China mourns thousands who died in country's coronavirus epidemic

BEIJING/WUHAN, China (Reuters) - China on Saturday mourned the thousands of "martyrs" who have died in the coronavirus outbreak, flying the national flag at half mast across the country and suspending all forms of entertainment.

The day of mourning coincided with the start of the annual Qingming tomb-sweeping festival, when millions of Chinese families pay respects to their ancestors.

At 10 a.m. (0200 GMT) Beijing time, the country observed a three-minute silence to mourn those who died, including frontline medical workers and doctors.

China says all coronavirus clinical research must be registered. China's Guangxi region tightens border controls amid rise in imported coronavirus cases.

In Zhongnanhai, the seat of political power in Beijing, President Xi Jinping and other Chinese leaders paid silent tribute in front of the national flag, with white flowers pinned to their chest as a mark of mourning, state media reported.

More than 3,300 people in mainland China have died in the epidemic, which first surfaced in the central province of Hubei late last year, according to statistics published by the National Health Commission.

In Wuhan, the capital of Hubei and the epicenter of the outbreak, all traffic lights in urban areas turned red at 10 a.m. and traffic came to a halt for three minutes.

Some 2,567 people have died in Wuhan, a city of 11 million people located in the middle reaches of the Yangtze river. The Wuhan deaths account for more than 75% of the country's coronavirus fatalities.

Among those who died was Li Wenliang, a young doctor who tried to raise the alarm about the disease. Li was honored by the Hubei government this week, after initially being reprimanded by police in Wuhan for "spreading rumors".

On Saturday, Hubei province's top official Ying Yong visited the families of Li, as well as the relatives of Liu Zhiming — the dean of the city's Wuchang Hospital, and Wu Yong, a community policeman who also both died after catching the virus, local television reported.

Offering his condolences, Ying told the families "the spirit of the martyrs must be carried on."

Gui Yihong, 27, who was among thousands of Wuhan locals who volunteered to deliver food supplies to hospitals during the city's months-long lockdown, recalled the fear, frustration and pain at Wuhan Central Hospital, where Li worked.

"If you weren't at the frontlines you wouldn't be able to experience this," said Gui, as he laid flowers next to Wuhan's 1954 flood memorial by the Yangtze.

"I had to (come) and bear witness. For the last 80 days we had fought between life and death, and finally gained victory. It was not easy at all to come by."

While the worst is behind Wuhan, the virus has spread across the world since January, killing more than 55,000 people, infecting more than a million and paralyzing the global economy. Wuhan banned all tomb-sweeping activities in its cemeteries until at least April 30, curtailing one of the most important dates in the traditional Chinese lunar new year calendar, usually sees millions of families travel to tend to their ancestral graves, offer flowers and burn incense.

They have also told residents, most stuck at home due to lockdown restrictions, to use online streaming services to watch live as cemetery staff carry out those tasks.

ASYMPTOMATIC CASES

Online, celebrities including "X-Men: Days of Future Past" star Fan Bingbing swapped their usual social media profile pictures for somber photos in gray or black, garnering millions of "likes" from fans.

Chinese gaming and social media giant Tencent suspended all online games on Saturday.

As of Friday, the total number of confirmed cases across the country stood at 81,639, including 19 new infections, the National Health Commission said.

Eighteen of the new cases involved travelers arriving from abroad. The remaining one new infection was a local case in Wuhan, a patient who was previously asymptomatic.

New York in ‘race against time’ as Trump stresses face masks are voluntary

NEW YORK (Reuters) - Two of the principal U.S. coronavirus hot spots - New York and Louisiana - reported their biggest jumps in COVID-19 deaths yet on Friday, as the White House sent mixed messages on whether Americans should cover their face if they venture outdoors.

Surging deaths in New York City and New Orleans showed that a wave of lethal coronavirus infections expected to overwhelm hospitals, even in relatively affluent, urban areas with extensive healthcare systems, has begun to crash down on the United States.

Governors, mayors and physicians have voiced alarm for weeks over crippling scarcities of personal protective gear for first-responders and front-line healthcare workers, as well as ventilators and other medical supplies.

With the federal government’s national strategic stockpile of such equipment nearly depleted, states have been forced essentially to compete against each other on the open market for vital resources.

Cities across the country have also scrambled to expand hospital capacity and recruit healthcare professionals out of retirement to meet looming shortages of sick beds and personnel.

New York City, the pandemic’s U.S. epicenter, has mere days to prepare for the worst of the outbreak, said Mayor Bill de Blasio, whose city has suffered more than a quarter of the 7,000-plus coronavirus deaths to date nationwide.

New York is in an “extraordinary race against time,” de Blasio told a news briefing on Friday, renewing his call for the federal government to mobilize the U.S. military.

“We’re dealing with an enemy that is killing thousands of Americans, and a lot of people are dying who don’t need to die,” he said. “You can’t say, every state for themselves, every city for themselves. That is not America.”

except for essential outings such as grocery shopping or seeing a doctor, have heard conflicting guidance in recent days about the need for wearing face masks in public.

At the White House on Friday, President Donald Trump seemed to muddy the waters further when he announced that federal health authorities are now recommending individuals wear cloth face coverings to stem transmission of the virus. But he stressed the advisory was purely voluntary, and that he would not be heeding the recommendation

himself.

“With the masks, it’s going to be a really voluntary thing. You can do it, you don’t have to do it. I’m choosing not to do it,” he said. Doctors and nurses, many lacking adequate supplies of medical-grade face masks and other protective gear, were already confronting an onslaught from COVID-19, the respiratory illness caused by the highly contagious coronavirus.

One physician at a New York City

hospital recounted arriving at work on Friday to learn that three of his COVID-19 patients had died that morning. A few hours later, he had intubated two others.

“I’ve never seen anything like this. I’ve never even heard of something like this in the developed world,” he told Reuters on condition of anonymity, because he was not authorized to speak with the media.

Worldwide Novel Coronavirus Infections Have Surpassed The One Million Mark

Confirmed cases of COVID-19

Union and other allies, President Tsai Ing-wen said Wednesday. The country pledged to send 100,000 masks to the U.S. per week.

- **Sanctions** on Venezuela, Iran, Syria and Cuba should be lifted “to prevent hunger crises” amid the COVID-19 pandemic, Hilal Elver, the United Nations’ Special Rapporteur on the Right to Food, said Tuesday.

- A landmark U.N. climate change summit, originally scheduled for November in Glasgow, Scotland, is being delayed until next year.

Economic impact: The virus has caused a “global shock” and significant economic pain “seems unavoidable in all countries,” the World Bank said in an update for East Asia and the Pacific on Monday.

- The World Bank projected growth in China, where the outbreak began, would slow 2.3% in the baseline scenario, or as low as 0.1% in the lower-case scenario.

- Nearly 10 million people in the U.S. have filed for unemployment in the past few weeks.

Over the past two weeks, 10 million Americans have filed for unemployment, with millions to come. The jobless hits right now are like a natural disaster striking every state at the same time.

The Stimulus Package: Payments to Americans from the \$2.2 trillion stimulus package will be distributed in mid-April, but those without IRS direct deposit accounts may not receive checks until August, according to a House Ways and Means Committee memo first reported by CNN and confirmed by Axios.

By the numbers: The coronavirus has now killed more than 5,900 people in the U.S. Over 243,000 people are now infected, while just over 9,000 have recovered.

What's happening: Acting Secretary of the Navy Thomas Modly relieved the captain of the U.S.S. Theodore Roosevelt after he sent a letter to officials pleading for help when members of his crew contracted the coronavirus.

- The FDA allowed blood donations from gay men after a 3-month waiting period, citing an “urgent need.”

- Wisconsin’s April 7 presidential primary will not be postponed, a federal judge ruled on Thursday. 13 states have delayed voting or made changes to promote social distancing to combat the spread of COVID-19.

- Treasury Secretary Steven Mnuchin said that oil companies are eligible for aid from new lending programs the Federal Reserve is setting up, but not direct loans.

- House Speaker Nancy Pelosi announced a new committee to oversee the Trump administration’s response to the coronavirus outbreak, led by Majority Whip Jim Clyburn (D-S.C.).

- Roughly 3.5 million Americans likely lost their health insurance in the past two weeks, according to an analysis of state and federal data from the Economic Policy Institute.

- The Democratic National Committee announced its July convention will be postponed until August because of the coronavirus.

The big picture: COVID-19 is expected to peak in the U.S. in two weeks, but many states like Virginia and Maryland will see their individual peaks well after that. Nearly 40 state governors and the District to Columbia have ordered residents to stay home to limit COVID-19 community spread.

Washington and California, which originally appeared to be epicenters of the coronavirus outbreak in the U.S., have slowed the surges of new cases — though it can’t be ruled out that California is just behind on testing.

Florida's slow response to the coronavirus may have set the stage for a disastrous outcome in one of the country’s most vulnerable states.

Between the lines: U.S. testing capacity has increased as more commercial labs pledge to up production. More available tests mean more coronavirus cases will be reported.

- However, rural-state governors across the country paint a more troubling picture on access to tests, contradicting Trump that the U.S. is on track.

What to watch: In a major pivot in tone, Trump said Tuesday it’s “going to be a very painful two weeks,” with projections indicating the virus could kill 100,000–240,000 Americans — even with social distancing guidelines in place.

- Trump is due to meet Friday with top executives of large oil firms to discuss potential ways to help the sector amid strong economic headwinds. (Courtesy axios.com)

Novel coronavirus infections have now surpassed the one million mark after “near exponential growth” that’s reached “almost every country,” World Health Organization Director-General Tedros Adhanom Ghebreyesus said last Thursday.

The big picture: Policy responses to the global coronavirus crisis have been “every-country-for-itself” and — in the case of the U.S. and China — tinged with geopolitics. But, the scientific work underway to understand the virus and develop a vaccine has been globalized on an unprecedented scale.

The latest: The global death toll exceeded 50,000 on Thursday, per Johns Hopkins data. “The number of deaths has more than doubled in the past week,” Tedros said during a WHO briefing. Italy has the highest reported count of 14,000 deaths.

• **About 60%** of deaths reported world-

Americans Without IRS Direct Deposit May Not Receive Stimulus Checks For Months

Compiled And Edited By John T. Robbins, Southern Daily Editor

Coronavirus stimulus payments will begin to be distributed in mid-April, but Americans without direct deposit accounts set up with the IRS may not receive checks until August, according to a House Ways and Means Committee memo first reported by CNN and confirmed by Axios.

Why it matters: The IRS estimates that only about 70 million of the roughly 150 million Americans eligible for the payments have direct deposit information on file, according to CNN.

- With record unemployment levels expected to continue growing, millions of families will have to endure the economic pain for months without direct cash payments from the government.
- The payments are part of a \$2.2 trillion stimulus package signed by Trump last week to limit the economic damage caused by the coronavirus.

Details: The IRS will begin depositing payments to 60 million Americans in

mid-April, according to the memo. But paper checks won't start being mailed until the week of May 4, and they'll go out at a rate of 5 million checks per week.

Stimulus checks overview:

The amount signed into law will be \$1200 for each taxpayer (based on 2019 tax filing, or on your 2018 tax filing if you have not filed 2019 taxes yet), and

\$500 for each child. **IMPORTANT:** The checks will be direct-deposited

IF you have direct deposit set up for your normal tax return refunds.

IF you do not have direct deposit set up with the IRS, you need to watch the internet the next 2-3 days and google, "Stimulus checks direct deposit portal."

The IRS is setting up a website portal for people to send their direct deposit information for the stimulus checks.

IF you do not set this up, you may not get your checks until August.

IF you set this up, you should get your checks by the middle of April or two weeks or so. (Editor)

At that rate, it would mean the final paper checks would be distributed 20 weeks later — the week of Aug. 17.

The timelines are based on "extensive conversations with the IRS and the Department of Treasury," accord-

ing to the memo. But they could change as discussions continue between the Trump administration and Congress. The memo adds: "The Committee remains focused on ensuring all eligible Americans receive their payment as quickly as possible."

When will you get your stimulus cash, and how?

The first payments are expected to go out within three weeks to those for whom the Internal Revenue Service already has direct deposit information on file. Mnuchin said at a White House coronavirus briefing that payments would go out within two weeks to people whose direct deposit details are on file with the government, echoing comments he made after passage of the \$2.2 trillion stimulus bill that payments would not go out until mid-April.

He added that a web portal would be established for people to supply their details and that checks would be sent to anyone else, but did not specify a timeline.

"I am assuring the American public, they need the money now," he said.

Previous stimulus payments in 2001 and 2008 have been delivered by both direct deposit and checks in the mail, but mobile payment services like Venmo want to play a role this time. Treasury Secretary Steven Mnuchin said on Sunday that there will be a web-based app for those whose information is not on file to register their payment details.

How much will I receive from the stimulus bill?

Individuals are due up to \$1,200 and couples will receive up to \$2,400 -- plus \$500 per child. But payments start phasing out for individuals with adjusted gross

incomes of more than \$75,000. The amount will then be reduced by \$5 for every additional \$100 of adjusted gross income, and those making more than \$99,000 will not receive anything. The income thresholds would be doubled for couples.

Social Security recipients will auto-

matically receive stimulus pay

The Treasury Department, clearing up confusion, said Wednesday that Social Security recipients will not have to file a tax return in order to receive the economic stimulus payments the government is preparing to send out.

It was unclear in earlier guidance whether Social Security recipients who don't normally need to file taxes would have to do so in order to receive the money. But, those beneficiaries will automatically receive the money, and the IRS will use the information that the Social Security Administration has on file.

Those who normally receive their Social Security benefits directly in their bank accounts will receive the stimulus money in the same way. Others will receive a check in the mail -- though it will likely take longer to receive the payment than those who use direct deposit.

\$0 to \$10,000	April 24
\$10,001 to \$20,000	May 1

\$120,001 to \$130,000	July 17
\$130,001 to \$140,000	July 24
\$140,001 to \$150,000	July 31
\$150,001 to \$160,000	August 7
\$160,001 to \$170,000	August 14
\$170,001 to \$180,000	August 21
\$180,001 to \$190,000	August 28
\$190,001 to \$200,000	September 4
All Others	September 11

If you don't want to wait this long to get a stimulus check, file your 2019 tax return as soon as possible so that the IRS has the information it needs to send your payment electronically. If you otherwise aren't required to file a return, file a "simple return" when the IRS makes them available on its website. (Courtesy axios.com and finance.yahoo.com/)

張鈞甯：人生有捨有得，但我相信所有結的果，一定要有相對努力的付出

最有仙氣的環保倡議人

為了這次的環保的大主題，特別跟鈞甯來到綠意昂然的地點，不斷致力於「反皮草」、「減少一次性餐具使用」和各種環保議題的她，堅持自己的團隊一定要帶環保筷，不要浪費資源。「可以活在這個地球上真的很幸福，大自然給我們的太多了，但我們只是一味地拿，予取予求，沒有好好照顧它。澳洲大火、蝗蟲、病毒，都是在反撲，是地球給我們的警訊。其實舉手之勞就能做：帶環保筷、少用一次性塑料物、隨手關燈、節電，生活中的一點點不便利就能有巨大的迴響。」

身為名人的她，不僅提倡不要穿皮草，斷捨離也執行了好幾年。鈞甯說，環保議題要靠眾人之力，要讓大家有集體意識，理解到碳排放量導致氣候變遷，跟每個人都息息相關。她說：「我是一個非常喜歡大自然的人，很幸運地因為拍攝去了很多地方，印象最深刻的應該就是南極。你會看到一個寂靜的世界，更有Tiffany 藍的冰川。去到世界更多地方，越會覺得自己渺小，不管是靈性、生命力還有未知的萬物，都值得尊敬。」

遙想幾年前還有時間去看看世界，鈞甯不諱言這兩年真的很忙，本來就打算今年好好休息的她，之前與《紅衣小女孩》、《目擊者》導演程偉豪合作的新戲《緝魂》也即將上映，消息一出，最讓影迷驚訝的就是鈞甯為戲剪了一頭俐落短髮。「我的角色是女刑警，是個相對很衝的女生，有很強的正義感。後來跟老公一起面對了一個很特別的案子，關係和人生都發生了一些變化。」

雖然打趣著說自己超帥，不過剪短髮這件事還是下了很大的決心，「我還記得剪頭髮那天，工作人員在旁邊臉都綠了，他們都不想我剪短，怕影響其他工作，但我特別開心，結果當天我還買冰淇淋來吃，一邊吃一邊剪，在他們眼中就很像死小孩，終於如願了很開心的樣子。我一直都蠻想剪短髮，只是沒有機會，如果不是因為角色，工作上很難改變造型。頭髮會再長回來，但如果因為這樣能貼近一個角色，改

變自己的樣子，我覺得蠻好的。」

最近還接了好友何潤東導的電視劇《誰在你身邊》，跟徐若瑄飾演姐妹花，劇情交織在兩對夫妻關係的婚姻上，討論的是人性的善與惡。鈞甯說：「大家都知道我認識 Peter 很久了，我跟他就是十四肋插刀的朋友，他有戲約我不可能拒絕。」不只是義氣相挺，她也喜歡 Peter 對構圖、畫面呈現的想法。「他是圖像思考、有想法出來才有畫面，也是自己寫劇本。他做事非常認真，也想寫一些不同面向的東西，給演員很大的自由度，跟他合作有很大的空間。」

人生的十字路口

鈞甯會進入演藝圈，絕對是不預期的緣分。大二那年，她有次在東區逛街，幫忙了一個做問卷調查的工讀生填寫問券，沒想到半年之後，那個工讀生成爲了經紀公司的助理，當時不顧母親的反對，就是想試試看，就這樣開始拍平面和廣告。

之後的故事大家都很清楚了，她因爲《白色巨塔》知名度大開，而後的《如懿傳》、《武媚娘傳奇》更被譽爲「古裝扮相最美女星」。鈞甯不斷挑戰自己，去年的電影《唐人街探案3》更與一票演員同台競演，包含妻夫木聰和淺野忠信。回顧自己的2019年，鈞甯說：「我2018年之前就一直在拍電視劇，2019年的時候，希望可以任性一點做自己想要的選擇，所以拍了很多部電影。」

在事業上交出亮眼成績單，但與此同時，鈞甯也不斷地直面自己的心。或許是因爲年齡，或許因爲身邊好友紛紛結婚、生子，進入人生的另一個階段，她說：

「真的想要作出一點改變，單純地爲自己而活。會開始很認真地思考人生規劃，說實在話，我也不知道會拍多久的戲，所以希望有好的作品。」

學孩子的純粹看世界

本來就預計今年要好好休息，從過年後，鈞甯就跟家人一直待在台北，也有時間跟姊姊兩歲的小女兒相處，這段平常沒有的經驗，讓她直呼真的很不同。

小朋友會讓你有很多很新奇的體驗，對很多事情都重新感受一次，也會反思自己的耐心和價值

觀。舉個例子，有天早上起來，她很開心地在唱歌跳舞，她媽媽就問：『百百你在開心什麼，怎麼這麼快樂』，然後她就繼續唱歌，沒有理我們。那個時候，我突然體悟到，其實每個人每天都應該開心，不需要特別的理由。長大之後好像不開心變成常態，開心一定要有個事件，小孩子不需要，我們的人生也不需要。」

鈞甯說，這段短暫休養生息的時間，從小朋友身上學到很多，從跟他們對話、教他們的過程中，也在訓練自己的耐心和氣度。

「我常會在生活中有點挫折時怪罪別人，覺得，欸你爲什麼不懂，但當你可以把自己歸零，變得像孩子一樣單純時，看法會不太一樣。」

不服輸的精神

曾在許多雜誌專訪時提到自己是個不服輸的人，鈞甯說自己的不服輸，關於是否經歷過程。

「如果你已經盡力，但當事情不盡如你意時，可能會遺憾，但不會後悔。我不服輸的個性是不想讓自己後悔，所謂的極限都是我們給自己的，活得越久，越會覺得事物沒有極限，所謂的極限都是心理上的。」

鈞甯說，當你看見的事情越多、越廣的時候，越能感覺自己的渺小，對很多事情就會珍惜感謝。「人生絕對不輕鬆，努力在耕耘某件事情的時候，一定會痛

苦，就像練吉他的手就是會痛，但痛過之後就能創作出美好的音樂。人生就是有捨有得，但我相信所有需要結的果，一定都要有相對努力的付出。」

處女座的她更不諱言自己總有拼命三郎的精神，當我問起，妳做什麼事情都會全力以赴嗎？她笑著回答：「當然是，不然爲什麼要做？我們的時間太少，很多想做的事都必須選擇，要投入時間，不管工作或者關係都需要經營。」

身爲女人的閃耀

耀眼如她，覺得自己最發光的時候，並不是五光十色、華麗眩目的時尚場合或頒獎典禮，而是花了很多時間，盡心盡力地作了一個表演，一個鏡頭走了二、三十遍的時候。「我喜歡在創作的時候，所有人一心完成一件不真實存在卻真實的事情，最感動的是所有人的信念，大家一起在拍攝現場，讓這件假的事情變成真的，是一個很魔幻的時刻。」

鈞甯也聊著，身爲女人最難的就是做自己，年紀越大有越多身份，要成爲一個好女兒、好太太、好媽媽，在這樣的過程中，就會妥協了自己。「不管你是哪種角色，永遠都不要忘記這些角色賦予在你本人之上。年輕一點的女生，更需要花點時間找到自己是誰、做

什麼事情會開心，你自己開心的時候，身邊的人就會開心，那就是女人最美的時刻。」

她也很感恩在某些時刻，一些女性粉絲因爲聽到因爲她的分享，而讓得到人生的一點力量，鈞甯說：「我還不太知道自己的人生功課，但可能就是要很努力的活著吧，讓大家知道女生可以活得很好。如果我說的一句話、做的一件事，可以讓一個人的生命激起一點漣漪，那就是最感恩的事情。」

平實而幸福的生活

而大家最好奇的感情世界，鈞甯也坦然回答以對，「我一直沒有特別憧憬婚姻，但是現在會覺得，如果能跟一個伴侶共同經歷所有好與不好的，還願意留下來白頭到老，這件事情很美。如果跟一個人的愛很長久，共同療癒對方受傷的部分，相信對方是愛你的，不會刻意傷害你，然後再昇華、再改變，我覺得這個歷程也蠻好的。」

分享著小姪女抱著我說愛你的片刻，或是早上跑跑步、晚上慰勞自己，喝杯紅酒，點個香氛蠟燭的時光…，生活的點滴都是養分。等待著那個對的人，她不著急，也不惶恐，坦言有凍卵念頭的她笑著說：「不知道自己的身體還能不能讓我撐一下，但，總覺得還有一兩年啊，說不定快遇到了。」

兩週內1000萬人失業 美國經濟遇上大麻煩

(綜合報導)不少經濟學家估計，疫情將使10年來持續穩健的美國就業市場陷入前所未有的危機。不過，也有分析人士認為，本次失業潮的成因與“大蕭條”和2008年經濟危機都不同，在疫情消退之後，美國經濟或可能出現“反彈”。

1000萬！這是新冠疫情影響下，美國兩週內丟掉工作的人數。

據美國勞工部公佈的數據，3月15日至3月21日以及3月22日至3月28日這兩週，首次申請失業救濟人數分別為330.7萬人和664.8萬人。

在疫情暴發前，這一數據的最高紀錄為1982年10月的69.5萬人。

這一數據代表了什麼？誰是最大受害者？美國經濟遇到的麻煩有多大？請看新華社記者的報導。

這個數字代表了什麼？

在美國，當一個勞動者失去工作，在滿足一定條件的情況下，向政府部門申請失業救濟，就被統計在“首次申請失業救濟人數”內。如果他接受救濟時間超過一周，那麼從第二週開始，這個勞動者即被認定為“持續申請失業救濟者”。

按照美國勞工部的說法，“首次申請失業救濟人數”體現了最新失業人數，而“持續申請失業救濟人數”則側重體現領取失業救濟的總人數。

因此，連續兩週，首次申請失業救濟人數分別為330.7萬人和664.8萬人，即表明在這兩週內，美國有至少995.5萬人失業。

據美國媒體報導，受疫情影響，3月下旬以來美國經濟活動“停擺”更加明顯，仍有不少人沒來得及或未能登記申請失業救濟，因此預測未來幾週內“首次申請失業救濟人數”仍將保持高位。

值得一提的是，“申請失業救濟人數”和統計失業率時所採用的失業人口計算方式不同，因此，美國政府將於當地時間4月3日公佈的3月份失業率數字也同樣值得關注。

失業人數為何瞬間“爆表”？

分析人士指出，導致大量美國人失業的直接原因是新冠疫情不斷蔓延，以及美國政府為應對疫情所發布的“居家令”等措施。

此外，美國政府頒布2萬億美元財政刺激計劃擴大了失業救濟的覆蓋面，讓更多獨立承包商和個體經營者得以享受併申請失業福利，客觀上也推高了數據。

整體來看，小企業由於現金儲備少，疫情衝擊下會更快裁員以減少成本。北卡羅來納大學凱南-弗拉格勒商學院的研究人員估算，3月份可能多達660萬小企業員工遭解僱。

美國自動數據處理公司4月1日公佈的數據顯示，3月份，員工規模在1人至49人之間的小企業總計削減9萬名員工，中大型企業反而增加6.3萬名僱員。

除了中小企業，低收入群體也是受衝擊的主要群體。低收入者多數靠“打零工”謀生。在疫情引發的停工潮中，這一群體無法像銀行、政府部門等機構白領一樣居家辦公，一旦被迫“居家”，就等於斷了收入。

因此，本輪失業潮會使得經濟不平等進一步加劇，而這種衝擊需要很長時間恢復。

美國政府的兩萬億美元財政刺激計劃，算譜嗎？

前不久，美國政府通過了兩萬億美元的財政刺激計劃，其中部分資金將用於救助失業人口，讓失業救助金每月增加600美元。

據美國媒體報導，這筆資金距離發放到失業者手中，仍需一段時間。

美國就業市場研究專家米歇爾·艾夫莫爾表示，一般情況下，失業者在申請失業救濟後兩至三週後才會開始收到失業救濟金。但在當前情況下，許多州無力處理暴增的申請數量，因此失業者往往需要等待更久，甚至達到一個半月。

紐約州長科莫日前就承認紐約州政府無力應對如此大量的失業救濟申請，還說由於訪客過多，申請救濟網站不斷宕機。

這麼多人失業對美國經濟影響有多嚴重？

對於短期內如此大量勞動者失業，不少經濟學家都直呼“可怕”。

畢馬威首席經濟學家康斯坦絲·亨特表示，美國就業市場萎縮速度和幅度前所未有，是美國經濟“大蕭條”和大衰退期間都沒有出現過的狀況。她預計未來幾周美國還將有數百萬人申請失業救濟。

專門研究就業市場的經濟學家海迪·希爾霍爾茲預計，截至7月份，美國將有2000萬人失業，遭遇上世紀初“大蕭條”以來最嚴重失業狀況。

美國財政部長史蒂文·姆努欽3月中旬就警告說，按照最壞情況估計，疫情可能導致美國失業率飆升至20%。雖然總統特朗普說“絕對到不了這個數”，不少經濟學家估計，疫情將使10年來持續穩健的美國就業市場陷入前所未有的危機。

不過，也有分析人士認為，本次失業潮的成因與“大蕭條”和2008年經濟危機都不同，在疫情消退之後，美國經濟或可能出現“反彈”。

在紐約市民無助的恐懼中 病毒快速而兇猛的控制了這座城市

(綜合報導)美國著名媒體紐約時報，刊發了一篇精彩的特寫，描繪了疫情下的紐約市民生活，全文約兩千300字，文字生動而憂鬱。

紐約市住房管理局的一名退休人員在他的流水賬上劃勾，前妻生病了，女兒生病了，三個老朋友死了。

在皇后區，一位年輕詩人得知一位朋友的父母住院了，其中一人靠呼吸機維持生命。

一周以前，來自布朗克斯區帕克切斯特的蒂娜·帕森還對家庭情況非常的樂觀，在人們眼裡，她是一位自豪的母親、姐姐和阿姨，但是現在一切都變了。

“我的侄子病了，他28歲了，”她說。

她說：“我28歲了的侄子，他和他的女朋友，都病了。我弟弟已經46歲了，她也感染了，她的兒子馬庫斯才18歲，與南卡羅來納州的親戚在一起，在那裡他發燒和咳嗽。”

她補充說：“但是他在外面割草，我告訴他這是過敏。”

蒂娜·帕森說得很用力，似乎希望這是真的。

紐約市民開始陷在無助的恐懼中。最近幾天，冠狀病毒以令人眩暈的速度和兇猛程度真正控制了這座城市。

1500多人死亡的情況下，許多人已經失去了他們生活圈子裡的一個人——同事、高中時的老朋友、孩子同學的家長、教區牧師，也可能是樓上年長的鄰居，甚至是母親、父親。

現在幾乎每個人都知道有人生病了。

數字說明了一切：紐約市有近11萬例冠狀病毒感染確診病例。但實際情況要糟糕得多。

——一項針對其他國家病例的研究顯示，被感染的人數可能比被檢測出呈陽性的人高10倍，這可能使該市的實際感染人數接近50萬。據信，要達到頂點還需要幾週的時間。

相反，不斷增長的感染數字，讓這個擁有800萬人的大都市裡沒有那麼多的私人空間了。這就好像有一個微小的敵人，曾經有一段時間這個敵人對許多紐約人來說只是個抽象的概念，是在其他地方發生的事情，現在卻似乎正在逼近。

它的到來，伴隨著現在持續不斷的救護車警報聲。

在這一週，整個城市都感受到了病毒的真正肆虐。

“在病毒面前人人是平等的，”紐約州州長科莫週二在新聞發布會上說。“我不在乎你認為自己有多聰明、多富有、多強大。我不在乎多年輕，多老。”

對許多人來說，本週規則突然改變了。

“他們會說，那些免疫系統有問題的要麻煩了，”27歲的詩人兼作家馬爾貝拉說。

“現在呢，大家都像蒼蠅一樣往下掉。”

這個變化的速度快得讓人感覺不真實。

一個月前，在曼哈頓參加百老匯演出前享用晚餐的人，今天可能生病、悼念家人、失去工作，或者以上種種都發生了。

除了成千上萬的人失去了親人的9月11日，幾乎沒有什麼可以與之相比，但911是可怕的一天，發生在一瞬間。

於是有些人追溯到更早的時候，用第二次世界大戰、1918年西班牙大流感或更早時期的悲劇來比較。

“這就像14世紀從英格蘭來的瘟疫，”67歲的馬克斯·德巴羅斯說，他住在布魯克林的格林堡。

這確實是一場瘟疫，不僅在街頭上演，在網絡上也一樣。人們發現自己的老朋友或者是朋友的朋友的各種Facebook賬戶和Twitter賬戶，不斷的有個人的悲劇發生。

起初，她對疫情暴發的可能性持懷疑態度，“感覺像是在散佈恐慌”，現在，她通過冥想和遛狗來尋找緩解焦慮的方法。

“我必須監控自己閱讀和滾屏的時間，”她說。

另一種應對方式也在城市中出現。36歲的奧雷里奧·阿吉拉爾在紐約下東區的一家雜貨店工作，他喝的是生薑、檸檬和搗碎的大蒜的混合物，這是他祖母用來增強免疫系統的配方。

不僅僅是大城市的美國人，所有的美國人都感受到了冠狀病毒在他們生活中的到來。一項民意調查顯示，13%的人已經被感染或者知道自己身邊有人被感染，60%的人擔心自己會生病。

對於居住在布朗克斯區的59歲的哈珀來說，冠狀病毒是一個抽象概念，直到有消息傳來，她在長島市的家庭教會成員開始生病。

然後，她姐姐開始咳嗽，而且咳個不停。

她的姐姐檢測結果呈陽性，幾天前住進了蒙特菲奧里醫療中心。“我開始害怕可能再也見不到她了，”哈珀說。

她打了電話，但許多天她姐姐的喉嚨痛得幾乎說不出話來。

“她看著周圍的人，很多人比她病得厲害

，”哈珀說。“她可能認為她也有可能病得那麼重。”

不過相反，她康復了，並出院了改到家中隔離。

其他家庭的情況要糟糕得多。

60歲的安傑洛·阿爾斯通是紐約市房屋管理局的一名退休員工，他說，“我認識的一些人都生病了。”

“我的前妻，我的女兒。我在喬治亞州長大的一個朋友去世了，和我一起長大的另外兩個朋友也去世了。”

幾年前，他搬到了賓夕法尼亞州，但在他的繼子死於非病理性疾病後，他又回到了這座城市。無論何時，這都是一個可怕的悲劇，但現在又變成了很有危險的事情，家人不得不回到了這座病毒城市，要求收回遺體。

“我想離開這裡，”他說。

在格林堡，35歲的布萊爾史密斯已經在和一個生病的親戚打交道，這時她遇到了一個鄰居，告訴她一個他們都認識的雞工喬治的壞消息，他剛剛去世了。

“哦，天哪，”她說。“這就像你在看著一場風暴，你只能等待它真正來到你身邊的那一刻。”

44歲的迪翁·法里亞來自貝德福德-斯圖文森，當他被迫關閉位於太平洋街的俱樂部時，與其說是害怕，不如說是惱火。隨著Facebook上朋友的朋友一個個生病，以及一段關於屍體被裝入市醫院外冷藏卡車的視頻在網上瘋傳，他發現自己開始想像疫情之後的情景。

“希望門開了，”他在門廊上說，“我們都回去生活。”
