Trump ex-lawyer Cohen given three years in prison, blames 'blind loyalty'

NEW YORK (Reuters) - President Donald Trump's former personal lawyer Michael Cohen was sentenced to three years in prison on Wednesday for orchestrating hush payments to women in violation of campaign laws before the 2016 election and financial crimes, posing potential legal and political risks to Trump. In the courtroom, Cohen told U.S. District Judge William Pauley in Manhattan that "blind loyalty" led him to cover up for Trump. The sentence imposed by Pauley was a modest reduction from the four to five years recommended under federal guidelines but still highlighted the seriousness of the charges and possible implications for the president.

The sentencing capped a stunning about-face by a lawyer who once said he would "take a bullet" for Trump. Cohen said in a guilty plea in August that he was directed by Trump to make hush money payments to two women who said they had sexual affairs with the president in the past. Trump has denied the affairs and any involvement in the payments.

Pauley sentenced Cohen to 36 months for the payments and to two months for Cohen's lies to Congress about a proposed Trump Tower project in Russia. The two terms will run simultaneously. The judge set March 6 for Cohen's voluntary surrender.

As part of the sentence, the judge ordered Cohen to forfeit \$500,000 and pay restitution of nearly \$1.4 million.

Cohen, 52, walked into court with his wife, son and daughter amid a crowd of photographers and reporters. His 23-year-old daughter, Samantha, and 19-year-old son, Jake, both wept silently in the courtroom, the son wiping his eyes with his jacket sleeve. After being sentenced, Cohen walked over to his daughter and kissed her head.

Michael Cohen, U.S. President Donald Trump's former attorney, exits the United States Court house after his sentencing, in the Manhattan borough of New York City, New York, U.S., December 12, 2018. REUTERS/Jeenah Moon

Cohen's father, Maurice Cohen, who showed little emotion during the hearing, later told reporters: "My heart is ripped."

Michael Cohen, U.S. President Donald Trump's former lawyer, arrives for his sentencing at United States Court house in the Manhattan borough of New York City, New York, U.S., December 12, 2018. REUTERS/Jeenah

Cohen pleaded guilty in August to charges including tax evasion, bank fraud and campaign finance violations in a case brought by federal prosecutors in New York. Cohen was sentenced on a separate charge of lying to Congress brought by Special Counsel Robert Mueller, who is investigating Russia's role in the 2016 election and possible coordination between Trump's campaign and Moscow. Cohen pleaded guilty to that charge last month.

Canada frees CFO of China's Huawei on bail; Trump might intervene

VANCOUVER (Reuters) - A top executive of Chinese telecoms giant Huawei Technologies Co Ltd was granted bail by a Canadian court on Tuesday, 10 days after her arrest in Vancouver at the request of U.S. authorities sparked a diplomatic dispute.

Meng Wanzhou, Huawei's [HWTUL] chief financial officer and the daughter of its founder, faces U.S. claims that she misled multinational banks about Iran-linked transactions, putting the banks at risk of violating U.S. sanctions.

In a court hearing in Vancouver, British Columbia, Justice William Ehrcke granted C\$10 million (\$7.5 million) bail to Meng, who has been jailed since her arrest on Dec. 1. The courtroom erupted in applause when the decision was announced. Meng cried and hugged her lawyers.

Among conditions of her bail, the 46-year-old executive must wear an ankle monitor and stay at home from 11 p.m. to 6 a.m. Five friends pledged equity in their homes and other money as a guarantee she will not flee.

If a Canadian judge rules the case against Meng is strong enough, Canada's justice minister must next decide whether to extradite her to the United States. If so, Meng would face U.S. charges of conspiracy to defraud multiple financial institutions, with a maximum sentence of 30 years for each charge.

The arrest of Meng has put a further dampener on Chinese

relations with the United States and Canada at a time when tensions were already high over a trade war and U.S. accusations of Chinese spying.

U.S. President Donald Trump told Reuters on Tuesday he would intervene in the U.S. Justice Department's case against Meng if it would serve national security interests or help close a trade deal with China.

Speaking in Beijing, Chinese foreign ministry spokesman Lu Kang said Meng's arrest "was a mistake from the start". "We have already made clear our position to the United States and Canada, who should immediately correct their mistake and release Meng Wanzhou," he told a daily news briefing.

"Any person, especially if it is a leader of the United States, or a high-level figure, who is willing to make positive efforts to push this situation toward the correct direction, then that, of course, deserves to be well received."

China had threatened severe consequences unless Canada released Meng immediately, and analysts have said retaliation from Beijing over the arrest was likely.

The U.S. State Department is considering issuing a travel warning for its citizens, two sources said on Tuesday.

The Canadian government was considering issuing a similar warning, Canada's CTV network reported. Reuters was not

able to confirm the report.

Earlier on Tuesday, the Canadian government said that one of its citizens in China had been detained. The International Crisis Group think-tank said on Wednesday it had received no information from Chinese officials about the detention of its employee, former Canadian diplomat Michael Kovrig, and that it was seeking consular access to him.

The Chinese ministry spokesman, Lu, said he had nothing he could say on the details of the case, but said the ICG was not registered in China as a non-governmental organization and Kovrig could have broken Chinese law.

The Canadian government said it saw no explicit link to the Huawei case.

However, Guy Saint-Jacques, Canada's former ambassador to China, asked by the Canadian Broadcasting Corp whether the Kovrig detention was a coincidence, said: "In China there are no coincidences ... If they want to send you a message they will send you a message."

Tuesday was the third day of bail hearings. Meng's defense had argued that she was not a flight risk, citing her longstanding ties to Canada, properties she owns in Vancouver and fears for her health while incarcerated.

肩頸腰痛可能是脊椎軟骨突出所造成

幹細胞療法

您是否常有以下症狀？脖子痛、肩膀痛、腰痛、頭痛？小心，可能是因為脊椎軟骨突出而引起的。許多人長期久坐或姿勢不良，腰椎長期處於過度壓力中，脊椎軟骨便逐漸萎縮，疼痛開始隨身。

使用「幹細胞」來治療關節炎、膝關節受傷、腰背痛、肩膀痛、手腕或肘部痛、腳痛、足底筋膜炎等各種疼痛，不用開刀就能有效消除病痛。

River Oaks Baptist School breaks ground on \$65 million expansion

Construction has begun on the mega \$65 million expansion of Houston's River Oaks Baptist School, the Christian private school announced via a press release last week. The record amount, raised by the educational institution earlier this fall, is one of the largest fundraisers in the U.S. for a school ending in eighth grade, according to the National Association of Independent Schools. Several prominent Houstonians made generous donations to the campaign, including Elizabeth and Gary Petersen and Mindy and Jeff Hildebrand, who gave \$5 million each, as well as Alice and Keith Mosing who donated \$10 million. School leaders broke ground on the 18-month building project in early December. It will include a new middle school building, underground parking garage, and leadership center. The Mosing's are the namesakes of the new four-story Keith and Alice Mosing Middle School, which features an advanced robotics lab and maker space, dedicated music rooms for instrumental and choral groups, visual arts studios, and science labs. What's more, the middle school will have a state-of-the-art performance space with retractable seating called the Blue Box Theater. Underneath the structure, a 150-space parking garage is designed to improve traffic flow and maximize green space. Named in recognition of Susan and Faye Sarofim, The Sarofim Leadership Center will become the new main en-

trance to the school and administrative wing. Faye Sarofim was No. 1,290 on Forbes 2017 ranking of the world's billionaires with a net worth of \$1.6 billion. See who made the list: 13 Houstonians earn spot on Forbes billionaires list "We believe children become stronger thinkers when they are active learners. The new building will be a mecca of active learning space where our kids can build robots, get messy in a workshop, problem-solve in group settings, or rehearse for a performance," head of school Leanne Reynolds

said via the release.

In 2015, River Oaks Baptist School acquired an adjacent property (formerly occupied by a Walgreens store) for the expansion. The project will ultimately allow the school to increase its student population by about 10 students per grade level and decrease the student-teacher ratio in classrooms.

The \$65 million expansion is expected to be completed in time for the 2020-2021 school year.

Google 'Year in Search': World Cup and Mac Miller top Houston's list for 2018

So what did you "Google" the most this year?

On Wednesday, Google released its "Year in Search 2018" report, which tracks the top-trending, highest-traffic searches across news, politics, film, entertainment, sports, and more throughout the current year.

Recommended Video
What tops the list of Google searches in Houston? The Bayou City's top 10 list includes memorable moments

in sports, films, and tragedies.

Despite the latter, Google News data editor Simon Rogers says the majority of Google searches made in 2018 trend on the positive side.

"During a year of highs and lows, the Year in Search highlights all the ways people continued to search for "good"—and this year, it was more than ever," Simon said in his Google blog.

HOUSTON (Dec. 5, 2018) – Four members of the Houston Community College Board of Trustees have been appointed to prominent committees of the Association of Community College Trustees. The association represents 6,500 elected and appointed trustees who govern more than 1,200 two-year colleges in the nation. The HCC trustees appointed to the committees include:

- Board Chair Carolyn Evans-Shabazz, Dist. IV, Diversity, Equity and Inclusion Committee
- Trustee Neeta Sane, Dist. VII, Public Policy and Advocacy Committee
- Trustee Adriana Tamez, Dist. III, Finance and Audit Committee
- Trustee Pretta Vandible Stallworth, Dist. IX, Governance and Bylaws Committee

HCC Board in session.

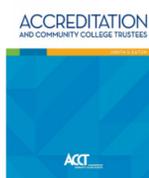

The association serves as the voice of community college trustees in the congressional and executive branches of government.

“These appointments demonstrate the leadership of our trustees and the respect they have earned among their colleagues at community colleges throughout the nation,” said HCC Chancellor Cesar Maldonado.

The trustees will serve one-year terms on their committees.

Related

Accreditation and Community College Trustees Goals

• Accredited status is essential for colleges to establish legitimacy with the public.

Accredited status is a signal of an institution's basic soundness; is a gatekeeping function to be eligible for public funds including federal Title IV assistance; neces-

sary for student mobility; and sustains public confidence in a college.

• Trustees have an important role in each stage of the accreditation process—for both institutional and programmatic accreditation. Trustees play an important part in informing and reviewing essential documents for the self-study, engaging the peer review team, meeting with the accrediting commission, and working with the president to assure accreditation recommendations are addressed by the college.

• Accreditation can strengthen institutional accountability and innovation. In today's policy landscape, governing boards are called upon to be accountable for student success and implement new practices to meet the needs of today's students who face many demands outside of the classroom and rely on attaining their degree for career mobility. Trustees play an important role in this conversation to ensure that demands are realistic considering a college's resources while also striving for student success.

About HCC

Houston Community College (HCC) is composed of 15 Centers of Excellence and numerous satellite centers that serve the diverse communities in the Greater Houston area by preparing individuals to live and work in an increasingly international and technological society. HCC is one of the country's largest singly-accredited, open-admission, community colleges offering associate degrees, certificates, workforce training, and lifelong learning opportunities. To learn more, visit www.hccs.edu.

HCC Student Rises From Homelessness To Produce "Invisible" Documentary

Photo from the movie, "Invisible."

HOUSTON (Nov. 26, 2018) – Using her own experience with life on the streets, a Houston Community College student has produced a documentary she hopes will create understanding and compassion for America's homeless.

Justice Butler's documentary, "Invisible," shares the stories of students who once found themselves without homes and focuses on their harrowing experiences, and the lessons they learned. "It's called 'Invisible' because that's how we see the homeless," Butler explains. "But those people aren't invisible. They could be you tomorrow. That's the message I want people to receive."

Butler believes she is the perfect person to deliver that message. As a young woman, she envisioned a bright career in radio and entertainment. "I thought I knew my future," Butler says.

Instead, she fell on hard times. Butler ran out of money, out of food, out of shelter. "Turns out I didn't know my future," Butler recalls. "I became homeless."

Butler lived in despair, but never completely lost faith in herself. Friends, former HCC students, convinced her to enroll at the college. "So, that's what I did," Butler says. "I came to HCC and that's where this journey started for me."

Butler's journey took her to film classes at HCC and a conference on student homelessness at Temple University in Philadelphia. She learned her situation was not unique. So, with encouragement from an HCC professor and fellow students, she decided to make a documentary about student homelessness.

Butler says, "I'm not the only student who struggled. There were many homeless students who attended HCC, as well as other colleges throughout the nation."

Butler says the documentary was well-received at a Temple University screening and is being entered in film festivals. She hopes to schedule public screenings early next year. Butler plans to graduate from HCC in May, 2019 and views "Invisible" as her legacy to inspire other homeless students to make the most of their talents.

"I really want to make sure that when I leave, we have students more involved in shaping their lives," Butler says. "We know what we need and 'Invisible' allows others to see what we need as well." (Courtesy HCC)

OVERVIEW

2017 had the highest levels of carbon emitted globally

Current projections would lead to 3.2 degrees C of warming

Countries goals are not ambitious enough to limit warming to 2 degrees C

The Trump administration released a major new climate science report on Black Friday, warning of “hundreds of billions of dollars” in annual losses to some economic sectors without scaled up actions to adapt to current changes and slash emissions to avoid future warming.

Why it matters: The report by scientists from 13 federal agencies constitutes the second volume of the Fourth National Climate Assessment, which is a congressionally mandated report. Its conclusion: Lives and property are already at risk in the U.S. due to climate change.

• The release date, on the Friday after Thanksgiving, which is traditionally the busiest shopping day of the year, is likely to bury the news coverage of its findings.

• On a call with reporters this afternoon, David Reidmiller, the director of the assessment, said the timing was determined in order to have the report come out in advance of the next round of U.N. climate talks beginning in Poland on Dec. 2 as well as a large scientific meeting in Washington in mid-December.

• “We wanted to get this out sufficiently in advance of those meetings so that folks have a chance to review it,” Reidmiller said.

• Monica Allen, a spokesperson for NOAA, said the decision to release the report on Black Friday was “made in the last week or so.”

The details: The contents of the new report, which consists of 29 chapters that were extensively peer reviewed, are bleak. The report points out that the era of climate consequences for the U.S. is well underway, and only actions taken in the next few years can be effective in addressing the scope and severity of the problem.

• The authors warn that neither climate adaptation or the pace of emissions cuts are keeping up with the severity and swiftness of the challenge.

• The report release comes as the death toll from historic California wildfires continue to rise, and it finds that climate change is expected to bring more frequent wildfires and poor air quality.

• The report finds that under a worst-case climate change scenario, in which emissions

New Climate Report Warns Of Increasing Severe Risks To U.S.

Compiled And Edited By John T. Robbins, Southern Daily Editor

An American flag hangs at a burned out mobile home park in Paradise, California on Nov. 18. (Photo:AFP/Getty Images)

continue to climb at current rates, extreme heat would cause labor-related losses of an estimated \$155 billion per year by 2090. At the same time, coastal property damage in the U.S. from sea level rise and storm surge flooding could reach nearly \$120 billion per year.

The backstory: The new report builds off of findings from the first volume of the National Climate Assessment, which was released by the Trump administration in November 2017.

• The second volume contains more information specific to vital U.S. economic sectors, regions and national interests. It includes a region-by-region breakdown of how global warming is altering life and economic productivity, as well as what opportunities there are to adapt to it.

• The first report was a sweeping overview of climate science findings, which decisively concluded that there is no credible explanation for modern-day global warming other than the burning of fossil fuels for energy.

• The report was written and published un-

der the auspices of the U.S. Global Change Research Program, which brings together the 13 federal agencies that work on climate change issues, from the Energy Department to NOAA.

“This report dives into details concerning the US in a way that has not been done before,” Michael Wehner, a climate researcher at Lawrence Berkeley National Laboratory, told Axios.

Between the lines: The Trump administration has allowed the National Climate Assessment process to move forward without interference, while at the same time expressing doubt about the causes and extent of the threat of human-caused climate change when it comes to forming its energy policies. In an interview with in November with “Axios on HBO,” President Trump was presented with the first volume of the assessment, and he dismissed it. (Courtesy <https://www.axios.com/>)

Related

If there is one consistent message about climate change that has been made abundantly clear in a flurry of recent major assessments on the topic, it is that our planet’s climate is already changing, and now is the time to act to avoid devastating impacts.

According to a United Nations report released on Tuesday, however, projected emis-

sions of carbon dioxide, the primary greenhouse gas, from nations around the world fall woefully short of the 2 degree Celsius goal set in the Paris Climate Agreement in 2015.

In fact, the report states that the current emission targets for all countries would result in an average global temperature rise of 3.2 degrees Celsius (5.8 degrees Fahrenheit) by 2100.

A 3.2 degree warmer world by the end of this century would bring about many of the dire consequences for human health, global economies and sea level rise that are projected from the “higher-emission” scenarios (also known as worst-case scenarios).

The 2018 Emissions Gap Report is the flagship annual report from the UN Environment Program and acts as a report card on how countries are doing on their individual contributions to the Paris Climate Agreement; it also helps determine the gap between those expected contributions and what will be necessary to stay within the range of 1.5 to 2 degrees Celsius over pre-industrial temperatures (before burning fossil fuels for industrial needs led to major increases in greenhouse gasses in the atmosphere).

This year’s report shows the largest gap ever, resulting from increasing emissions and slow action to mitigate.

The foreboding message in the report aligns with the recent findings in the “Special Report on 1.5 Degrees” issued last month by the Intergovernmental Panel on Climate Change (IPCC), that the world is failing to act fast enough to avoid the dire future climate and weather and time is quickly running out.

According to Tuesday’s report, global emissions of CO2 in 2017 were 53.5 gigatons (a gigaton is 1 billion tons), the most ever released into the atmosphere, representing an increase of more than 1% over 2016 emissions.

Global emissions need to be 25% lower than this figure by 2030 in order to limit warming

to 2 degrees Celsius and 55% lower in order to limit to 1.5 degrees, the report claims.

The increase in 2017 follows relatively stable global emissions from 2014 through 2016, a period that allowed for optimism that global greenhouse gas emissions may be peaking. But Tuesday’s report shatters that optimism. “Global peaking of emissions by 2020 is crucial for achieving the temperature targets of the Paris Agreement,” the report states, “but the scale and pace of current action remains insufficient.”

Global emissions are not expected to peak by 2030, let alone 2020. In fact, only those of 57 countries (representing 60% of global emissions) are projected to peak by 2030.

The authors of the report conclude that nations must be more ambitious in their projected emission cuts, increasing them by three times in order to meet the 2 degrees goal and by five times to meet the 1.5 degrees goal by 2030.

Knowing that level of action is extremely unlikely, the 2018 Emissions Gap Report points to the growing potential of “non-state actors” to help reach global emissions goals.

These include smaller governing bodies such as city, state and regional governments, as well as private entities such as companies, investors and civil organizations.

In addition to simply reducing their own carbon emissions, these entities “build confidence in governments concerning climate policy and push for more ambitious national goals,” according to the report.

Another potential gap-filling tool the report highlights is fiscal policy reform, including fossil fuel taxes and subsidies to low-emission alternatives, which can create strong incentives for low-carbon investments and reduce emissions.

The report will be a key talking point as key environmental figures convene in Poland next week as part of COP24, where the stated goal is to adopt a plan to execute the Paris Agreement, affecting climate and energy policy for the coming years.

The United States is the only country not in the Paris Climate Agreement after President Trump pulled the country out of the pact in 2017, claiming it placed “draconian” financial burdens on the American people. (Courtesy cnn.com)

英国叫停200万英镑投资移民签证？

英国的华人圈子里流传一则新闻：英国内政部暂时叫停200万英镑投资移民项目。

这个新闻的来源并不是政府网站，而是出自BBC、《卫报》等外媒的报道。报道表示，英国正在打击金融犯罪，主要是打击“洗钱”，因此会暂停一项被称为“镀金”签证政策，该政策成为外国投资者在英国快速定居的渠道。这一政策正是2008年开始实施的Tier 1投资者签证中的200万英镑投资移民签证。

报道援引英国负责移民事务的官员卡洛琳·诺克斯的话说：“我们不能容忍那些不遵守规则、试图滥用移民制度的人。”她同时宣布，这项移民政策的暂停决定将于当地时间12月7日零点生效。

在英国内政部关于200万英镑投资移民政策的相关网站上，表示如果申请人能投资200万英镑、申请人来自欧盟以外并且满足相关的要求，就能申请这个签证。

报道指出，内政部会引进审查制度，之后会恢复此政策。诺克斯进一步说：“这就是我提出这些新措施的原因，这些措施将确保只有有意支持英国企业的真正投资者才能从我们的移民体系中受益。”

报道还说，2014年，获批这项签证项目的人数达到最高峰，共有1172人获批。去年，仅有350人获批。该项目的申请者主要来自中国和俄罗斯。

对于BBC报道中声称的英国将会引进新的审查制度，记者采访了海外投资领域的专家吴凌凌，她认为：“英国对资金来源审查将更加严格化，以往资金

在账户存满3个月便无需解释资金来源，现在除了需要解释资金来源之外，还需要英国独立受监管的审计公司进行全面审计。”

此外据分析，英国政府还有可能取消此前可通过投资英国国债来申请投资移民的规定，她表示：“更多的投资会被期待注入到英国本地的商业和公司，更多地支持英国创新中小企业发展，以便更好地促进英国经济发展；而英国本地运营优质基金不失为明智选择。”

关于英国突然叫停200万英镑投资移民项目，就大家关心的几大问题，记者还采访了投资界人士郝绪楠、李子建，以下是他们详细的独家解读。

Q：据你们分析，为何英国政府会暂停200万英镑移民的项目？以及为何会在现在这个时间点暂停？

A：我们在报道里看到，之所以有这个决定是当前某些投资人的做法钻了法律的空子(比如投资市面上的一些融资项目)或者投资涉嫌洗钱的项目。而内政部同时表示，会在明年启用独立第三方审计等一系列措施来筛选出不合格的投资者，这说明这次真的只是一个暂停，而非关停。

关于这个时间点，其实各国移民局一直以来都有在年底变政的传统。比如英国2014年投资额从100万英镑提升到200万英镑，再比如爱尔兰2016年将投资额从50万欧元提升到100万欧元。

从另一方面来看，自从英国Tier 1签证投资额翻倍之后，“这一签证计划并没有给英国带来很大的经济利益”。

既然并没有很明显的收益，又存在一些不遵守游戏规则的投资人，而非英国政府真正希望能吸引到的“有良好品性的投资人”。

另外，欧盟最近也加紧了针对各类黄金签证的审查，以严查各种洗钱以及资金来源解释不清晰的问题。而英国正在与欧盟就“脱欧”进行各种谈判，相信在一定程度上影响了这一决定。加之英国的移民政策一直处于收紧的过程中，让英国下决心去暂停整顿这一投资计划并非难事。所以在这个时间点也并不奇怪。

Q：据你们分析，内政部会如何加强所谓的对资金来源的审查？这些方式是否可行？

A：首先肯定是重新选择更加权威的审计机构；其次肯定要加强对资金来源(source of fund)以及资产来源(source of wealth)的双重审核；同时内政部还可能引用第三方的背景调查机构，像马耳他那样。

在此之前，英国投资移民申请人只需要将200万英镑在个人账户存储3个月以上即可轻松解释资金来源。而根据内政部的说法，这一标准将提升至两年以上。而从可行性方面看来，我们一直知道澳洲、新西兰和加拿大等国对于资金和资产来源解释要求极其严格，甚至会追溯到申请人的第一桶金。

而欧洲各国一直以来相对宽松，因此对于很多资金充足但是资产来源解释相对复杂的客户来说是第二选择。但我们也应当注意到，即便加澳新如此严格，依然不能保证他们的投资人就

是百分百合格的。因此，我们可以说，加强审核必然会有成效，但也无法杜绝所有不合格的投资移民申请；至于英国未来会不会像美加澳那样追溯到第一桶金，还有待商榷。

提升投资额的可能性不大

Q：据你们预测，在完成对200万英镑投资移民项目审查之后，内政部恢复相关政策的可能性较大，还是以发布替代政策可能性较大？又是否会提高签证门槛？有哪些门槛可能提高？

A：首先，我认为改变投资额的可能性并不大。200万英镑已经是一个相对可观的数字，在全世界范围内已经是投资额最高的国家之一，再提升的话意义不大。那么内政部就会在其他方面改进，例如审核要求变严等等。

对于当前已经递交的投资者来说，如果不需要追加投资额的话，那么他们很有可能也要面临更加严格的审核标准。而如果内政部决定提升投资额，例如将投资要求提升到250万英镑，那么根据“法不溯及既往”这一基本原则，已经完成递交的投资者理论上无须追加投资额，而是只需要符合递交时的法律要求即可。

从另外一方面看来，英国政府对于投资移民计划的效果很不满意，认为其并没有给英国经济带来很大收益，会考虑在未来加强对于中小企业的投资。其实有关这一点也是有迹可循的，塞浦路斯护照项目最初只允许200万欧元投资房产，在16年新增了可投资基金的选项，葡萄牙“黄金签证”计划也是在之前只允许房产投资的基础上增加了可投资基金的选项，而我们集团获批的塞浦路斯

和葡萄牙的移民基金投资标的就包含了中小型企业，都是政府十分欢迎的项目。参考其他国家投资移民政策变化看来，个人认为英国政策很有可能也会向这方面有所倾斜。

来英国并非只有“自古华山一条路”

Q：中国投资者应该如何应对？

A：首先肯定是选择靠谱的投资移民机构和项目。特别是在今年国家放宽投资移民中介审批标准之后，投资人一定要选择专业靠谱的机构合作来递交投资移民申请。

其次就是如实地申报自己的资金来源和资产来源，不能抱有侥幸心理。因为从过往内政部公布数据看来，Tier 1投资移民申请拒签往往伴随着英国的10年拒签，一招失误不能说满盘皆输，至少也是输了一半。

最后就是，如果确实对英国情有独钟，英国投资移民并不是唯一的途径，还是有很多其它选项同样可以达到落地英国的目的。英国“脱欧”在即，而根据欧盟法规以及英国相关政策，其他欧盟国家的公民在2020年12月31日之前进入英国同样可以办理英国长居，那么塞浦路斯护照(6-8个月即可拿到)就是一个很不错的选择，而二者的投资额可以说相差无几。

而其他国家，比如爱尔兰，目前申请永居和入籍都没有语言要求，移民监也相对宽松，同时由于英国爱尔兰的CTA协定，拿了爱尔兰护照可以直接去英国生活同样可以在后期达到相同的效果，而投资额仅需100万欧元，也是一个很不错的选择。

到日本“打黑工”，真划算吗？外劳困境何时休

为什么要留日当“黑户”？

日本是非移民国家，不承认通过正规途径引进单纯劳动力，这使得许多外国劳动人口没有正规赴日务工的渠道，往往为了赴日打工赚钱而不得不铤而走险。

他们或利用其他路径赴日后滞留不归，或直接偷渡赴日，形成了数量庞大的“黑户口打工族群”。

而一些劳务中介机构在其中扮演“不光彩的角色”也日渐曝光。“黑户之路”的源头早已布满陷阱，一些中介机构的“三黑”是导致“黑户口打工族群”产生的重要原因。

大凡执意出国做劳务的人，都是在充分相信了“招募简章”的基础上，才下定了决心出国的，并交了不少的费用。然而，就是在这份“招募简章”上面，一些劳务公司尤其是“黑中介”，布下了种种陷阱。

“事实上，黑户口在日生活是寂寞的、悲苦的，是缺乏前途的、没有希望的。黑户口的最终出路无非两条：一是经年累月打工赚钱，满足既定心理价位后回国；二是在日谋求“黑”转“白”之路，也就是重新获得特别在留的合法身份。”对于这一群体，日本《中文导报》曾这样描述。

“是来日本工作的”

大部分外国人黑户口留日，是为了打工赚钱。近日被捕的11名中国人也是这样。

他们从2018年6月至10月期间，持短期滞留资格进入日本，并在北海道知内町的施工现场工作。许多人在被捕前的2周时间，都没有收到工资，为了表

示不满，他们旷工了一周。

其实，每年6月，是日本法务省入管局打击黑户口月，实名为“不法就劳外国人对策推广月”，这也说明了“就劳”，是黑户口留日的真实目的。

他们时刻躲避着日本警察的目光，靠打工赚点辛苦钱。如果一旦被警察发现身份，就会被遣返。

“含泪活着”

2009年年末，在日本上映的电影《含泪活着》，就讲述了一位“黑”在日本15年中国人的故事。

丁尚彪，这部电影的主角，他在35岁时告别妻子和女儿，满怀崇敬奔赴日留学，后来为生存所迫，丁尚彪从北海道辗转跑到东京，成为一名非法滞留者，长达十几年“黑”在日本。为了还债，供女儿去美国读书，丁尚彪不得不从事繁重的体力劳动，并且忍受一家人长期分离的痛苦。

这部电影是众多在日非法滞留中国人生活的缩影。

在日本，有这样一个群体：他们没有身份，拿着最低的工资、甚至被拖欠工资，他们的劳动环境差，每天躲避着警察，过着提心吊胆的日子。他们是在日本的外国人，也是在日不法滞留者——俗称“黑户口”。

近日，“11名中国人涉嫌不法滞留被日本警方逮捕，另有40余人失踪”的消息，让这一群体再次走进人们的视线。

黑户口的在日生活环境越发严峻，他们承受着身心两方面的压力。为此，也有越来越多的黑户口希望重新取得合法身份，走出战战兢兢的打黑工的日子，过上正常人的生活。

“打黑工”真的划算吗？

的确，在中国发展形势一片大好的现实下，偷偷摸摸甚至隐姓埋名到海外“打黑工”，长期所得真的划算吗？在各国纷纷收紧移民门槛的背景下，渴望通过庇护、“特赦”甚至“抽奖”来获得所在国合法身份的想法，真的能如愿吗？单单是非法滞留的漫长煎熬，以及种种可能引发的严重后果，就值得深思。

面对种种不公平待遇，想找老板理论？“没身份”、“打黑工”就是最大的把柄，不少外国老板就是抓住这一点进行压榨。一旦有政府部门介入，不管老板最终受到何种处罚，非法滞留者唯有被遣返一途。

更大的隐患是，因为是非法滞留，

部门办理延期手续。

安倍政府难以拿捏政策转向

不断发生拖欠非常规时间和休息日津贴，过度收取房租及餐费的事例，以及长期工作和未获得休假等严酷工作环境等问题，让日本政府不得不正视起外劳的状况。

11月2日，日本迈出了接纳外国劳动力的第一步，内阁审议通过《出入境管理及难民认定法》修正案(简称入管法修正案)。尽管安倍政府一直以来强调入管法修正案“不是移民政策”，但每次面对在野党议员的追问时，常常词穷。

不过，大量接受外国劳动力必将为日本社会带来剧变。面对这前所未有的且关乎国家命运的政策转向，安倍政府也有些举棋不定、难以拿捏。出于谨慎，安倍政府为入管法修正案设置了为期3年的试用期，以防后患。

在野党表示，在日本失踪的技能实习生有7成，都曾拿着日本最低的工资。日本法务大臣山下贵司强调，目前正在努力改善外国人的劳动就业环境。

而在“11名中国人涉嫌非法滞留在日本被逮捕”的消息传出后，12月5日，围绕通过入管法修正案扩大接纳外籍劳动者，日本国土交通省基本决定设立监督建筑行业是否存在拖欠工资，及过重劳动等问题的机构。

此举旨在确保妥善的工作环境，以防止人员失踪。政府还考虑在造船行业也设立监督机构，以修正案在本届国会获得通过为前提，预计在明年4月新法施行时成立。新设的机构将对接纳外籍劳动者的企业进行巡视并向劳动者了解情况，若有不当事例将要求整改。

众明星齐聚大运河 只为一场民谣诗歌节

，向人们传递清风之谣与明月之诗。今年的第十届江南民谣诗歌节，由之前在江阴举办改为在无锡大运河举办，所以这也是首届大运河民谣诗歌节。

想象一下，奔流的大运河，潮水带来了多少故事。而诗人和歌者，就在运河边，吟咏、歌颂。对于他们来说，这快乐简单而纯粹。对于无锡的人们来说，他们有了一次最好的机会，触达灵魂深处的柔软。

“县城，一个人们再不细加抚摸就即将很快磨损了的词。”这一届的主题叫做《县城往事》。前几届的主题，收割脸庞、空置呼吸、飞鱼汛期……只是听到名字，就让人觉得深刻。而这届，更接地气了一些。

看似这个主题与大运河找不到一点关系，实则很合适。“县城”这两个字眼，可能是很多人共同的回忆。发黄昏暗的小时候，我们满街奔跑，糖人、拨浪鼓……一代人又一代人的标志。今年的嘉宾阵容，从50年代出生的舒婷到90年代房东的猫，跨越半个世纪。

诗歌是流淌的，也是互通的，这一次，诗人和歌者想聊过去的东西。

这一届民谣诗歌节的现场分歌舞台和诗舞台，歌舞台表演民谣，诗舞台则是闲谈和诗歌朗诵。中国新民谣领域的代表人物和当代几位颇具影响力的诗人悉数到场。他们可能擅长的并不一样，你会唱而他会写，但本质上，他们都是在用自己的经历、自己的感悟发声。

民谣诗歌节不同于其他的音乐节或者表演节，它真正的摒弃了舞台的疏离、艺人的匆匆走马，赋予观众交谈的权利。逮到一只野生老狼！我和他贴得很近。

民谣诗歌节的安排分两天，每天都有不一样的嘉宾。无论你热爱民谣还是诗歌，都能找到自己的一份心头好。时间关系，我只看了第一天的民谣表演，浅吟低唱的徘徊里，我最喜欢“房东的猫”。

听他们唱青春、唱离别，我好想又回到还年轻的岁月，还能为理想孤注一掷。在运河的水声中，她们的歌声更清透了几分。

其他表演嘉宾还有刘堃、木马、万晓利等。每一个都是小众的巨星。

说来真是神奇，在烟火气息浓重的老街与深巷，谁能想到有这么一场触及灵魂的歌咏？

除去表演现场，还有个集市供人们闲逛。集市里到处是特色的文创商品和饮品小吃。很别致，也很符合诗歌节的气质。

逛了一圈，看到这个店铺卖的神药，我惊呆了！年轻人果然脑洞大啊！

回望大运河的一切，很像一场梦。梦里有千年前的流水潺潺，也有声动人心的悠悠歌咏。希望大运河能永远流淌下去，把更多的好诗、好歌带去更远的远方。

听说明年的民谣诗歌节会在大运河畔的华侨城举行，下次可不要再错过咯。明年，大运河民谣诗歌节，不见不散！

天上银河，地上运河。

历史上的中国创造了无数的灿烂文明，其中有几项到现在仍在被使用。它们不仅成为了造福一方百姓的庞大工程，也成为了举世瞩目的风景。

其一是长城，不需多介绍。其二就是今天我要说的，世界上最长的人工运河——京杭大运河。

翻开中国地图，这条绵延3000多公里的世界级运河蜿蜒其上，如同一条柔软的丝带，沟通了南北。七百多年的故事里，大运河对中国南北之间的经济、文化发展与交流，特别是沿线地区工农业经济的发展和城镇的兴起起到了不可磨灭的巨大作用。

更特别的是，大运河有种别样的气质。从北京到杭州，从皇城到市井民间，诗意江南将它多情的枝条一路伸展。任谁也不能轻易抵挡她的魅力。

那时的年月慢，日色慢、车马也慢。水路出行，便捷又划算。“姑苏城外寒山寺，夜半钟声到客船”。通航运河的船，承载着货物，承载着思想、知识和价值，沟通了南北，见证了帝国曾有的辉煌。

大运河很长，而无锡是大运河唯一穿城而过的城市。大运河在清名桥历史文化街区留下了一段“运河版的江南水弄堂”，粉墙黛瓦，妖娆多姿。

街区由南长街、京杭大运河无锡段、南下塘、伯渎港、大窑路一带等具有丰富历史文化底蕴的区域组成。

若你选在一个烟雨朦胧的日子去看无锡的大运河，黑白的色调里，大运河静得像一面镜子。偶尔有一条船驶过，带起层层波浪。两岸的民居建筑鳞次栉比，错落有致，大概这就是所谓的江南“人家尽枕河”的景色吧。

悠悠的河水，蕴含了无锡三千年风风雨雨的历史，也糅合了水乡古朴醇厚的民风民俗。

从很早开始，先民们就以河而生、傍河而居。

到今天，这条通道两岸净是名胜古迹、老街民宅、古桥塔影……城市里形成了

以古运河为中轴、清名桥为核心，并行两条沿河古街的格局。

白日里人家临窗面水，一派娴静样子。到了晚上，又是另一番喧嚣的样子，船家橹声都融化在了五彩斑斓的灯影里。

如果说河水是构成运河流动的血脉，而一座座精致的桥则是运河上独特的点缀。“小桥、流水、人家”，最好的江南都写进了一座座桥上。

说起无锡大运河，首先要提到的就是清名桥。

清名桥位于古运河与伯渎港交汇处，飞架运河两岸。清名桥造型匀称，稳固雄伟，像一弯彩虹横跨，是无锡古运河上最著名的景点。远远看上去，清透的运河水，倒映出天空和两岸的民居，清名桥也在运河水中变得圆满。

秋意渐浓的日子，衬着周围枯黄的叶子，清名桥显得更加坚毅，每一块饱经岁月的花岗岩都记录了历史。

还有一座伯渎桥，位于无锡南门清名桥东，原先是泰伯率众修建于伯渎港与运河交汇处。这座桥，桥型与清名桥不同，别具一格。

当时，砌桥需要大量砖头，当地人就在南岸建窑，就地取材，后来竟然发展成了一批著名的窑群。现在还能看到古窑遗留下的痕迹，也是无心之举了。

大运河两岸的上下塘街，就是如今的南下塘与南长街。南下塘从跨塘桥起，止于清名桥。不足两米的青石板路两边都是老房子，朱红色的木窗把江南风情和历史沧桑融合到了极致。

对于无锡人来说，大运河更像是一种生活方式，而南长街就是代表。一条老街却充满了浪漫气息和各类文艺氛围满满的小店。

大运河和它所衍生出的一切曾经是历史，但如今，他们却焕发了新生——江南民谣诗歌节。穿过粉墙黛瓦，穿过灯影水声，诗歌随着流淌了百年的运河水，缓缓流入人们的心田。

诗歌照亮山河，文学描绘家园。从09年开始，一批文艺爱好者坚持了整整十年
