Democratic senator dismisses wall-for-DACA offer expected from Trump

WASHINGTON (Reuters) - President Donald Trump will propose an immigration deal on Saturday in a bid to end a 29-day partial government shutdown, a source familiar with his plans said, but as details emerged Democrats were quick to dismiss it as inadequate. The president has not budged on his demand that \$5.7 billion to fund a U.S.-Mexico border wall be part of any bill to fully reopen the government, an ultimatum Democrats oppose. But Trump is expected to try to pressure Democrats in other areas. In a speech set for 4 p.m. EST (2100 GMT), Trump will extend support for legislation to protect young undocumented immigrants, known as "Dreamers," as well as holders of temporary protected status (TPS), the source said.

Dick Durbin, the No. 2 Senate Democrat, said he could not support such an offer. "First, President Trump and Senate majority leader (Mitch) McConnell must open the government today," Durbin said in a statement. "Second, I cannot support the proposed offer as reported and do not believe it can pass the Senate. Third, I am ready to sit down at any time after the government is opened and work to resolve all outstanding issues," Durbin said.

The Democratic-controlled House of Representatives has approved several bills that would restore funding to shutdown-affected federal agencies. But Trump opposes the bills and McConnell has refused to let any of them come to a vote in the Senate, which is still controlled by Trump's fellow Republicans.

The source familiar with the president's upcoming speech said Trump does not plan to declare a national emergency along the U.S.-Mexico border, a step he threatened to take earlier in his struggle with Congress over the shutdown.

Declaring an emergency would be an attempt by Trump to circumvent Congress and its power over the federal purse strings to pay for his wall. Such a step would likely prompt a swift legal challenge over constitutional powers from Democrats.

As the shutdown passed the four-week mark, making it the longest in U.S. history, about 800,000 federal workers were still at home on furlough or working without pay, a situation that was threatening public services and the economy.

Polls showed Americans increasingly blaming Trump for the shutdown, the 19th to occur since the mid-1970s. Most past shutdowns have been brief. The current one has had no impact on three-quarters of the government, including the Department of Defense, which has secure funding.

"IT'S NOT PERSONAL"

Trump told reporters on the White House South Lawn on Saturday that he has no personal feud with House of Representatives Speaker Nancy Pelosi, the top U.S. Democrat.

She and other Democrats oppose Trump's demand and the wall, calling it too expensive, ineffective and immoral.

"Whether it's personal or not, it's not personal for me," Trump said, adding he was concerned about more immigrants moving north through Mexico toward the U.S. border.

"I'm disappointed that Mexico is not stopping them," he said. "If we had a wall, we wouldn't have a problem."

The Dreamers, mostly young Latinos, are protected from deportation under the Deferred Action for Childhood Arrivals (DACA) program, which protects certain people who illegally entered the United States as children. It provides about 700,000 immigrants with work permits, but no path to citizenship.

Trump says U.S. 'made a lot of progress' with North Korea

WASHINGTON (Reuters) - U.S. President Donald Trump said on Saturday he had "an incredible" meeting with North Korea's nuclear envoy Kim Jong Chol and the two sides had made "a lot of progress" on denuclearization.

The White House announced after talks between Trump and Kim on Friday that the U.S. president would hold a second summit with North Korean leader Kim Jong Un in late February, but would maintain economic sanctions on Pyongyang. "That was an incredible meeting," Trump, speaking to reporters at the White House, said of the talks.

"We've agreed to meet sometime, probably the end of February. We've picked a country but we'll be announcing it in the future. Kim Jong Un is looking very forward to it and so am I," Trump said.

"We have made a lot of progress as far as denuclearization is concerned and we are talking about a lot of different things. Things are going very well with North Korea."

Trump and the White House have given no details of the talks, and despite his upbeat comments there has been no indication of any narrowing of differences over U.S. demands that North Korea abandon a nuclear weapons program that threatens the United States and Pyongyang's demands for a lifting of punishing sanctions.

A first summit in June in Singapore - the first-ever between a sitting U.S. president and a North Korean leader - produced a vague commitment by Kim Jong Un to work toward the denuclearization of the Korean peninsula, but he has yet to take what Washington sees as concrete steps in that direction.

Critics of U.S. efforts say the first summit only boosted Kim's international stature without much to show for it, and some believe Trump may see a second meeting as a way of distracting from his domestic troubles.

Trump did not elaborate on the country chosen to host the summit, but Vietnam has been considered a leading candidate.

Kim Jong Chol, regarded as a member of Kim Jong Un's inner circle, also had talks on Friday with Secretary of State Mike Pompeo and the U.S. special representative on North Korea, Stephen Biegun.

Trump, Kim to meet at second nuclear summit The State Department said the two sides had "a productive first meeting at the working level" and Biegun would travel to Sweden at the weekend to attend an international conference.

SpaceX to develop, test Starship prototype in South Texas

SpaceX, the commercial space company of billionaire Elon Musk, is working in South Texas to develop and test an early prototype of the vehicle designed to take people to the moon and Mars.

The Starship vehicle, with a test version recently assembled at Boca Chica beach near Brownsville, could one day carry space travelers atop a powerful rocket. The Starship integrated with the Super Heavy Rocket, previously called BFR, is expected to be more powerful than the Saturn V rocket that NASA used to propel astronauts to the moon.

The assembly of the test Starship is reinvigorating the Greater Brownsville community after long delays and roadblocks. SpaceX first announced its Gulf Coast launch facility in 2014, but then years went by with little to no activity. People can now see the vehicle while driving along the beach, stopping to gawk and take pictures.

At HoustonChronicle.com: SpaceX success gives Texans reason to cheer

Gilberto Salinas, who spent three years negotiating with SpaceX to build the Boca Chica beach launch facility, took his family to see the test vehicle on Sunday.

"When this company gets to Mars," he said, "we will be able to come back and say, 'Well, we were there when it all started.'"

SpaceX was founded by Elon Musk in 2002. He started with big ambitions and, six years later, launched the Falcon 1 rocket that became the first privately developed, liquid-fuel rocket to reach Earth's orbit. The company's growth has continued since then, winning work with NASA to bring cargo and, one day, astronauts to the International Space Station. SpaceX selected Boca Chica for a commercial launch site due to its proximity to the equator and distance from populated areas.

SpaceX used a local company to help manage the manufacturing process associated with assembling the test vehicle, said Mario Lozoya, executive director and CEO of the Greater Brownsville Incentives Corp., one of the organizations that provided incentive money to help attract SpaceX. Lozoya believes tests and launches will take place this year, which could provide data for future versions of the Starship. To the moon: SpaceX names first private passenger to fly around the moon

"For people from the immediate area around Brownsville and the border region," he said, "to see front-end technology in our backyard is really exciting."

Construction of the Boca Chica launch site had previously been delayed as SpaceX discovered the ground was unstable. The company trucked in 310,000 cubic yards of soil, enough to cover a football field that's 13 to 14 stories tall, which was put on top of the sand and left to settle and compress before construction.

Unexpected incidents with SpaceX operations outside of Texas, including an anomaly during a flight to the International Space Station in 2015, also forced the company to put its Boca Chica launch site plans on the back burner. The problem temporarily grounded SpaceX operations and demanded the company's attention.

But work slowly ramped up. Last year, SpaceX successfully launched the Falcon Heavy — billed as the world's most powerful operational rocket — from Kennedy Space Center, sending a Tesla sports car into space during the test launch. Musk then floated the idea of testing an even more powerful vehicle in South Texas.

Starship is not the first SpaceX test vehicle to be in Texas. In McGregor, where SpaceX tests all of its rocket engines, the

"Grasshopper" reusable rocket prototype was used to perfect the guidance, navigation and control systems for landing a rocket booster vertically. The prototype's namesake comes from its large, insect-like landing gear. The Grasshopper started with hops of only a matter of inches, but ultimately it flew half a mile into the air.

At HoustonChronicle.com: SpaceX engineers put rocket engines through their paces

In a statement, SpaceX said it's developing the Starship test vehicle in Texas "to streamline operations." The decision won't affect its current manufacturing, design and launch operations in Hawthorne and Vandenberg Air Force Base in California.

In a Tweet, Musk said the test vehicle, or "test hopper," at Boca Chica beach is at its full diameter of 30 feet, but it's not at full height. It's designed to do suborbital tests. SpaceX expects to complete its first orbital prototype around June.

In a separate Tweet, Musk said he will provide a full technical presentation of Starship "after the test vehicle we're building in Texas flies, so hopefully March/April."

Southern DAILY Make Today Different

2019 Is The Year Of The Pig On The Chinese Zodiac

Compiled And Edited By John T. Robbins, Southern Daily Editor

The Pig is the twelfth of all zodiac animals. According to one myth, the Jade Emperor said the order would be decided by the order in which they arrived to his party. Pig was late because he overslept. Another story says that a wolf destroyed his house. He had to rebuild his home before he could set off. When he arrived, he was the last one and could only take twelfth place.

Personality and characteristics

Pigs might not stand out in a crowd. But they are very realistic. Others may be all talk and no action. Pigs are the opposite. Though not wasteful spenders, they will let themselves enjoy life. They love entertainment and will occasionally treat themselves. They are a bit materialistic, but this is motivation for them to work hard. Being able to hold solid objects in their hands gives them security.

Men born in the Pig year are optimistic and gentle. They are very focused. Once they decide on a goal, they'll put everything into it.

They are not the best with money. Though cool-headed, they are also gullible. They trust others easily and are often scammed. This can cause them to lose a fortune.

Women born in the Pig year are full of excitement. They attend social events whenever possible and treat everyone genuinely. Combined with their easygoing personality, they gain everyone's trust.

However, they are sometimes over-friendly. In their excitement, they can forget to give others personal space. They also have good fortune with wealth. As long as they keep at it, the efforts will not go to waste. Though they don't start with an advantage, their hard work will keep money

"A lot of people are eating seafood all the time, and fish are eating plastic all the time, so I think that's a problem," says a marine toxicologist.

We've long known that the fish we eat are exposed to toxic chemicals in the rivers, bays and oceans they inhabit. The substance that's gotten the most attention — because it has shown up at disturbingly high levels in some fish — is mercury. But mercury is just one of a slew of synthetic and organic pollutants that fish can ingest and absorb into their tissue. Sometimes it's because we're dumping chemicals right into the ocean. But as a study published recently in *Nature*, *Scientific Reports* helps illuminate, sometimes fish get chemicals from the plastic debris they ingest.

"The ocean is basically a toilet bowl for all of our chemical pollutants and waste in general," says Chelsea Rochman, a postdoctoral researcher at the University of California, Davis, who authored the study. "Eventually, we start to see those contaminants high up in the food chain, in seafood and wildlife."

For many years, scientists have known that chemicals will move up the food chain as predators absorb the chemicals consumed by their prey. That's why the biggest, fattiest fish, like tuna and swordfish, tend to have the

Seafood in grocery stores may have been caught in parts of the polluted ocean.

"Plastics — when they end up in the ocean — are a sponge for chemicals already out there," says Rochman. "We found that when the plastic interacts with the juices in the [fish's] stomach, the chemicals come off of plastic and are transferred into the bloodstream or tissue." The fish on the marine plastic diet were also more likely to have tumors and liver problems. While it's impossible to know whether any given fish you buy at the sea-

"All Life Depends on the Oceans:
oceans provide almost half the oxygen we breathe... Some threats... swirling masses of plastic garbage... Dead zones are showing up... around the globe... because of a nitrogen overdose from agricultural runoff... the very base of the marine food chain, plankton, is being threatened... fish stocks are dwindling... climate change... too much carbon... global warming... disruption of the ocean's pH balance... increasing acidity... escalating risk... risk we cannot afford to take..."

highest levels of mercury, polychlorinated biphenyls (PCBs) and other dioxins. (And that's concerning, given that canned tuna was the second most popular fish consumed in the U.S. in 2012, according to the National Fisheries Institute.)

What scientists didn't know was exactly what role plastics played in transferring these chemicals into the food chain. To find out, Rochman and her co-authors fed medaka, a fish species often used in experiments, three different diets. One group of medaka got regular fish food, one group got a diet that was 10 percent "clean" plastic (with no pollutants) and a third group got a diet with 10 percent plastic that had been soaking in the San Diego Bay for several months. When they tested the fish two months later, they found that the ones on the marine plastic diet had much higher levels of persistent organic pollutants.

Compiled And Edited By John T. Robbins, Southern Daily Editor

food counter has consumed this much plastic, Rochman's findings do have implications for human health, she notes. "A lot of people are eating seafood all the time, and fish are eating plastic all the time, so I think that's a problem."

And there's a lot of plastic out there in the open ocean. As Edward Humes, author of *Garbology*, told Fresh Air's Terry Gross in 2012, the weight of plastic finding its way into the sea each year is estimated to be equivalent to the weight of 40 aircraft carriers.

Top items found in the "Great Pacific Garbage Patch."

Consider the five massive gyres of trash particles swirling around in the Indian, Atlantic and Pacific oceans alone. Those gyres, Hume told Gross, contain "plastic that has been weathered and broken down by the elements into these little bits, and it's getting into the food chain."

One of those gyres is the infamous Great Pacific Garbage Patch. Fish could encounter the plastic in those gyres, but also much closer to shore, says Rochman. Even so, the consensus in the public health community still seems to be that the benefits of eating fish — because of their omega-3 fatty acids, among other assets — exceed the potential risks. And many researchers advocating for Americans to increase their fish consumption argue that the levels of dioxins, PCBs and other toxic chemicals in fish are generally too low to

be of concern. The Environmental Protection Agency does put out advisories to warn consumers when fish get contaminated with chemicals in local U.S. waters. But a lot of our seafood now comes from foreign waters, which the EPA does not monitor. Just a tiny fraction of imported fish get tested for contaminants. As for Rochman, she says her research in marine toxicology has persuaded her to eat seafood no more than twice per week. And she now avoids

swordfish altogether. (Courtesy www.npr.org/sections)

Netflix 華語原創影集《極道千金》2019 正式開拍

全球首屈一指娛樂平台 Netflix 的華語內容投資馬不停蹄，Netflix 正式宣布原創華語影集《極道千金》日前於台灣正式開拍。

Netflix 除了找來被譽為「台灣流行文學首席代表」且以《六弄咖啡館》展現驚人編導才華的作家導演吳子雲一同開發此部原創作品，演員陣容更網羅創下去年全台最佳華語電影票房紀錄《比悲傷更悲傷的故事》劉以豪擔綱男女主角外，與《報告老師！怪怪怪怪物！》中表現亮眼的劉奕兒共同領銜主演。《極道千金》將在台北、高雄等地取景，是 Netflix 繼《罪夢者》後第二部在台灣投資拍攝的華語原創影集。

吳子雲表示：「我是一個

故事工作者，過去你可能接觸過我的文學、音樂與電影作品，而這次的全新的影集作品則是一個嶄新層次的挑戰，我非常期待與 Netflix 這樣的全球夥伴共同創作，激發出意想不到的化學反應。」Netflix 亞洲區內容開發總監 Erika North 补充，「我們非常期待將《極道千金》這部獨樹一幟的愛情故事，分享給更多全球觀眾。」

男女主角劉以豪加上劉奕兒的新鮮組合，尚未開拍就已引起眾多粉絲關注。劉以豪跳脫過往形象，首次飾演個性隨和卻帶點古怪的偶像巨星，他說：「當初在看劇本時就被角色的獨特性格逗得啼笑皆非，接下來很期待這個角色和 Netflix 、吳子雲導演碰撞出的火花！」

劉奕兒則是飾演追求夢想與愛情的女保鏢，將在《極道千金》中展現多場動作場面的戲碼，是個同時需要體力與演技的表演挑戰。她表示非常期待這個充滿挑戰的角色，並在開拍前已開始接受特訓，希望能在劇中一展好身手。

《極道千金》故事敘述一個從小就在黑道爸爸庇蔭下長大的女孩安琪（劉奕兒飾演），長相甜美卻個性剽悍，因為喜歡上當紅巨星徐逸航（劉以豪飾演），不顧老爸的反對，決定成為與徐逸航傳出緋聞的女星—凌雲的貼身保鏢，一心只希望能與偶像近距離接觸。而《極道千金》這部愛情喜劇影集的劇本是由導演吳子雲率領編劇團隊共同操刀。

華劇《必勝大丈夫》

■將再為人父的城城，在唱《不老的情歌》時想到媽媽對自己的付出，非常感觸。

香港文匯報訊（記者 李慶全）郭富城《舞林密碼世界巡迴演唱會》2019首站澳門站18日晚舉行，城城太太方媛坐於觀眾席看表演，雖然懷有五個月身孕，但她仍不忘興奮揮動熒光棒，又拍片跟網民分享。城城想到媽媽老了，身體慢慢變差時更一度感觸低頭嗚咽。

張崇德 難忘跟林振強合作

香港文匯報訊（記者 吳文釗）張崇德18日晚舉行新書《被遺忘的歌德情書》分享會，太太劉美娟也有現身支持，新書已是張崇德第六本寫作，內容圍繞他入行25年的故事，當中包括他被遺忘的歌、自己和感情。

張崇德表示過去25年覺得自己變化很大，但即使再難行的路他也走得過，新書也會寫到他過往寫作歌曲背後的故事，並說：「雖然很多人說戲子無情，但我覺得自己不是，我最記得唯一一次跟林振強合作，由我寫歌他填詞，他是大師級應該沒人敢挑戰他的詞，但其實他是有顧及歌手

的唱法，即使再高音他自己也有停過，覺得不難唱才交給歌手。」

至於新書內容有否提及太太，張崇德稱有兩、三首歌是寫給太太，所以也佔有一段篇幅。劉美娟就笑稱很榮幸自己的故事有份寫入書中，其實他們兩夫妻早年也合作過出書，也有不少鮮為人知的背後故事。張崇德自嘲道：「去年我寫了首新歌《黑色笑話》，自己覺得做得不錯，但原來沒有電台DJ播過，這些事在音樂路上經常會遇到，只好靠口碑人傳人，希望有更多人會收聽到。」

■城城最後以經典《唱這歌》為演唱會譜上圓滿句號。

今次是城城2019演唱會的第一站，他表示有四年沒有在澳門演出，所以他全晚出盡200分力勁跳勁唱，汗水流不停。而今次亦是首度把智能舞台移師澳門，演繹不同階段經典歌曲。特別是舞台幻變出一列火車，全場嘩然。而舞台又在中段分開五段移動，震撼非常。城城在一身全新Saint Laurent 閃亮服飾配滿天星帽子演繹經典情歌組曲《不老的情歌》前，跟觀眾分享個人成長經歷，他感謝媽媽對自己關懷備至，到現在自己為人父，深深體驗到做父母的辛勞。其間城城想到媽媽老了，身體慢慢變差時更一度感觸低頭嗚咽。

感謝媽媽關懷備至

《不老的情歌》是城城代言的保險廣告歌，廣告拍攝時，有一個小女孩做他女兒，當時他還未成家立室，想到是媽媽對自己的寵愛，就算已經十歲還一樣會背他，有歌迷隨即「嘴！」了一聲，城城認真續說：「我媽媽真的好疼我，我好開心現在有個幸福家庭，有個寶貝女，我可以從一面終地努力工作，做好爸爸、好丈夫，這刻……（嗚咽）人大了，時間過得好快，媽媽身體不好，我會更用心，用任何性質愛我媽媽，將這首歌獻給我親愛的媽媽，祝她身體健康。」

城城愛家人，同樣愛錦歌迷，在唱《動起來》時，全場一萬觀眾揮動智能燈棒，氣氛high爆，令城城非常感動，更以一粒種子形容剛出道的自己，靠着多年大家給他鼓勵和養分令他成長為樹仔，在舞台上得以不斷創新和突破。而一百場巡迴現在才做了六站，城城表示會繼續保持最佳狀態為演唱會準備，最後以經典《唱這歌》為演唱會譜上圓滿句號。

新年跟家人共度

城城完秀後接受訪問，被問到媽媽健康如何？城城直言之前有點擔心，但現在都已經好了：「我喜歡做演唱會，就是做回自己，廣告歌又講父女感情，做了爸爸知道養大小朋友不容易，我五兄弟姊妹，瞬間想到媽媽，看着媽媽身體一路路差，以前會來看我演唱會，現在扶她都可能沒精神，所以串連那一刻，想到媽媽，沒媽媽沒我！」另談到電影工作，城城透露4月後才開工，新年亦正好有時間跟家人共度。

任家萱感慨難投入新戀情

香港文匯報訊（記者 凡文）S.H.E成員任家萱(Selina)19日從台灣到香港沙田出席新品發佈會，分享美妝心得之餘更與現場粉絲遊戲互動。遊戲中粉絲需要伴隨音樂舉啞鈴，音樂暫停就要跑到對面為隊員塗上唇膏，令現場歡樂氣氛高漲。

Selina與現場觀眾分享最近在內地參加綜藝節目，發現自己體脂是30%，便立刻進行減脂計劃，結果在20天內成功減去9%體脂。離婚3年仍是單身，提到她早前曾表示難再投入新戀情，Selina坦言是有點困難，自己的生活圈子小，朋友不多，難找到新朋友。問到是否擇偶要求高？Selina坦言不是，喜歡就可以，看緣分。Selina又表示身邊不少女性朋友也單身，她們自己也來不及找對象，難為她介紹男孩子。

對於S.H.E的未來，Selina表示自己和陳嘉樺(Ella)、田馥甄(Hebe)各自成立公司後，仍希望以「S.H.E」名字繼續合作，惟目前與舊公司華研國際音樂的洽談仍未有結果。Selina坦言S.H.E希望未來仍繼續出唱片及開演唱會，直指「S.H.E」對她們來說是非常重要，一定要守護。
