Trump administration's target of 3.0 percent annual growth Growth has been spurred by a \$1.5 trillion tax cut. Economists estimate the tax cut stimulus peaked in the third quarter and expect growth to gradually slow from the second half 2019, restrained in part by higher interest rates.

The Federal Reserve has increased borrowing costs three times this year and in September removed a reference to monetary policy remaining "accommodative" from its policy statement. The U.S. central bank is expected raise rates gain in December. Higher borrowing costs have cooled housing demand; sales and homebuilding declined in September.

A separate report on Tuesday showed the S&P CoreLogic Case-Shiller composite home price index of 20 U.S. metropolitan areas rose 5.5 percent in August from a year ago after increasing 5.9 percent in July. Growth in house prices has slowed from as high as 6.8 percent in March. Prices had been boosted by a shortage of properties on the market, but now mortgage rates have risen to seven-year highs.

"The sharp gain in mortgage rates thus far in 2018 continues to weigh on home sales as well as home prices," said Brent Campbell, an economist at Moody's Analytics in West Chester, Pennsylvania.

"With the Fed continuing to tighten monetary policy through the rest of 2018 and into 2019, mortgage rates are likely to rise even more, resulting in less housing demand and modest house price growth in 2019."

LOCAL NEWS

Randalls to close three Houston-area stores

The Randalls grocery chain is closing its store at Westheimer and Shepherd along with two others, a spokeswoman for the company said Tuesday morning.

In addition to the Montrose-area location at 2075 Westheimer, the company said it will close a Sugar Land store at 5800 New Territory Boulevard and one in The Woodlands at 9420 College Park Drive. "Closing an underperforming store is always a tough decision, but sometimes a necessary step to position the company for greater success and growth. We are working toward providing opportunities for the employees of these stores at other Randalls locations," spokeswoman Connie Yates

said in an email. "Randalls has proudly served Houston since 1966, and we remain committed to all the markets

The Albertsons subsidiary, which has struggled in Houston's hyper-competitive grocery market, has closed four stores this year and 25 since 2005. Randalls has less than 4 percent of the local grocery market share, while H-E-B, Kroger and Walmart each have about 25 percent. The stores will close around Dec. 1, Yates said.

The Randalls at 2075 Westheimer was remodeled in 2007. Now it's scheduled to close.

Downtown landmark Houston Press building reduced to rubble

By Craig Hlavaty

On Monday demolition started on downtown Houston's former Houston Press building and historic car dealership structure.

Passersby on Monday afternoon might have notice the building's backside had been partially demolished and on Tuesday even more work was being done to the building.

Energy giant Chevron has owned the 41,000-square-foot building since 2013 and would like to eventually redevelop the valuable downtown real estate. A Chevron representative told Chron.com last month that the building "has reached the end of its useful life."

Demolition of the former Houston Press building at 1621 Milam is shown Tuesday, October 30, 2018. The property is owned by Chevron.

In the past month since property owner Chevron told Chron.com that the building had ended its era of usefulness the building had been the subject of a handful of Houston Chronicle editorials written by local historians and architects who hoped it could be saved from demolition.

Architectural historian Stephen Fox wrote a piece urging the folks at Chevron to change their minds about the pending demolition of the building that was known as the Houston Press headquarters from 1998 until late 2013.

The 1920s Shelor Motor Company Building embodied

Photo: Godofredo A. Vasquez, Houston Chronicle / Staff Photographer The 1920s Shelor Motor Company Building embodied Houston's ambitions as much as the Astrodome would a generation later — but it also contributed to an urban, pedestri-

an-scaled life that is the key to Houston's sustainable future. Before the building housed the alt-weekly, it was better known as the old Shelor Motor Company Building. Opened in 1928, it sold Dodge and Graham Brothers trucks in the beginning.

The stretch of Milam was at one time a row of car dealerships, ushering in Houston's stubborn car-minded psyche that exists to this day. According to Fox, Frank Gillman Pontiac was the last car dealer to occupy the Shelor Building, remaining until 1967.

The area where the wall is proposed to be built is a refuge for 19 federally threatened and endangered species and 57 state protected species, including the ocelot and other species. A wall could have a serious, and possibly deadly, impact on these species.

The prospect of a border wall between Mexico and the U.S. is now real. President Trump has requested \$1.6 billion for fiscal year 2018 to build three segments totaling 74 miles. The Department of Homeland Security is planning to test the eight prototypes it built this summer in San Diego over the next 30 to 60 days.

There's a long debate over whether physical barriers on the border actually curb the illicit flow of people and drugs. The Border Patrol, which is backing Trump's plan, says they're a "vital tool" in their operation. Migration experts say they're more symbolic than ef-

But what is undeniable is that the 654 miles of walls and fences already on the US-Mexico border have made a mess out of the environment there. They've cut off, isolated, and reduced populations of some of the rarest and most amazing animals in North America. like the jaguar and ocelot (also known as the dwarf jaguar). They've led to the creation of miles of roads through pristine wilderness areas. They've even exacerbated flooding, becoming dams when rivers have overflowed.

Now, DHS is eyeing unfenced areas in two Texas wildlife refuges that conservationists consider some of the most ecologically valuable areas on the border - home to armadillos and bobcats. If a wall were to slice through these ecosystems, it could cause irreversible damage to plants and animals already under serious threat.

"We've been dealing with all these negative environmental impacts of fences on the border for more than a decade," says Dan Millis of the Sierra Club Borderlands project. "And Trump's proposal would make it worse."

The border region is ecologically rich because a lot of it has been federally protected The political boundary between the US and

Wall Could Cut Off A Texas Wildlife Refuge And The Habitat Of Big, Beautiful Cats Trump's Border Wall Could Be An Ecological Disaster

Compiled And Edited By John T. Robbins, Southern Daily Editor

Mexico stretches 2,000 miles from the Gulf of Mexico to the Pacific Ocean. Along the way, there are three mountain chains, the two largest deserts in North America, vast cattle ranches, a handful of cities and their sprawling suburbs, and the Southern section of the mighty Rio Grande river.

Much of the region has never been heavily populated, and over the years,

large swaths of land have been designated as protected areas. Today there are 25 million acres of protected US public lands within 100 miles of the line. That includes six wildlife refuges, six national parks, tribal lands, wilderness areas, and conservation areas — all of them managed by various federal agencies and tribal governments.

On the Mexican side, meanwhile, sit protected areas like El Pinacate y Gran Desierto Altar, which abuts the US Cabeza Prieta National Wildlife Refuge and parts of the Organ Pipe National Monument and Barry M. Goldwater Range in Arizona.

These protected areas have been established, in part, to protect wildlife and plants that span both countries. In the case of the El Pinacate and Cabeza Prieta, desert species like the Sonoran pronghorn (an antelope relative) have been able to migrate back and forth. But in recent years, that's gotten harder with the construction of long sections of vehicle barriers and fences, as you can see from the map.

"People think of deserts as barren lands and flat sand dunes with nothing there," Sergio Avila, a conservation scientist at the Arizona-Sonora Desert Museum, says. "But deserts are very diverse and rich in life."

Saguaro cacti, or **'giant** cacti," and ocotillo cactus (in bloom)

in the Organ Pipe Cactus National Monument park in the Sonoran Desert. (Photo Urterra / UIG via **Getty Images)**

The protected areas on the border harbor an incredible array of wildlife and plants

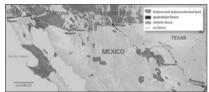

When you trace the border from west to east (as this Story Map project by Krista Schlyer did), you find shrinking pockets of remarkable biological abundance. At the far west is the Tijuana Estuary, a key salt marsh habitat for some 400 species of migrating birds. At the far east, birds and butterflies stop through the Lower Rio Grande Valley, which is also a permanent home for colorful mammals, reptiles, and amphibians.

"There are tropical animal species in some of these canyons that are not found anywhere else," says Jesse Lasky, a biologist at Penn State who has studied the impact of border fences on border species. "They inhabit these little slices of tropical ecosystem that creep up into the US near the Gulf coast." Not many scientists have measured the border's biodiversity in its totality — or the full impact of fences. One of the few studies to tackle these questions was written by Lasky and co-authors in 2011. They estimated that 134 mammal, 178 reptile, and 57 amphibian species live within about 30 miles of the line. Of those, 50 species and three subspecies are globally or federally threatened in Mexico or the United States. And they survive only because people on both sides have worked

Border fences have been terrible for wildlife and plants

hard to conserve them.

Since 1994, the US government has been erecting barriers to keep people and drugs from Mexico and beyond out. By 2010, about one-third of the border had been fenced with materials ranging from barbed wire to steel, bollard to wire mesh, and chain link. In addition, the Department of Homeland Security has built hundreds of miles of roads to allow the Border Patrol to access remote regions, both fenced and unfenced.

All of this construction has sliced and diced a lot of protected land along the border. And ever since the passage of the Real ID Act of 2005, DHS has had the power to waive most environmental reviews in the name of national security.

So, unlike most federal infrastructure projects, these fences have received little or no input from the public, land managers, conservation groups, or other agencies. Experts had no chance to assess beforehand what impact the fence might have on wildlife, plants, and rivers. Only after the fact have researchers documented instances where fences have interrupted wildlife corridors, and caused erosion and other damage to fragile ecosystems, as well as flooding.

But what evidence we do have is alarming. For instance, Lasky and his co-authors found that the biggest risk comes when fences bisect the range of a small population of a species with a specialized habitat, leaving the majority of the population on one side and the others adrift. His paper found 45 species and three subspecies that the current fence has affected this way.

Cutting off animal populations in this fashion leads to reduced gene flow and inbreeding —leading to a greater risk of extinction. Conservation groups are particularly worried about the Mexican gray wolf; in 2016, there were just 113 in the US and about three dozen south of the border. A wall between them could make the recovery of the population unsurmountable.

ican gray wolves are the most endan-

Mex-

gered wolf in the world. In 2016, there were just 113 in the US and about three dozen south of the border. Don Bartletti / Los Angeles Times via Getty **Images**

Fences also can also restrict animals' access to water sources — particularly problematic in the drought-prone Southwest. And they can make it harder for animals to adapt to climate change. "A lot of species do best in Northern Mexico, but with changes in precipitation patterns, they would need to disperse across the border," says Lasky. "This is something we should be thinking about a lot more — how fast organisms are

responding to climate change."

The wall structures hurt animals and insects in other ways too. Some sections have lights that attract and zap pollinators, like the monarch butterfly, that migrate across the border. And the taller the fence, the more impassable it is for some bats and birds, like the cactus ferruginous pygmy owl.

Trump's proposed wall could have a big impact on still-pristine areas

About two-thirds, or 1,350 miles, of the border remains unfenced. Trump said on July 13 that he intends to build a total 700 to 900 miles of new wall, which will be exceedingly difficult to do. (Cost estimates for walling off the entire border range from \$21 billion to \$40 billion, and 700 miles would cost at least \$12 billion)

But it's plausible that Congress will give US Customs and Border Patrol, the division of DHS in charge of border security, at least some of the \$1.6 billion that Trump requested to build three segments totaling 74 miles for fiscal year 2018. That would reportedly include "28 miles of new levee wall system in Rio Grande Valley, 32 new miles of border wall system in the Rio Grande Valley, and 14 miles of replacement secondary barrier in San Diego," according to a DHS spokesperson.

San Diego is a sprawling urban center, but just south of it is the Tijuana Estuary, where the Tijuana River meets the Pacific Ocean. It's one of the most biodiverse areas in the entire state of California, according to

Millis of the Sierra Club, and has already been impacted by fences. Replacing the fences there could mean more habitat destruction in the estuary.

Activists in Texas who've been tracking fence construction over the years say they think part of the new levee walls CPB would build if Congress allocates the money for them will bisect the Lower Rio Grande Valley National Wildlife Refuge — a collection of dozens of tracts of habitat stretching from Brownsville by the Gulf of Mexico to Rio Grande City, about 100 miles west.

This area is a refuge for 19 federally threatened and endangered species and 57 state protected species, including the ocelot and other species in the illustration below. And a wall could have a serious, in some cases deadly, impact on these species: (Courtesy https://www.vox.com)

BUSINESS

WASHINGTON (AP) - President Donald Trump on Friday celebrated the release of new economic data, claiming the U.S. is now the "economic envy of the entire world." Trump was responding to new growth numbers announced on Friday that show the U.S. economy surged in the April-June quarter to an annual growth rate of 4.1 percent — the fastest pace since

"We've accomplished an economic turnaround of historic proportions," Trump told reporters during hastily arranged remarks on the South Lawn of the White House, where he was joined by Vice President Mike Pence and flanked by members of his economic team.

"Once again, we are the economic envy of the entire world," Trump said, adding that "America is being respected again."

Trump is predicting that as he renegotiates trade deals, "we're going to go a lot higher than these numbers.'

Trump said on the South Lawn of the White House that the economic numbers are "very sustainable."

The president said the GDP reached 4.1-percent in the second quarter, adding, the U.S. is on track to the highest annual growth rate in 13-years.

Trump said on the South Lawn of the White House that the economic numbers are "very sustainable."

He also said 3.7 million new jobs have been added since the election, which is a number that was once "unthinkable."

Additionally, President Trump said the trade deficit has dropped by more than \$50 billion

Finally, Economic Adviser Larry Kudlow praised the economic boom as long-lasting and sustainable.

The numbers were driven by consumers who began spending the tax cuts Trump signed into law last year and exporters who have been rushing to get their prod-

President Trump: U.S. Is Economic Envy Of The World

Compiled And Edited By John T. Robbins, Southern Daily Editor

ucts delivered ahead of retaliatory tariffs. Trump, who has repeatedly attacked the economic record of his predecessor's administration, pledged during the 2016 campaign to double growth to 4 percent or better. And he has been trying to highlight economic gains ahead of the midterm

But Trump, ever the salesman, predicted even higher growth as he renegotiates the nation's trade deals, saying, "We're going to go a lot higher than these numbers." And he insisted the economic numbers are "very sustainable" and not "a one-time

Private forecasters cautioned that the April-June pace is unsustainable because, they say, it stems from temporary factors, including a rush by exporters of soybeans and other products to get their shipments out before retaliatory tariffs took effect.

They predicted the rest of the year is likely to see solid, but slower growth of around 3 percent.

The transformation is also not as dramatic as Trump claims — and in many ways the 4.1 percent annualized growth during the second quarter is in line with an economic expansion that just entered its tenth year.

President Donald Trump stands with Vice President Mike Pence after delivering remarks about the economy on the South Lawn of the White House, Friday, July 27, 2018

During Barack Obama's presidency, there were four quarters when annualized growth exceeded the level that Trump praised on Friday. And in 2015, full-year economic growth nearly reached the 3 percent level being targeted by the Trump administration this year when it hit 2.9 percent.

Unlike in 2015, growth has accelerated this year, in part, because of the stimulus from Trump's deficit-funded tax cuts. Trump has said he sees annual growth of 3 percent or more as sustainable. But Federal Reserve officials and outside economists don't expect a permanent upshift. Their forecasts predict that growth will

return to roughly 2 percent, which largely reflects a demographic change beyond the White House's control.

Due to declines in birth rates, workers will be joining the economy at a slower pace and this hurts overall growth levels. (Courtesy https://wgntv.com/)

U.S. economy back on track with strong second-quarter ebound

WASHINGTON (Reuters) - The U.S. economy rebounded sharply in the second quarter as consumers stepped up spending and businesses restocked, putting it on course to close out the year on solid footing.

Gross domestic product expanded at a 4.0 percent annual rate after shrinking at a revised 2.1 percent pace in the first quarter, the Commerce Department said on

The government previously had said the economy contracted at a 2.9 percent rate at the start of the year.

The second-quarter expansion was much stronger than the 3.0 percent economists had expected and added to manufacturing and services sector data in bolstering the outlook for the remainder of the year.

"Today's report shows greater near-term healing and momentum, reducing the downside risks and leaving us comfortable with our forecast for above 3.0 percent growth through next year," said Michelle Meyer, a senior economist at Bank of America Merrill Lynch in New York.

Despite the pickup, growth in the first half of the year badly lagged the economy's estimated 2 percent to 2.5 percent potential, a reminder that the nation's recovery from the worst recession since the 1930s remains the slowest on record.

A separate report showed private employers added 218,000 jobs to their payrolls this month, a decline from June's hefty gain of 281,000. Still, hiring remains solid and consistent with

Shoppers now

hitting the malls

as well as shop-

ping online.

expectations for a stronger second half of the year.

Federal Reserve officials on Wednesday acknowledged the improvement in the economy, but cautioned that labor market slack remained considerable. The U.S. central bank, following the end of a twoday policy meeting, announced a further reduction to the amount of money it is injecting into the economy through monthly bond purchases.

The Fed is not expected to raise interest rates until next June.

The GDP data buoyed the dollar, lifting it to a 10-month high against a basket of currencies as traders speculated about an early rate hike.

Prices for U.S. Treasury debt fell, with the yield on the two-year note touching its highest level since 2011. U.S. stocks were trading mixed.

Mall shoppers taking advantage of improved

U.S. economy. ECONOMY IN MUCH BETTER SHAPE

'We do not feel the report calls for pulling forward the Fed rate hike. The first quarter's bad weather didn't change the story, but simply delayed when that train gets to the station," said Tim Hopper, chief economist at TIAA-CREF in New York.

The government also published revisions to prior GDP data going back to 1999, which showed the economy performing much stronger in the second half of 2013 and for that year as a whole than previously reported.

The economy in the second quarter was buoyed by consumer spending and a swing in business inventories.

Consumer spending growth, which accounts for more than two-thirds of U.S. economic activity, accelerated at a 2.5 percent pace, as Americans bought long-lasting manufactured goods, mostly automobiles, and spent a bit more on services.

It had braked to a 1.2 percent pace in the first quarter because of weak healthcare spending.

Despite the pick-up in consumer spending, Americans saved more in the second quarter. The saving rate increased to 5.3 percent from 4.9 percent in the first quarter as incomes rose, which bodes well for future spending. (Courtesy reuters.com)

幸福城市徐誉庭 率剧组包场观赏

荣获2018多伦多国际电影节站台 竞赛首奖、入围本届金马奖四大奖项提 名:最佳男配角-、最佳女配角、最佳 新演员、最佳原创剧本; 受邀新加坡电 影节开幕片、入选东京 Filmex 竞赛单元 电影、釜山影展亚洲之窗享誉国际电影 《幸福城市》,上映三天至今好口碑持 续延烧。许多观众看完后纷纷留言表示 :「太震撼的电影了!」「没想到最后 让人喷泪!」「丁宁和李鸿其演技太强 大了!」「虽然悲伤却能温暖人心。」 也让连续几天跑遍戏院映后座谈的何蔚 庭导演、丁宁、谢章颖收到观众许多的 鼓励与讚赏。何蔚庭导演说:「很多人 问我为什麽片名要取做《幸福城市》, 现在选举将近,大家不是就会常常看到 这四个字吗?还有许多的建案也用此为 名。明明知道幸福是一种不可触及的虚 幻,却还是希望能拥有幸福。剧中的男 主角张冬陵也是。

上映第一天,徐誉庭导演就率先包 场支持,并邀请《谁先爱上他的》全剧 组出席观赏,许智彦导演与男女主角邱 泽、谢盈萱也到场。谢盈萱在何蔚庭导 演的《美好的意外》就已合作,她看完 后马上在官方脸书分享写著:「电影 (戏剧),千百万人想从中撷取的就有 千百万种。说是《幸福城市》,他还真 是透过银幕描述出了一个属于他的街廓 和某部分被粉碎的灵魂。何蔚庭导演的 暴力美学我完全买单。」而徐誉庭导演 与何蔚庭导演两人也是惺惺相惜,两部 片同时入围今年金马最佳原创剧本, 《谁先爱上他的》入围八项金马奖, 《幸福城市》入围四项金马奖。但在台 湾电影市场上,两部片不是竞争对手,

而是一起打拼的战友,都是希望台湾电 影能更好,不论是在票房、或口碑上。 何蔚庭导演也会在《谁先爱上他的》上 映第一天(11/2)包场支持,更期盼在 金马奖上两组人马都能轮流上台领奖。

入围金马奖新演员的谢章颖,其实 国中时期就被老师说:「你搞不好以后 可以去当演员,有你演。」没想到这句 话成真了!而在昨天的放映场,谢章颖 就在观众席上看到当年对他讲这句话的 恩师。老师说:「章颖真的好棒!他是 个聪明的孩子,也不是不爱唸书,可能 兴趣不在此。看他那麽有表演欲我就鼓 励他不如以后朝这方向走。没想到他真 的做到了!」谢章颖看到老师出现,他 当下也激动的说:「毕业后就没什麽机 会跟老师联络,没想到她会来看我的电 影,当时真的因为老师一直很鼓励我, 我才相信原来自己可以做到。」

当年《台北星期天》只有台北一家 戏院上映,接著才有第二家戏院接著演 。这次《幸福城市》上映规模全台有18 家戏院,但每家戏院的放映场次数不多 ,可能有的戏院一天只有两到三场。对 此何蔚庭导演虽然担心,但也希望在场 次数不多的状况下,更可以集中票房, 让戏院不要那麽早下片。

《幸福城市》是何蔚庭导演结合台 湾、韩国、法国跨国製作的写实治癒电 影,全程不但以35釐米底片拍摄完成 ,拍摄製作更长达两年,集结强大卡司 ,影帝李鸿其、高捷、五月天石头、丁 宁、刘瑞琪、尹馨、黄璐,更特别找来 坎城金棕榈大獎电影《我和我的小鬼们 》的法国女星Louise Grinberg与新人谢 章颖齐聚飙戏。

儿子想当超商店员 她竟闪过打脸自己的念头

今年夏天,电视剧《你的孩 子不是你的孩子》是最火热的话 题,许多不看台剧的观众,都被 剧裡追求分数的升学主义与失衡 的家庭关系深深撼动,那曾是许 多人的共同经验。跳脱戏外,导 演陈慧翎纠结的从来不是分数, 国一就开始谈恋爱,渴求的是家

她从小看爱情小说、沉迷电 视电影,作品也多谈爱情。真实 人生裡,爱情小说算是幻影也是 救赎,她早逝的父亲外遇背叛家 庭,母亲眼光又总落在弟弟身上 ,她只好武装外在的盔甲,掩盖 内心渴爱的女孩。直到癌症找上 门来,她才恍然大悟,与其往外 渴求,不如往内先放过自己。

座谈谈会上,满室担任导师 的大学教师,还有零零星星几个 大学生。导演陈慧翎讲起故事, 「我的儿子小学4年级,前阵子 他说: 『马麻, 我长大想去超商 当店员。』那时我脑袋突然断线 ,有个声音冒出来,『老娘花那 麽多钱给你念私立学校,你竟然 说以后要当超商员工,那你现在 就不要念书好了!』」台下老师 们都哈哈笑出声音,个个像了然

陈慧翎也笑了,停顿2秒又 继续:「然后我就吓到了。天啊 ,我竟然会有这样的想法。我都 已经做完这部片子,分享这麽多 关于教养的看法,我竟然还有这 样的迷思,对职业存有阶级之分 ,不是打自己脸吗?」这部片子 指的是电视剧《你的孩子不是你 的孩子》,该剧改编自作家吴晓 乐同名作品,探讨主流价值观造 就的教育体制问题,7月播出后 引发热议,还在日本Netflix衝上 人气第一名。

后来呢?陈慧翎抛开脑海裡

闪过的无数小剧场,她对儿子说 :「当超商店员也很困难耶!现 在超商店员要十八般武艺都会, 有时会碰到奥客,你要EQ很高 。你同时还要有8隻手,要泡咖 啡、找包裹、要结帐、又要微波 加热,我觉得超商店员超厉害的 。」儿子接著自言自语:「嗯… 那可能我也没办法做。」现场再 一阵哈哈大笑,笑声中像是鬆了 一口气。

43岁的陈慧翎个头娇小、模 样甜美,站上讲台前,她捏著一 条小手帕, 反覆擦拭著手汗, 看 起来怯生生的。但2个小时演讲 裡,她没有准备任何投影片,轻 轻移步到台前,接收所有聚光灯 ,接著一个人劈里啪啦讲完全场 , QA 时也自己担任主持人。会 后学生找她合照,她看著镜头位 置,指示起走位,「来,你站这 裡,我站这裡…」

《悲悯次神的儿女》 用比的给你看 屈中恒贴痠痛贴布上场

果陀剧场继《最后14堂 星期二的课后》,再度推出 齣生命奇蹟钜献《悲悯次 神的儿女》,改编自剧作家 马克·麦道夫知名剧作,华人 演出版本由国际名导杨世彭 翻译、执导,屈中恒、王晓 书、东明相、夏宇童、姚坤 君、舒宗浩、张郁婕主演。 剧中牵涉的社会问题发人深 省,对于人性刻划极深,欲 传递的悲悯胸怀也极广,冀 望让所有观众「真正地体悟 」听障者的世界、「真正打 开所有感官」去感受他们。

从小被阿姨要求读唇语的 王晓书演出女主角,「很多 人以为参与我们的世界一定 要学习手语,我觉得不一定 , 虽然我还是尽力的学习唇 语,慢慢地找到彼此默契、相 爱的方式比较重要,不论有任 何的缺点,彼此交换立场,才 是爱的真谛。」她并称讚将手 语从零开始学习的屈中恒,每 次排练结束后,因为从头到尾 比著手语,观众看著可能觉得 手语很轻鬆,但是是经过私下 长时间艰辛的练习而来,王晓 书和屈中恒的手与脚都非常酸 痛,屈中恒甚至每天贴著痠痛 贴布。

已经是剧场老手的屈中恒 再与导演杨世彭合作,「杨 导演高龄82岁,仍热情专注 在戏剧上面,如果他不导戏 ,我就少了好戏可以演。」

《悲悯次神的儿女》可说是 屈中恒目前为止演出最艰难 的一齣戏,既要比手语,讲 自己的台词之外还要将女主 角的手语以台词表达出来。 演了这齣作品后,让他对聋 人朋友有更深一层的了解与 尊重,「他们并不一定需要 我们多大的帮忙,但他们绝 对需要我们的『瞭解』。准 备这齣戏的过程中除了辛苦 , 还是辛苦!但在越苦涩的 果实裡,自然得到最甜美的 收穫。」

本身是听损者的东明相也 参与本次演出,「我自己就是 介于听障与一般人的中间,我 跟一般人对话、也面对听障人 比手语,我代表的角色要去平 衡这两块, 当然过程中也看到 许多情况、许多不公平,看到 一般人如何去看待我们听障的 眼神,有时充满著对立,我希 望透过这个剧作能给社会多一 点省思和教育,希望两方之间 能有更好的沟通。」因为这次 演出,他最近深刻感受到周遭 朋友称讚,说他的表达更为流 利,让他感激杨世彭导演的严 格要求

《悲悯次神的儿女》10 月27日至28日,台中国家歌 剧院首演,12月14至16日新 北市艺文中心、2019年3月8 日至9日高雄至德堂,巡迴演 出。购票请洽「果陀剧场」 或两厅院售票系统。

《柯萊特》女主角凱拉·奈特莉 **幾門想展現角色的** ,不只在服

如果說 2002 年的《我愛貝克漢姆》讓凱拉·奈特莉嶄露頭角,那麽從第二年開始接連上映的《加勒比海盜》 系列電影則讓她成爲了國際巨星。從那以後,她既出演過獨立電影,也出演過大片,她演過各種各樣的角色,同 時也保持著工作與私生活之間的平衡,現在她定居在英國(她與英國音樂家詹姆斯·萊頓在2013年結婚,並於 2015年誕下壹女)非常保護自己的私人生活

在最新作品《柯萊特》中,奈特莉飾演曾獲得過諾貝爾文學獎提名的20世紀著名法國女作家茜多妮·加布裏 埃爾·柯萊特,大家壹般稱她"柯萊特"。電影講述了柯萊特非傳統式的婚姻生活,當時的女性普遍遭到歧視,得 不到正當的工作機會,也無法在職場中獲得相應的尊重,而她則給丈夫亨利·高蒂爾–維勒斯(多米尼克·威斯特 飾) 當了槍手作者。

記者:妳的母親是壹位劇作家兼小說家 ,妳的成長過程中應該也沒少讀書吧。妳以 前讀過柯萊特的作品嗎?現在妳的閱讀習慣 是怎樣的?

凱拉· 奈特莉: 我讀沒讀過柯萊特的作 品?是這樣,我大概22歲的時候讀過《謝 莉》和《謝莉》的續集,因爲當時我的男朋 友在做電影版《謝莉》,我覺得很有意思。 在那之前,我知道我母親非常喜歡柯萊特, 她經常在家裏提及柯萊特,我知道這位作家 ,但並沒有真正對她感興趣。我看過歌舞片 《琪琪》,小時候我就很喜歡那部片子。

至於我現在的閱讀習慣,目前我什麽都 沒讀。(大笑)不過這個夏天我其實還讀了 挺多書的。但妳要是問我我究竟讀了哪些書 ,最喜歡哪本,天吶,我壹本都不記得了! (大笑) 這種現象也挺有意思的,其實這就 說明這個夏天讀過的書裏沒有我真正喜歡的 。不過我發現只有周圍環境非常好的時候我 ---比如所有事都井井有條,孩子 也睡著了,因爲只有這種情況下我才足夠清

記者:這部電影探討了社會層面中的性 別認同是什麼以及起到了怎樣的作用——如 果妳是男性應該符合怎樣的行爲標準,是女 性又如何等等。很顯然,由於性別的原因, 柯萊特在她生活的那個時代很難得到機會 探討這樣的內容對妳來說有意思嗎?妳生活 要求?

凱拉· 奈特莉: 我覺得性別問題在我所 有的作品以及我感興趣的內容中都有所體現 ,甚至早在《我愛貝克漢姆》裏就有了-那是個關於女孩子踢足球的故事,人們好像 認爲女孩子天生不該喜歡足球,對吧?而在 《加勒比海盜》中,她本來應該是個普通的 落難少女,但她沒有認命,戰鬥力還挺強的 。所以,我壹直認爲性別這個問題跟我自己 有著深深的連結

說到這部電影裏的性別,人們對柯萊特 的評價很有意思,都說她雌雄同體。我們也 想體現出這壹點,而且不只是在服裝上面, 我們在她的言行舉止方面下了很大功夫,並 且試圖表現出女人在坐下來的時候總是雙腿 並攏,雙臂交叉,盡量占最少的地方,而男 人們坐著的時候總是把腿伸出來,是吧,而 且要占盡可能大的地方。我們非常努力地把 她如何爲自己爭取更多的空間這個過程表現 出來了,我喜歡她的這種做法,這種"爺們 兒"的感覺,比如,"嘿,我有權利呆在這 兒。我不會爲此道歉的。我不會爲做自己而 道歉。我也不會爲自己的需求和欲望道歉, 我還要讓這個世界接納這樣的我。"我真的 很喜歡這樣的做法。

記者:服裝也表現出了這壹點對嗎?

凱拉· 奈特莉: 是的, 她的服裝很明顯 更加男性化,領帶、高領在當時都是男裝的 設計。她真的穿過男裝,不管妳信不信,當 時這是違法的,我們是實實在在地表現出了 性別角色這個概念的,有這樣壹番探討的好 處在於,我們發現有更多人在說,"妳看, 我們都認爲自己應該符合那樣的行爲模式 ——但很少有人適合這些所謂的模式,不論

記者: 妳是壹位母親, 也是壹位妻子, 這無疑是性別使然的角色。妳的人生受這兩 個角色影響有多少?

凱拉· 奈特莉: 沒錯, 這是角色, 但也 是選擇,這對我來說非常重要。我選擇生下 我的女兒,我選擇跟我的伴侶在壹起,他是 我愛的人,我想跟他在壹起。如果感情不好 了,我會選擇離開,妳懂嗎?我的意思是, 我認爲人生是由選擇構成的,而至於做母親 ,這不是壹個角色,我就是壹個母親。而且 我會盡力做到最好。我會犯很多錯,經歷起 起伏伏,但不管怎樣,我都是她的媽媽,所 以我不覺得自己在扮演母親這個角色,對吧

電影裏,柯萊特說她在扮演妻子的角色 扮演母親的角色,這種說法很有意思,因 爲我自己並不覺得我是在扮演,我覺得我就 是母親,就是妻子。

記者:柯萊特逐漸增加對作品和對自己 本身的信心的過程是電影中比較重要的壹個 方面。妳是天生就比較有自信,還是花了壹 段時間才獲得了自信的?

凱拉· 奈特莉: 我認爲自信是壹個過程 。我父母壹直在給予我和哥哥極大的信心, 我覺得有可能是因爲我倆都有閱讀障礙, 我們壹直隱約覺得生活對我們來說可能不會 那麽壹帆風順。工作也經常會有些輕微的不 如意之處。但相應的,妳會從這些經歷中有

我並不認爲柯萊特是無所畏懼的,我喜 歡她是因爲我覺得她有勇氣,這是更打動我 的地方,我們中的大多數都不是無所畏懼的 ,如果妳是,那妳很幸運。而勇氣意味著妳 敢於直面自己的恐懼,並且戰勝它,我喜歡 她這壹點。我自己害怕很多東西,我想教給 我女兒的是去勇敢面對自己人生當中的選擇 。這也是我對這部電影最認同的地方,也是 我最喜歡的地方。

記者:在拍攝《柯萊特》的過程中,妳 有聽哪些特定的音樂來幫助自己進入角色嗎

凱拉· 奈特莉:沒有,我倒還挺希望自 己這樣做的。我壹般不依賴音樂。(停頓) 有時候我也會聽。不過我總聽同樣的音樂 都是拉赫瑪尼諾夫的作品,但拍這部電影的 時候我沒有聽。很奇怪,我覺得聽音樂不是 適合進入這個角色的方式,我也不知道爲什 麼。有時候我會選擇聽壹些古典音樂。我不 是很喜歡有歌詞的音樂,因爲我覺得歌詞限 制了妳所感受到的東西,而聽古典音樂,我 可以選擇讓自己有不同的感受,這對我很有 助益。

記者:妳們是在布達佩斯進行拍攝的, 休息的時候妳都做了些什麽?看了哪些風景

凱拉· 奈特莉: 我女兒很喜歡那裏。布 達佩斯有最好的遊樂場。我們已經帶著孩子 去過世界各地很多不同的地方了,所以我對 各地的遊樂場很了解,特別是歐洲的,我要 說布達佩斯在兒童遊樂場這方面是最好的 (大笑)如果妳有小孩,需要遊樂場讓孩子 玩耍,去那兒就對了。真的,他們做的非常 器械都是木質的,而且還有遮陽棚 這個很重要,其他地方,抱歉了,比如法國 或者意大利,那邊就沒有遮陽的地方,所以 早上九點鐘之後妳就沒法帶著孩子在那兒玩 悠久?有圓頂的那個?(停頓)我去的是 Kiraly Baths浴場,感覺很好。

記者:最後壹個問題,《胡桃夾子和四 個王國》很快就要上映了,出演這部電影妳 有什麽感受?

凱拉· 奈特莉: 我還沒看過電影呢。我 的角色看起來像是個粉色大蛋糕,很不錯 (大笑) 我很喜歡做壹個粉色大蛋糕,因爲 之前我已經拍過很多非常嚴肅的作品,情感 很真摯的那種,所以我很想拍壹個傻傻的, 異乎尋常的作品。這部電影就是這樣的,但 因爲沒看過成片,所以我也不知道該說些什 麽。(大笑)

我很喜歡(原作)這部芭蕾舞劇— 壹次去看這部芭蕾舞劇的時候我還是個三歲 的孩子,我被裏面的老鼠嚇壞了,躲到了座 位底下。後來大概六七歲的時候,我媽媽又 帶我去看,那時候大家都喜歡糖梅仙子,但 我卻想做老鼠,而且我討厭死糖梅仙子了。 (大笑) 這部電影裏糖梅仙子這個角色會有 反轉,但我不能告訴妳具體是怎樣的,妳得 等電影上映後自己去看。

日前,演員西格妮·韋弗在接受外媒采訪時向透 露了壹點點關於《阿凡達》系列的新信息

首先,西格妮·韋弗透露,《阿凡達2》、《阿 凡達3》的拍攝部分已經殺青。電影中包含大量水下 戲份,為此劇組在洛杉磯進行了大量的水下拍攝

另外,在2009年的電影《阿凡達》中,西格妮, 韋弗曾飾演格蕾絲博士,但這壹角色已經受傷去世。 西格妮·韋弗透露,在《阿凡達2》中她將飾演壹個 全新的角色,這個角色與格蕾絲博士沒什麽關系,但 這個角色在《阿凡達》四部曲中將是壹以貫之的

最後,西格妮•韋弗還透露了壹點點關於《異形 5》的信息。早前,《異形5》導演尼爾·布洛姆坎普 曾暗示《異形5》開拍的可能性微乎其微。作為《異 形 5》原定演員之壹,西格妮·韋弗透露尼爾·布洛姆 坎普目前手上項目很多,《異形5》被推遲也是正常 的,而她和詹姆斯·卡梅隆都很看好這個項目

央視名嘴李詠因患症症在美去世 妻恰文: 永失我愛

【泉深編輯】10月29日上午,著名央視導演哈文發微博宣布: "在美國,經過17個月的抗癌治療,2018年10月25日凌晨5點20分去世,永失我愛……。" 李詠因患癌症在美國醫治無效去世,終年50歲。

李詠 1968年 5 月生於烏魯木齊,1987年考入中國傳媒大學,中國內地節目主持人、中國傳媒大學教師。1991年,進入中國中央電視台,曾主持2002年至2008年,2011年至2013年共10屆央視春晚及元宵晚會。他主持的《幸運52》、《非常6+1》、《詠樂匯》等也都曾是熱門綜藝。2016年還主持了《中國新歌聲》《好聲音5》。2017年《熟悉的味道》第二季。《熟悉的味道》或是李詠生前最後主持的一個大型節目。

李詠在 2007 年春晚演出進行到零點倒計時階段,6 位主持人卻多次忘詞、搶詞、口誤,發生多次冷場尷尬。事件發生後,廣大網友稱之爲"春晚黑色三分鐘"。網傳李詠因春晚主持上的一次失誤,於 2013 年離開央視,轉入中國傳媒大學,同年 5 月成立 "李詠工作室"。

李詠的妻子哈文曾是央視春晚導演。據多家媒體報導,哈文在擔任2012年和2013年央視春晚總導演期間,讓央視春晚逐漸走出趙本山時代,據說趙本山曾卷入薄熙來、周永康政變計劃,該計劃未能證實。

美南新聞聯播周一王周五晚6時30分直播

(記者黃相慈/休士頓報導)為提供更即時、涵蓋範圍更廣大的新聞播報,美南國際電視台STV15.3 自上周起,每周五天,從晚間6時30分至7時30分,爲觀衆推出一檔晚間直播新聞節目「美南新聞聯播」,美南新聞聯播涵蓋僑社新聞、休士頓本地新聞、國際新聞、美國新聞、中國大陸與台灣新聞、還有兄弟台站選送新聞,爲觀衆提供更豐富的新聞資訊大餐,讓觀衆朋友更能一手掌握各地新聞脈動。

另外,美南國際電視STV15.3 為方便觀衆收看,「電視廣播合為一體」,現在可利用多元方式24小時觀看美南國際電視,不需付費,觀衆可利用網站搜尋、微信連結或下載Apps方式,就可直接收看及收聽該頻道,輕鬆獲取美南電視節目以及各類國際、社區重大資訊。如需開車時收聽廣播,請連接到車載音響設備(數據機/藍芽設備),效果更佳。
